

Embezzlement by a Trade Secretary.

A COMPOSITOR WHO CUTS HIS STICK AND FAILS TO MAKE UP PROPERTY.

John Crozier, compositor, Toronto, who is the Secretary of the trade society there, has fled the town with \$115, the money of the association. The culprit had a capital character, but when it was found that he was to the bad in his accounts enquiries were set on foot, and it was then seen that although he was a married man with four children, a church member and Sunday-school superintendent, he had taken a house for another woman with whom he had been cohabiting under the name of Andersen. It was to keep on this second establishment that the robbery was committed. Further investigation showed the scamp had induced his aged mother to give him power over \$450 she had in a bank, and this he appropriated; then he got a Mr. McNab to endorse a note for him for \$50, telling him he had lost the money of the society and wished to make it good; afterwards he borrowed \$20 from a fellow workman, and is now suspected of having robbed another of \$35. Besides getting hold of this cash (\$635) he has left somewhere about \$100 to be paid at some other time while his family are destitute. When asked by his friend who had seen him go to his paramour's house what he went for, he replied that lady was ill and he had been asked by the pastor of the church to visit her. She says she does not know where Crozier is gone to. It is stated that he is about 35 years of age, red whiskers and five feet seven or eight high. Printers in the country are warned against him.

The Ottawa Citizen says the Customs Department are taking active measures to put an end to merchants entering goods under value. In one case in that city they have confiscated a large consignment of glassware, and in addition to this, imposed a fine of \$200. The same firm is also in trouble with the Inland Revenue Department for a violation of the law as regards the standard of coal oil. Two barrels of the illuminating fluid, which do not stand the test, have been confiscated.

The Alpha, the pioneer steamer of the new line between Yarmouth and the West Indies, sailed from the former port Thursday last for Bermuda, St. Thomas, St. Kitts, etc. She had a full cargo of produce and various articles of merchandise, comprising in all about 2,500 barrels, and 20 passengers. Mr. E. F. Clements, her owner, also took passage to arrange the business of the line in the various ports at which she will call. Much interest is taken in Yarmouth and other places in this new enterprise.

A recent inventor claims to be able to make hard wood lumber from common wheat straw. The straw is first made into a pulp and then into ordinary paste-board. As many of these sheets are taken as required to make the thickness of lumber, desired, and then are passed through a chemical solution, the composition of which is not stated, and afterwards the sheets are passed through rollers and the hard lumber, impervious to water, comes out ready for use.

Counterfeit money of the Dominion Bank are afloat and only fair imitations of the genuine articles. They probably came from the United States. The paper is rough and clumsy. The signature of Mr. Taylor is not well forged and the board on the chin of Jacques Cartier is different from the true bills.

A Telephone was placed in the pulpit of an Ottawa church, on Sunday last, for the benefit of an invalid. The services, sermon and singing were distinctly heard in his bed room.

WALLACK'S ORCHESTRA.—The orchestra Theatre, New York, is famous for its extraordinary precision. This is due entirely to Thomas Baker, an Englishman who has conducted it for years. Mr. Baker used to suffer terribly from rheumatism, but now is as supple and nimble as a school boy. He ascribes his freedom, as he ought, to Giles' Liniment Iodine Ammonia. Giles' pills cure Biliousness. Sold by W. R. Watson. Send for pamphlet. Dr. Giles, 120 West Broadway, N. Y. Trial size 25 cents.

Read and Learn for Yourself.

Many valuable discoveries and much useful knowledge is kept from the world, because of the immense expense in making them known to the people. This is not the case with Beeches German Syrup, although but a few years introduced into this country, its sale now reaches in every town and village in the U. S. Its wonderful success in curing Consumption, severe Coughs, Pneumonia, Asthma, and all other diseases of the throat and lungs, was first made known by distributing every year, for three years, over 400,000 bottles to the afflicted, free of charge, by Druggists. No such a test of merit was ever given before to any other preparation. Could you ask more? Go to your druggist and get a bottle for 75 cents and try it. Sample bottles 10 cents.

LORNE HIGHLAND WHISKY.

THE ANALYTICAL SANITARY INSTITUTION, 54, Holborn-viaduct, E. C., London, Aug. 18, 1879, report on the "Lorne Highland Whisky" of Messrs. Greenlees Brothers:—
"We have visited the bottling stores of Messrs. Greenlees Brothers, at Gresham-buildings, London, and have selected from the vats, samples of their Lorne Highland Whisky, and have subjected them to careful examination and analysis. The samples were pale, showing their freedom from added coloring matter, very fragrant, mellow and of pleasant flavor; in fact, they possessed all the characteristics of pure and well-matured Scotch Whisky of the first quality."

SEMINARY FOR YOUNG LADIES.

VISITOR:

The Lord Bishop of Nova Scotia

PRINCIPAL:

The Rev. John Padfield.

THIS SCHOOL offers, at very moderate cost, the advantages of a comfortable and pleasant home together with a thorough and refined education.

The course of instruction is the same as that of the best Schools in England and is founded upon the University Examinations for Women. Eight young ladies from this School passed the Local Examination of the University of King's College in June last. This is the only School in Canada that has passed pupils at a University Examination.

The number of pupils is limited, rendering the School select, and while it possesses all the educational advantages of a large public school, each pupil is enabled to receive that individual care and oversight which is so important, and which cannot be given in a large establishment.

Mr. and Mrs. Padfield are assisted by a staff of four resident governesses, besides visiting masters.

Parisienne French is taught conversationally. There are two resident French Governesses.

References given to parents of pupils.

CATARRH.

Constitutional Catarrh Remedy CURES CATARRH.

Hear what a Reverend Gentleman says of the Constitutional Remedy.

T. J. B. HARDING, Esq., Brockville, Ont.:—
"DEAR SIR—It is now two years since your "Constitutional Catarrh Remedy" was introduced to me. I have waited this long to see if the cure would remain permanent before doing this, my duty, to you, as at first the happy effects seemed to me to be "too good to be true."

I was afflicted in my head for years before I suspected it to be Catarrh. In reading in your Circular I saw my case described in many particulars. The inward "drop" from the head had become very disagreeable, and a choking sensation often preventing me from lying long. I would feel like smothering and be compelled to sit up in the bed. My health and spirits were seriously affected. When your agent came to Walkertown in August, 1876, I secured three bottles. Before I had used a quarter of the contents of one bottle I found decided relief, and when I had used two bottles and a third, I quit taking it, feeling quite clear of that ailment, and have not used any since until of late I have taken some for a cold in my head.

A sense of duty to sufferers from that loathsome disease, Catarrh, prompts me to send you this Certificate, unsolicited, with leave to make what use of it you may see proper Yours truly,

W. TINDALL, Methodist Minister.
