DR. KNIGHT'S
**HAIR DRESSING.**

A dressing for Children's Hair, which can be used without fear of injury to its growth or texture, has hitherto been unattainable. Most, if not all, of the Hair Dressing heretofore sold at the drug stores are composed chiefly of oil and alcohol—ingredients which are antagonistic to the life of the hair.

KNIGHT'S HAIR DRESSING
contains neither oil nor alcohol, is purely vegetable in its composition and is the most perfect Hair restorer and invigorator that has been made available to the public. Persons whose hair has been thinned by sickness or age should give this preparation a trial, with the assurance that a luxuriant growth of hair will result, unless the roots are dead, when such an effect is impossible.

KNIGHT'S HAIR DRESSING
is an elegant preparation, exquisitely perfumed, inclines the hair to curl, will not soil the skin or any other article of apparel, and is fast superseding the pernicious articles which have so long deceived a credulous public.

**$1.00 PER BOTTLE.**

FOR CHANGING GREY OR FADED HAIR TO ITS ORIGINAL COLOR,
DR. KNIGHT'S
**ORIENTAL HAIR RESTORER**
should be used, and is the only preparation for that purpose upon which the public can rely with confidence.

KNIGHT'S ORIENTAL HAIR RESTORER
☞ What the Press says, and what the people know.

KNIGHT'S ORIENTAL HAIR RESTORER
restores grey and faded hair to its original color.

KNIGHT'S ORIENTAL HAIR RESTORER
Removes Dandruff and cures Nervous Head ache.

KNIGHT'S ORIENTAL HAIR RESTORER
prevents the hair from falling off, and promotes its luxuriant growth.

KNIGHT'S ORIENTAL HAIR RESTORER
is the only preparation of the kind that performs all its promises.

KNIGHT'S ORIENTAL HAIR RESTORER
acts directly upon the roots of the hair, and the effects are speedy and permanent.

SAVANNAH, GA., Feb 4, 1866.

Dr E. R. KNIGHTS, Melrose, Mass.

Dear Sir,—I am happy to inform you that the use of one bottle of your Oriental Hair Restorer has restored my hair, which was nearly white, to its original brown, and it is soft and glossy as in earlier days. Dr. Walsh tells me that it is the only preparation of the kind that is worthy of confidence.

Gratefully yours,
MRS. A. D. LAMAR.

The New York *Tribune* says: "The reason why Drake's Plantation Bitters are so universally used and have such an immense sale is, that they are always made up to the original standard, of highly invigorating material and of pure quality, although the prices have so largely advanced," &c.

The *Tribune* just hits the nail on the head. The Plantation Bitters are not only made of pure material, but the people are told what it is. The Recipe is published around each Bottle, and the bottles are not reduced in size. At least twenty imitations and counterfeits have sprung up. They impose upon the people once, and that's the last of them.

The Plantation Bitters are now used in all the Government Hospitals, are recommended by the best physicians, and are warranted to produce an *immediate* beneficial effect. Facts are stubborn things.

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.
"REV. W. H. WAGGONER, Madrid, N.Y."

"* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use. Thy friend,
"ASA CURRIN, Philadelphia, Pa."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.
"REV. J. S. OATHORN, Rochester, N.Y."

"* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.
"SYKES, CHADWICK & Co.,
"Proprietors Willards's Hotel, Washington, D.C."

"* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect. G. W. D. ANDREWS,
"Superintendent Soldiers' Home, Cincinnati, O."

"* * * The Plantation Bitters have cured me of liver complaint, with which I was laid up prostrate and had to abandon my business.
"H. B. KINGSLEY, Cleveland, O."

"* * * The Plantation Bitters have cured me of a derangement of the kidneys and the urinary organs that has distressed me for years. It acts like a charm. C. C. MOORE, 254 Broadway."

"NEW BEDFORD, Mass., Nov. 24, 1863.
"DEAR SIR:—I have been afflicted many years with severe prostrating cramps in my limbs, cold feet and hands, and a general disordered system. Physicians and medicines failed to relieve me. Some friends in New York, who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine-glassful after dinner. Feeling better by degrees, in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters.
"Respectfully, JUDITH RUSSEL."

If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq, of 159 West 15th St., N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but that she has taken Plantation Bitters for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, sauey and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them. They speak for themselves. Persons of sedentary habits, troubled with weakness, lassitude, palpitation of the heart lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these bitters.

Every bottle for exportation and sale out of the United States has a metal cap and green label around the neck.

Beware of re-filled bottles. See that the cap has not been mutilated. Any person pretending to sell Plantation Bitters in bulk or by the gallon is an imposter. We sell it only in bottles.

Sold by principal dealers throughout the habitable globe.

P. H. DRAKE & CO.,
New York.

## NOTICE!

### Port of Charlottetown.

### Sanitary Precaution.

THE Mayor and Board of Health direct the early and serious attention of the owners and Masters of Vessels, sailing from this Port, to the prevalence of CHOLERA and SMALL POX, in some of the Ports and Places with which this country holds commercial and travelling intercourse, and earnestly request them to exercise more than ordinary care in thoroughly cleansing and purifying their Vessels before going to sea.

It is well known that Cholera and Small Pox are conveyed from country to country in the track of maritime commerce, and that Cholera generates and spreads, most rapidly and fatally, in conjunction with putrid exhalations from decaying animal or vegetable substances; and most especially from exposure to the dejections of infected persons, however early the stage of the disease; there cannot, therefore, be too much attention paid to cleanliness in every person and every department of the vessel throughout the entire voyage

Should death occur from Cholera or Small Pox, prudence requires the immediate burial of the corpse, with the bedding and contaminated clothes, and a thorough cleansing of the berth, &c. By no means bring any part of the worn clothes home, or to land, in any form or package whatever.

To be careful to engage no person, as part of the crew, but who has been duly Vaccinated or had the Small Pox. Neglect of this will render such person liable to fine or imprisonment.

The particular attention of Masters of Vessels is called to the Quarantine Act "to prevent the importation and spreading of infectious diseases within this Island," especially to the first and second clauses, which require (under very heavy penalty) that all Vessels having infectious diseases on board, or having had death from infectious disease during the voyage, or coming from any place infected with such distempers at the time of her departure, shall not enter the harbour of Charlottetown, beyond the confluence of the Three Rivers, until they have been inspected by the Health Officer. It is further recommended that all Masters of Vessels do make themselves well acquainted with the provisions of that most important Act, which may save them from very heavy expenses and penalties, and the Public from imminent danger.

The Health Officer has been instructed to visit and inspect all Vessels arriving at this Port from any Port in Europe or in the United States of America, or from any Port or place where Cholera or other infectious diseases may be known to prevail.

T. H. HAVILAND, Mayor,
Chairman Board of Health.

## TENANT LEAGUE.

*(Continued from the Examiner of the 14th inst.)*

Hon. Mr. COLES. The hon. member from Tryon ought to understand, that the amendment before the Committee does not mean that the Government ought to have sent for the Troops sooner. It only means that, had they, at an earlier period than they did, had recourse to a more energetic exercise of the civil power, the disturbances would have been prevented, and consequently there would have been no necessity for sending for the Troops.

Hon. Mr. DAVIES, in a few words, explained—in accordance with previous statements of hon. members of the Government—what had been done by the Government for the repression of the Tenant League movement, and the prevention of disturbances, before they felt themselves compelled, by the force of circumstances, to recognize, and act upon, the necessity of calling in the aid of the Troops; and concluded by observing, that, had they (the Government) carried the exercise of the civil power, for the support of the law, to a greater extent than they did, the outcry raised against them, on that score, by members in opposition, would, he verily believed, have been still greater than that in which they now so freely indulged concerning the bringing in of the Troops.

Hon. Mr. COLES
