A CINCINNATI girl spent all of her leisure time for three years learning to box, and then when she got married, and wanted to fight her husband she went to him and pulled his hair and scratched the same way as any other woman would. You can't make over human nature.

SOME one calculates that we shall not have another February containing five Sundays until 1920. It seems pretty hard to have to wait so long for five church-going days in the month of February, but so long as we have August containing five Sundays the complaint will not be so general. The fishing is better in August than in February.

SEE Reid Bros. American Felt Hats before buying. They cannot boast of having 9,700 to select from (it would require the New Post Office to hold them), neither can they sell them 25 per cent cheaper than others; but will sell just as cheap and their styles are the very newest and the quantity is quite large enough to satisfy any reasonable person.—Prices always better than advertised.

Wilson, late of St. George's and St. Matthias, Halifax, N. S.—and formerly of St. Peter's in this city—was unanimously elected rector of the parish, together with a strong requisition urging the reverend gentleman to accept. We believe that Mr. Wilson has not yet signified his intention of accepting the proffered rectorship.

A FACT which even political economists are apt to forget, is that a manufacturer's rate of profit is not the only essential element to success; the aggregate profit at the end of the year is of far greater importance, and this, in most cases, is greater out of a low rate of profit, than out of a high rate, because of the increased business, which the lower price gives rise to. It was on this principle that Messrs Tuckett & Son acted in introducing their now famous "Myrtle Navy" tobacco, and to this principle they have ever since adhered. This is one of the reasons why the people of Canada are smoking the best tobacco which can be produced, at a cheaper price than other people can buy a similar article.

ABOUT four months ago, Bernard Mullins, formerly of this city, but lately of East Boston, mysteriously disappeared. He was working at a vessel in Charleston, and when the day's work was over he left for his home in East Boston, but never reached it. Search was made for the missing man, but not a trace of him could be found till Wednesday morning, when his body was discovered floating under Charleston Bridge. His wife identified the remains as those of her husband by the clothing he had on, the features being unrecognizable. The unfortunate man was about thirty-five years of age, and a son of Mr. Peter Mullins, now of Boston, but formerly of this city. He leaves a wife and six children to mourn his sad end. His wife is a sister of Mr. James McKenna, of the P. E. I. Railway.

A PANIC occurred in the Salvation Army Barracks on Wednesday night which terminated in the Stipendiary Magistrate's Court this forenoon. It appears that about 9 o'clock that evening one of the soldiers was telling the large assemblage present how he had been rescued from the thrall of sin through the beneficent offices of the Army. A man in the audience who evidently did not take much stock in the story of the conversion cried out to the soldier to "shut up." The noise started the people in the gallery who, supposing that a row had broken out in the body of the barracks rushed down stairs, breaking the banister in their flight and creating a panic among the women. While this had been going on the man had been taken outside by the police. Yesterday morning a complaint was made against him by Capt. Cook, and this forenoon the case came before the Court. Witnesses were examined who identified the defendant as the man who shouted, and after being lectured by His Honor he was fined \$10 or one month's imprisonment.

GOFEL ARMY.—The temperance meeting last evening was one of unusual interest. The Rev. Mr. McLeod was present and delivered a most telling address on the subject of the evening. At 9 o'clock Staff-Capt. Herbert was met at the Railway Station, by the Secretary and soldiers and was escorted to the Barracks. Capt. Bartlett met Staff-Capt. Herbert at the door and conducted her to the platform, and introduced her to the soldiers and audience. Afterwards Capt. Bartlett made a most impressive prayer of thanksgiving for the safe arrival of the officer. In a few words Capt. Herbert expressed her happiness in meeting with the Capt. soldiers and audience and then, as the first meeting was over, she assisted Capt. Bartlett with the after one, taking for her text, the sufferings and crucifixion of our Lord. In the midst of her eloquent address, in a most pathetic and earnest manner, recounted step by step most vividly, the tragedy enacted on Calvary, showing by it, how great was the love of our Saviour, for our poor fallen race. The meeting to-night will be conducted by the Staff-Capt. Subject:—"Where art Thou?"—Com.

Boston Markets.

BOSTON, May 8. POTATOES.—The market sustains a steady tone on choice Houlton Hebrons, which are selling at 65 to 68c per bush. Rose are easier at 65 to 68c per bush. Eastern Potatoes are slow at over 55c, and Northern Rose and other varieties are dull at 50 to 55c per bushel.

FISH.—The fish trade continues in a depressed condition and movements are confined almost wholly to small lots. Receivers find it difficult to place round lots of Mackerel, Codfish or Pickled Herring at any reasonable price, though at the close there was more inquiry.

EGGS.—There continues to be a dull trade in Eggs, and 13c per dozen is a top selling rate for best Eastern. Island and New Brunswick are hard to sell at over 12c per dozen.

A Maine man was shot the other day. The bullet struck a plug of tobacco in his vest pocket and his life was saved. The moral of this seems to be that back-strap chewing tobacco is more conducive to longevity than dude cigarettes.

A fashion paper says: "Long, pointed finger-nails are coming into fashion among ladies." From this we infer that bald heads will come into fashion among married men.

A promising journalist having capitulated to the fascinations of a bright Boston girl, that cruel creature now alludes to him as her papier-mache!
