REV. LORD DOUGLAS arrived at Ottawa on the 6th, with forty young emigrants.

The Charlottetown Land League meets on Monday evening, in St. Patrick's Hall, at half past seven o'clock.

DR. SCHULTZ, Conservative, has been elected for Lisgar. This gives a return of the Conservatives to one Grit for Manitoba.

THE Rev. J. A. Murray, London, Ont., will preach (D. V.) to-morrow evening, at 6.30 o'clock, in the Prince Street Presbyterian Church.

THE celebrated "Una" left today for the I. of Shoals. The yachtmen were entertained by the Stipendiary Magistrate yesterday evening.

THE Toronto World says four of its delivery boys use bicycles in their rounds, and that the bicycle boy delivers one hundred papers while the boy on foot is delivering fifty.

THE recount in Queen's County was adjourned yesterday until this afternoon at 4 o'clock, when Judge Alley will hear arguments on both sides. His decision will probably not be given before Tuesday.

A FRENCHMAN, having with him two trick bears—one a grizzly—arrived in the city last evening, to give street exhibitions. The Magistrate interfered, on account of the grizzly being somewhat ferocious, and ordered the exhibitor to secure a building for his miniature circus.

WE deeply regret to observe the death of Mr. Geoffrey Ruel, at the early age of 33 years. Mr. Ruel spent a year in this Province, experimenting with an improvement in railway cars, which proved very successful, and during his stay here he made many friends, who will grieve to learn of his premature decease.

OVER \$6,000 worth of leather was shipped to England last month from the Campbell Tannery, Pictou. The English trade is only a small part of the business of Messrs. Campbell. Coal, leather, potatoes, building stone and eggs, in the order named, are the chief articles of exports from Pictou to foreign parts. The values this year have been very considerable.

DR. A. R. DUNCAN returned home on Friday last from the United States after a successful course of three years studying medicine, in the Universities of Pennsylvania and Vermont, from the latter of which he obtained his degree. The University of Vermont is, we believe, one of the few American Medical Colleges which are recognized in Great Britain. We congratulate Dr. Duncan, and wish him continued success.

A CURIOUS experiment, according to the Paris newspapers, has recently been made with wine in that city. A current of electricity was passed through a small cask of sour wine, and at the end of a few days the wine was found to be greatly improved in quality, and to have acquired that flavor which has hitherto been supposed to come of age. It is said that the discovery of this new maturing process is owing to the accident of a thunderstorm having greatly improved a cask of bad wine in the cellars of a vintner of Carcassonne.

In the Monte Building, Larimer street, Denver, Col., is located the office of Mr. F. A. Park, extensively engaged in coal mining. In Mr. Park's opinion, St. Jacobs Oil is an exceedingly valuable article for rheumatism, which finally required the use of an external remedy. Deciding upon St. Jacobs Oil, she used it with such gratifying success that she would not be without it for anything, and considers it a household panacea.

THE Rev. Dr. Young, of Emerson deputation to the Nova Scotia, New Brunswick and P. E. Island Conference, is expected to arrive in this city to-night, and will preach in the Methodist Brick Church to-morrow, at 6 1/2 p. m. Dr. Young is the Rev. gentleman who put his own life in peril in endeavoring to rescue Mr. Scott out of the hands of the notorious Louis Riel, and failing to do so, knelt in the snow beside the unfortunate man, and prayed with him just previous to his being shot.

SUPREME COURT.—To-day the Court is engaged trying a case between Dr. Robertson, of Crapaud, and George Howatt, of the same place. It is an action founded on dealings extending over years. The most important case tried this term was the Trainer-Wright case. Our readers will remember the falling of the front of the brick building, on Prince street, owned by Mr. Wright, when a man named Trainer was killed. The recent suit was brought on by the heirs of the deceased to recover damages. The law appears to be very strong against owners of unsafe buildings, and the only question that appears to have been left to the jury in the present case was the quantity of damages. The jury found a verdict of \$550—\$350 for the widow and \$200 for the son.

WE have had placed on our table a small pamphlet intitled "Engineering Notes in Ceylon," a paper read at a meeting of the Institute of Civil Engineers, Ireland, on the 7th June last by H. F. A. Robinson, Esq., M. Irish, C. E. I., Inspector Board of Public Works, Ireland, and late Superintendent Officer of Public Works Department, Ceylon. It is a very interesting paper, and gives a good description of the country, workmen, roads, and method of working. We notice that the gauge of the road is five feet six inches that not only wood is used for fuel, but coal is imported from England, that the salaries of drivers and conductors range from \$1000 to \$1,500 a year, and that a tender for a branch line has recently been accepted for over \$115,000 per mile. Game bounds, and in nearly every coffee district there is a pack of harriers or elk hounds. Snipe may be bought for 49 cents a dozen. The highroads are made at a cost of \$15,000 per mile, on account of the cuttings. Mr. Robinson was Private Secretary to his uncle the present Sir William Robinson, when Lieut.-Governor of this Island, and is well known to our citizens.

Go to the Academy of Music next Thursday evening.

MISSES J. WINSLOW JONES, E. Blake and W. P. Horne, of the Portland Packing Co., are at the Rankin, having just returned from the Magdalen Islands. They contemplate largely extending their business on the Island this season.

What Grit expedition in these days of steam and electricity!!!

THE shipments of cattle and sheep from Montreal last week were larger than the combined shipments from New York and Boston, viz.: 832 cattle and 2931 sheep from Montreal and 720 cattle and 800 sheep from New York and Boston. Liverpool took 830 cattle and 1710 sheep, or more than one half the total London coming next with 391 cattle and 933 sheep.

AGAIN we are to have the old favorites back. Healy's Original Hibernica with all his best people, including Bryan O'Lynn at Academy of Music on next Thursday, Friday and Saturday evenings, and Grand Matinee on Saturday afternoon. Read what the Montreal Transcript says of the Company:—

"Healy's Hibernica, with O'Lynn's Comedy and Specialty Company, gave another of their very enjoyable entertainments, to a good house, in Ruddick's Hall, last evening. Bryan O'Lynn was inimitable in the drooleries, songs and dances and dialogues of the character role, and kept the house in roars of laughter with his thoroughly Irish characterizations. He was admirably supported by Annie F. Irish, who, as 'Kitty O'hea,' was the complete, humorous, musical and terpsichorean counterpart of 'Barney.' The Yankee character of 'Zach Cobb,' was in make up and impersonation, capitally taken by Harry F. Hall, while Frank Duffy was a thorough-going and most amusing Dutchman, in the character of 'Leopold Shtritz.' May Millard, in the less important part of 'Dolly Cobb,' left nothing to be desired. The company will receive a warm welcome on their return to Moncton at any future day."

Popular prices, 25, 35, and 50 cents. Tickets on sale at usual places.

In chamber hushed in death's array,  
O or friends in silence pass away,  
How insubstantial earthly joys!  
No footing firm beneath the skies!

Pace to our friend in charity,  
Here we no more his face may see,  
In bonds of friendship close a lid,  
Like brothers walked we side by side.  
Long felt on earth the gathering gloom—  
Investment of the silent tomb;  
Perchance ourselves, for aught we know,  
Shall be the next to feel the blow.

In weariness and trouble born,  
Rest till the resurrection morn.  
Vast is the love of God Most High,  
In every place both earth and sky—  
No more, though faith's beam eye be dim,  
God loveth those who trust in HIM.
