

# Canada's Sales To China Boosted During Past Year

By HAROLD MORRISON  
OTTAWA (CP) — Canada's trade with Communist China doubled in 1957, but that doesn't mean it was big stuff.  
In fact total trade amounted only to about one-fifth of one per cent of Canada's trade with the United States, her top customer.  
Still, the rise was heartening to Canadian authorities, for the bulk of the increase was in wheat. Of an estimated \$8,000,000 in Canadian exports to the Chinese mainland, some \$7,000,000 was in wheat and flour.  
Now there is some concern over the 1958 trend. China ap-

pears to have recovered from poor harvests and wheat shortages. Its need for foreign wheat likely will decline this year.  
And while Canada has a lot of other goods she would like to sell, China appears to be more interested in selling than buying.  
**PUSH THEIR SALES**  
C. J. Small, Canada's acting trade commissioner at Hong Kong, took a look at China's Canton Fair last fall and came away with the impression that the Chinese were aggressive and pushing their sales.  
Writing in the trade department's Foreign Trade magazine,

he observed they "will frequently lower their prices to meet competition."  
On Friday, Revenue Minister Nowlan informed the Commons imports of Chinese textiles were "very, very substantial" in recent weeks and the government had to slap on dumping duties to boost the price of the Chinese products to those coming in from the United States.  
**POLITICAL MOTIVES**  
Other authorities here said that while China has shown some rather flighty interest in Western trade, she still directs most of her trade with Iron Curtain countries. Trade with the West appears to be based either on an urgent and vital home need of certain goods obtainable only in the West—or on possible political gain.  
The U.S. bans its industries from trading with China; Canada allows complete freedom in trade in non-strategic goods. But when China last year professed interest in Canadian trucks and Canada-U.S. differences on trade policy on this point were cleared away, Chinese interest disappeared.

## Western Allies Give Krupp Year's Extension Of Order

BONN (AP)—The Western allies have agreed to give steel magnate Alfred Krupp a year's extension from an order that he divest himself of his coal and steel holdings, and there is a possibility that the order will never be enforced.  
The original allied order had directed him to unload his vast holdings by midnight Saturday night. Now officials from the United States, Britain and France say it was likely the divestment order ultimately will be rescinded.  
Negotiators from the three allies and the West German government conferred on the case Saturday but without making a final decision to set up a commission to examine the Krupp case. The negotiators meet again Monday and are expected to announce that the commission is being organized.  
The order to Krupp and two other major German industrial combines to get rid of some of

their holdings was contained in a 1953 convention signed by the allied powers and the Adenauer government.  
**KRUPP COMPLAINED**  
Krupp has complained it would be foolish and harmful to go through with the order. As a matter of fact he now is negotiating to buy a new steel company.  
The Adenauer government is on his side—and that should be enough for Krupp and the other industrialists. Three of the members of the commission's six members must be West Germans, who are certain to back Krupp. Each of the other allies get one member.  
The French foreign office first announced in Paris that the allies had agreed to approve the extension requested by Krupp. This was confirmed by officials here.  
Bonn sources said, however, it is likely to be months before an official extension is granted by the commission, which will hold hearings on all sides of the case. In the meantime the order is merely held in abeyance.  
The original motive behind the order was to break up Germany's war-making potential. Since that time, however, the Adenauer government has become a key factor in the NATO military setup.

## More Cheques Are Cashed

OTTAWA (CP) — Value of cheques cashed in clearing centres in the January-November period of 1958 increased by 6.9 per cent to \$206,363,479.000 from \$192,989,862.000 the bureau of statistics reported Wednesday. Values rose 5.6 per cent in November.  
**TELEGRAPH COMPANIES TO U.S. GO UP**  
TORONTO (CP)—Canada's two telegraph companies—Canadian National and Canadian Pacific—have announced an increase in Canada—United States message and press rates effective Feb. 1.  
The announcement said new tariffs will increase the rates for telegrams between the two countries by an average of 8.1 per cent. Existing message rates are generally raised 10 cents per 10 words.  
The rates applying to press messages will go up pro rata. These are one-third of commercial rates for day press and one-sixth for night press.  
The board of transport commissioners' approval for the increase coincides with approval by the Federal Communications Commission for a similar increase from Western Union Telegraph Company in the United States, the announcement said.

## U.K. Aircraft Sales Increase

LONDON (Reuters) — British aircraft industry exports for 1958 totaled £154,100,962—an increase of 33 per cent over 1957—and brought the industry's post-war sales to nearly £800,000,000.  
Announcing this Wednesday, the Society of British Aircraft Constructors said that the 1958 figure accounted for about 11 per cent of the country's total machinery exports.  
During the year, there was a marked increase in dollar sales to the United States and Canada, the figure rising to £27,000,000 compared with £9,000,000 in 1957 and £19,000,000 in 1956.  
**Gas, Sulphur Plant Planned**  
CALGARY (CP) — Plans were announced Wednesday for a \$3,000,000 natural gas and sulphur processing plant in the Sixties area east of Red Deer.  
A spokesman for the California Standard Company, one of the chief operators in the Nevis field, said construction will start immediately after the spring breakup.  
The plant is designed to remove sulphur, natural gasoline and water vapor from the gas. The sulphur and natural gasoline will be sold as by-products. The purified gas is under contract to Trans-Canada Pipelines for delivery to eastern Canada.  
**AFRICAN SUGAR**  
South Africa's cane sugar industry estimated production for the 1958-59 season at a record 1,118,000 tons.  
**EASTERN GUARDIAN**  
AUCTION "45" Score Cards for sale at Guardian-Patriot Central Printing.  
Organizations using this column to promote their meetings, entertainments events etc., are requested to place their announcements in the name of the sponsoring organization.  
**MURRAY H. WINS** — The Murray Harbour girls hockey team defeated the Montague girls team 4-1 on Friday night. Gwyn McCarron scored the lone tally for the Montague girls while Velma White once again scored all four goals for Murray Harbour.

## Rev. R. Latimer Guest Preacher

MONTAGUE — In the absence of Rev. J. M. Fraser, who is convalescing following his recent illness, the guest preacher at the Sunday morning service at Trinity United Church in Montague, was Rev. Robert Latimer, assistant minister at Trinity United Church in Charlottetown.  
The theme of his spiritually refreshing sermon was "Contradiction of Christianity" and his text was from Mark 5:7: "What have I to do with Thee, Jesus. Thou Son of the most high God? I adjure Thee by God, that thou torment me not!"  
The choir sang the anthem "Walk On" with Mrs. Douglas Coffin taking the solo part. Congregational hymns sung were "Around the Throne of God in Heaven", "O Sing a New Song to the Lord", and "Jesus Keeps me Near the Cross". Mrs. D. M. MacDonald presided at the organ.  
The service closed with the benediction.  
**Big Crowd Sees Combines Bump Bison Bombers**  
MONTAGUE — The Annandale Combines defeated Montague Bison Bombers 8-3 at Montague on Saturday night before one of the largest crowds of the season.  
The game was fast and rugged and although the Bombers went down to defeat they were in there fighting all the way.  
On Thursday night at Souris the Combines also defeated the Bombers by a score of 11-8.  
Many fans are looking forward to the intermediate B play-offs between the Combines and Bombers which will begin at Montague on Tuesday night.  
This will be a three game series, the first game Tuesday night at Montague and the next game at Souris on Thursday night and if need be the final game at Montague on Saturday night.  
Goals scored by Annandale on Saturday night were by Peters, Jenkins, Paquet each netting two, MacDonald and Duffy each one. For Bombers, Poole 2, and Sullivan.

## Funeral Today Of F. MacPhail

Funeral services for the late Foster MacPhail, 41, of Argyle Shore will be held this afternoon at the Cutcliffe Funeral Home at 2 p.m.  
Mr. MacPhail passed away at the Prince Edward Island Hospital Friday night following a fall on Tuesday at Cornwall in which he suffered a fractured skull.  
Interment will be in the Argyle Shore Cemetery.  
Coroner Dr. L. E. Prowse said last night that no inquest will be held.  
Mr. MacPhail is survived by his wife, the former Doris Good and two children. There are also three sisters Mrs. Arthur (Vina) Howatt, Mrs. Jack (Irene) MacMillan, both of Cornwall and Mrs. Elair (Irma) Hackett, Charlottetown; three brothers, Gordon, Halifax; Murchison Toronto and Colin, Cornwall.  
His parents Mr. and Mrs. Malcolm MacPhail and a brother Chester predeceased him.

Open 8:30 to 10

## NOTICE

From the Mayor, Town of Montague to Voters, regarding Civic Election in Ward 2, February 3rd, 1958.  
All persons eligible should vote for the three Councillors that they favor to protect their interests during the coming term of two years.  
The former administration has kept town taxes at the lowest possible level. The policy, "Pay As You Go", is in my opinion what the greatest majority of tax payers desire. No one wants to be taxed out of their home and we all wish to see improvements without going into debt.  
When voting for your three candidates give this your consideration, and may you make a wise decision.  
In the past, I have given my best effort for Montague and will continue to do so in the future, with your cooperation.  
Our motto "Why Follow When You Can Lead".  
BRUCE HOLMES YEO, Mayor  
Town of Montague.

## ITCH STOPPED IN A JIFFY

Very first use of soothing, cooling liquid b.D.D. Prescription positively relieves raw red itch—caused by eczema, rashes, abrasion, chafing—other itchy troubles. Greaseless, stainless. The trial bottle must satisfy or money back. Don't suffer. Ask your druggist for B.D.D. PRESCRIPTION.

## HIGH SOCIETY HILARITY

SHOWS 3:30-7-9

REPRESENTATIVES of the various Hi-Y Groups whose members were inducted in an impressive service at the Kirk of St. James, Sunday evening.

Front row (induction team), left to right, David MacPherson, Andrea Duvar, Dave Mills, Carol Hogan, Presto Wotton, Norma Duvar, Center, Claudia Bryenton, Shelley Huestis, Anne Storey, Margaret Clarke, Jane Hogan. Back row, Patsy Shaw, Allan McDougall, Allan Rodd, Billy Jardine, Ralph Beaton, Judy MacRae.

## Large Number Of Teenagers Are Inducted Into Hi-Y Clubs

The Kirk of St. James presented an unusually impressive and inspiring scene last evening when almost 100 teenagers were inducted into the Hi-Y clubs of the Charlottetown YMCA in a candle-lighting ceremony in the presence of 200 Hi-Y members and a large congregation.  
The service was conducted by the minister of the church, Rev. T.H.B. Somers, who in a stirring message on the theme: "A Young Man, A Young Woman, After God's Own Heart." Mr. Somers pointed out some of the joys as well as pitfalls of growing up.  
Directing the induction ceremony was a team of Hi-Y leaders, consisting of Carol Ann Hogan, Norma Duvar, David MacPherson, Preston Wotton, Andrea Duvar and David Mills.  
The large group of inductees are members of the 11 Hi-Y Clubs of the YMCA now comprising 212 members of ages 14 to 18.  
These young people engage in mid-week activities at the "Y" and have as their avowed purpose: "To create, maintain and extend, in the home, in the school and throughout the community, high standards of Christian character."  
Some of their aims are: "Christian thought, action and leadership and clean speech, sportsmanship, and scholarship."  
A youth choir comprised of Hi-Y members under the direction of Miss Lillian MacKenzie led in the music of the service.  
The service was the first of a number of special functions to be held during the next two weeks with the accent on Christian youth.

## Report Wonders How The Poorer Families Exist

HALIFAX (CP) — A Provincial Health Department report released Saturday wondered how families in the depressed areas of Nova Scotia manage to secure even the staple foods required to sustain health.  
It named the mining towns of Springhill, Pictou, Westville, Stellarton and in Cape Breton as depressed areas. All have been hard hit by closing coal mines.  
The report said food costs in the province have risen "alarmingly high." Costs have climbed five per cent in the last 16 months, and 16 per cent since 1955.  
The cost of living varies across the province. For example, the report says, the weekly grocery bill for a family of five in Truro comes to about \$20. But in depressed Pictou County the bill would be more than \$21.  
Johnson was sentenced last week to three years for possession of stolen goods. MacIsaac drew two years for breaking and entering.

## Pair Escape Halifax Jail

HALIFAX (CP)—Two men who escaped from Halifax County Jail were still at large Sunday night.  
Carl Einer Johnson, 22, and Earl Lawrence MacIsaac, 23, were awaiting transfer to the Maritime penitentiary at Dorchester when they overpowered jailer Ronald Mitchell and used his keys to escape early Sunday. Mitchell was tied up but not injured.  
Police said the escapees hired a taxi to take them to an address 1 1/2 miles from the jail. When they arrived they ordered cabbie Cecil Holland out of the car. Police later found the abandoned taxi-cab a short distance away.  
Johnson was sentenced last week to three years for possession of stolen goods. MacIsaac drew two years for breaking and entering.

## Yank Steel Industry Has Active Week

CLEVELAND (AP)—The steel industry has just wound up its best production week since June 10, 1957, and the biggest January output in 19 months, Steel magazine reports.  
Mills last week turned out 2,212,000 net tons of steel for ingots and castings. January production was estimated at about 13,000,000 tons.  
Manufacturers boosted operations a remarkable 5.5 points to 78 per cent of capacity last week.  
"But, even then, output was less than incoming orders for tonnage," the publication reports. "Orders were the best in about two years."  
The trade weekly says mill operations are moving upward so sharply that they may cross the 90-per-cent mark during the first half of the year. Second-quarter production may average 85 per cent of capacity.  
The magazine predicts that first-half steel industry earnings will climb to pre-recession levels.  
New strength also is developing in scrap metal. Steel's price composite on scrap advanced \$1 last week to \$41.67 and marked the third straight weekly increase despite sluggish mill buying.

## Swiss Turn Down Vote For Women

GENEVA (AP)—Switzerland's male voters, who regard politics as strictly a man's business, overwhelmingly rejected Sunday a proposal to allow women to vote in federal elections and run for national office.  
They defeated a constitutional amendment by 654,924 to 323,306 votes, thus keeping the Swiss republic the last country in Europe which bars women from politics.  
The result was another disappointing defeat for the Swiss suffrage movement, which has fought unsuccessfully for votes for women since the flapper days of the 1920s.  
Only in three of the republic's 22 cantons did the amendment receive more affirmative than negative votes.  
So overwhelming was the decision that it may be a decade or more before the issue is fought out again on the national stage.  
Sixty-five per cent of the eligible male voters took part in the national referendum—an unusually high turnout.

## Fort William Drama Festival Is Concluded

FORT WILLIAM (CP)—Winnipeg amateur theatre walked off the stage here Saturday night with the highest award, but the Lakehead was given all acting honors in the Manitoba—Northwestern Ontario regional drama festival.  
The Winnipeg troupe, who performed in their home city Thursday, was presented the Calvert Trophy and a \$100 cash prize for the best play produced—Tennessee Williams' The Glass Menagerie.  
Adjudicator Richard Ainley said "there was very good variety in this festival and it was pleasant to see good work."  
Port Arthur won three of four acting awards for its production of August Strindberg's Miss Julie, the sole serious drama of the entire festival.  
PARIS (Reuters) — Producer Roberto Rossellini has agreed that actress Ingrid Bergman should retain custody of their children on condition he is allowed to see them whenever he visits France, their lawyers announced Wednesday.  
The lawyers announced the agreement after a private hearing on custody of the children at the Palais de Justice.  
The children, nine-year-old Robertino and six-year-old twins Isabella and Isotta, at present are living with their mother at her home near Paris.

## Commons' New Interpreting System Passes First Test

OTTAWA (C)—After a jittery start, parliament's new system of simultaneous interpretation has passed its first big test.  
A seven-member team of interpreters, working under difficulties not experienced at international assemblies like the United Nations, has come through the first sitting days of the new parliamentary session without arousing a single complaint.  
"They were all a little nervous at first, but they're gradually gaining confidence," said Herriot Mayer of Ottawa, 50-year-old chief of debates translators and interpreters.  
**HAS SOME EFFECT**  
The introduction Jan. 15 of the interpretation system has increased the amount of French spoken during the question period but Paul Frenette, head of the French section of the debates reporting branch, says the throne speech debate did not produce a sharp increase in French speeches.  
"The next two or three weeks will determine whether the interpretation system is going to bring about a big increase in the quantity of French spoken," Mr. Frenette told a reporter.  
"If it does, we'll need a big increase in our French Hansard staff."  
Surveys show that over recent years only about three to four per cent of Commons speeches are delivered in French. Virtually all discussion on legislation is in English.  
**EXTRANEUS NOISE**  
So far the biggest difficulty has been extraneous noises. The microphone relaying what the MP says carries other sounds, such as murmured conversations.  
"If the interpreters hear clearly what is said, you can depend on them for a good translation," said Mr. Mayer.  
Mr. Frenette said the interpretations are "marvellous."  
Among the most difficult MPs

## John A. MacLean Dies In Toronto

Word has been received in Charlottetown of the death Saturday in Toronto of John A. MacLean. The late Mr. MacLean is the father of C.M. (Cam) MacLean, manager of Co-Op Supermarket in Charlottetown.  
Mr. and Mrs. MacLean accompanied by their son Mitchell of Saint John, left Thursday for Toronto by car to visit Mr. MacLean's father who had been seriously ill.  
Other survivors include the late Mr. MacLean's wife and another son Donald of Toronto.

## KELLY'S CROSS

Joseph McMahon made a trip to city on business.  
Owen Carragher, Clifford McDonald and Frances Curley were visitors in Charlottetown last week.  
Many friends and neighbours of John Carragher are sorry to hear he is patient in Charlottetown Hospital.  
Misses Francis Monahan and Pauline McManus are planning to spend the weekend with their parents in Kelly's Cross.  
Many friends and neighbours of Sarah MacMahon, Kelly's Cross attended the pyjama party held last Tuesday night.  
Elmer Murphy visited Brookvale before he left on his trip to Toronto last week.  
Misses Muriel Smith, Josephine Curley, Pauline McManus and Francis Monahan visited the latter future homes in Maple Palms last Sunday afternoon.

## COMING EVENTS

Kings County L.O.L. Annual Meeting to be held in Pinette, MacEwen L.O.L. Hall Feb. 3rd. 8 p.m. Joseph H. Cook, County Rec. Secretary.  
The Annual General Meeting of the Wiltshire Dairyming Co. Ltd., will be held in North Wiltshire hall on Monday, February 9th, at 2 p.m. Nelson Hatherley, Secretary.  
Store closed Tuesday, February 3rd. Stock taking. McGuigan and Boyle.  
Marie Church Bean and Sausage Supper Bazaar and Bowling, Morell Hall, Wednesday, February 4th.  
Organizations using this column to promote their meetings and entertainments are requested to place their announcements in the name of the Organization or Group who are sponsoring the event.  
Queens County L.O.L. annual meeting will be held in Bayne Lodge Rooms in Charlottetown on Tuesday, February 3rd., at 2 p.m.

## Big Bridgewater Project Planned

BRIDGEWATER, N. S. (CP)—Rodney Contractors Limited of Yarmouth, N.S., Saturday announced plans to build a 12-unit shopping centre here. The firm has acquired 16 acres of land on the Bridgewater Raceway.  
The firm says its plans call for eventual expansion for at least 20 more stores and parking space for more than 1,000 cars.

## O Canada Is Anthem, View Of Chevrier

OTTAWA (CP) — Canada's national anthem, so far as Liberal Lionel Chevrier is concerned, is O Canada.  
The MP for Montreal Laurier said so in the Commons Wednesday, amid loud desk-thumping by Liberal supporters.  
Mr. Chevrier said he "will always respect God Save the Queen as the royal anthem."  
"But as for me and many others, the national anthem of my country remains O Canada."  
He said two cabinet ministers—apparently referring to Citizen-Minister Fairclough and Revenue Minister Nowlan—had described O Canada as a nice hymn but not the national anthem.  
"These two cabinet ministers never understood the spirit or the sense of Canadian Confederation," he said.  
What the ministers had said was more apt to divide than unite Canada.

## Ingrid May Keep Children, Former Husband Agrees

PARIS (Reuters) — Producer Roberto Rossellini has agreed that actress Ingrid Bergman should retain custody of their children on condition he is allowed to see them whenever he visits France, their lawyers announced Wednesday.  
The lawyers announced the agreement after a private hearing on custody of the children at the Palais de Justice.  
The children, nine-year-old Robertino and six-year-old twins Isabella and Isotta, at present are living with their mother at her home near Paris.

## DIANA'S EX-HUBBY DIES

LONDON (AP)—Dennis Hamilton, estranged husband of British pinup actress Diana Dors, died in a London hospital Saturday night. Aged 32, he had been in the hospital a week with heart trouble. He married the blonde, bosomy actress in 1951 and was her business manager until the final breakup came in 1957. Both petitioned for divorce last year.
