

# Better Deal For Farmers Sought By Prince Member

Claiming that farmers are unorganized in an organized world Fred Ramsay (Lib. 1st Prince) yesterday made a strong plea for united action. He said "we have been operating on the law of supply and demand—a system as old as the wooden plow. What we need is assistance in bringing the price of our products in line with goods and services we have to buy."

MR. FRED RAMSAY

Mr. Ramsay was the mover of the address in reply to the Speech from the Throne as the Island Legislature began its second day.

The 1st Prince member said in many cases farmers are producing at far below the cost of production and while farm credit is badly needed, it is not going to be a cure-all "I never heard tell of anyone borrowing themselves into prosperity," he added.

**BOLLAR A BUSHSEL**

Mr. Ramsay said that at a meeting of the Canadian Tariff Board held in 1956, the cost of producing one bushel of potatoes was agreed upon as one dollar. Yet he pointed out that island farmers, this year, are being offered 60 cents a bushel.

On a ten million bushel crop he said this amounts to a \$4 million loss in Prince Edward Island—a condition which in his opinion should not exist if some form of regulated marketing were employed.

Recalling the situation of the western wheat farmer of some years ago, he said they were getting only 19 cents a bushel for grain which was costing

Minister of Agriculture come from the west, the Prairies have not asked for support under the stabilization act."

Mr. Ramsay felt that since the Liberal Government had given the Prairies a wheat pool it is only right that the Dieffenbacher Government should give potato growers a potato pool.

Mr. Ramsay said the ability of a good leader is seen in his desire to find out the needs of his people and determination to carry these desires to fulfillment. This, he said, was the case in the leadership of the present Premier.

**RECOGNITION GIVEN**

He said the rural electrification program, started by Premier Matheson in 1954, had completely revolutionized the country districts of the Island. He thanked the Premier for giving the First District of Prince recognition by taking Hon. Mr. Arsenault into his cabinet. "Mr. Arsenault is a worthy representative of his Acadian race and he can be relied upon to give a good account of himself."

Appreciation of the road building program was extended to the Minister of Highways by Mr. Ramsay, who expressed regret at Mr. MacKay's illness. He particularly mentioned the pavement from Tignish to Montrose and the road from St. Louis to the Western Road. "If we give him another five years we will have all the roads in First Prince paved," Mr. Ramsay observed.

# Snow Plow Operator Should Get Steady Pay

MINISTER ILL

Regret was voiced by several members of the Legislature at the illness of Hon. J. George MacKay, Minister of Highways who was absent from his seat yesterday.

Mr. MacKay has been somewhat indisposed for the past week or ten days. Hope was expressed that the minister would soon be able to, resume his duties of office.

## Tables Booklet On Native Trees

An illustrated booklet describing the native trees and shrubs found in Prince Edward Island was tabled yesterday in the provincial Legislature by Hon. Eugene Cullen, minister of agriculture.

The booklet, prepared by J.P. Gaudet and W.M. Moffitt, departmental foresters, contains much instructive information which will serve a useful purpose. Copies have been distributed to each school in the province and to all Boy Scout and Girl Guide troops.

Snow plow operators should be given a weekly cheque instead of being paid only while they operate the machines. This was the opinion of George Kitson (Lib. 2nd Queens) who seconded the address in reply to the Speech from the Throne yesterday.

Mr. Kitson said it worked a great hardship on these men who were required to stand by while they paid board in Charlottetown out of an unemployment insurance cheque. He felt sure that this matter would be carefully considered during the present session of the Legislature.

MR. GEORGE KITSON

**FREIGHT RATES**

Speaking of freight rates, Mr. Kitson felt that the recent increases were most unfair to the Maritimes. "We have no coal or other minerals here and all our goods and commodities have to come in by rail as do all the products we export. This is a great burden on our people and I hope this Government will oppose any further freight rate increases," he said.

Mr. Kitson took Federal members to task for statements they made previous to the last election but which in his opinion they had failed to live up to.

The Conservative candidates assured farmers if they got elected producers would get a price equal to cost of production.

**COMPARES PRICES**

He said the Government gave farmers 36 cents per bushel when the cost of production was \$1.25 per 75 lb. bag. Is the equal to what it cost the farmer to produce them?" he asked.

At the present time potatoes are selling for 65-85 cents per bag; eggs, best grade 29 cents; pork 24 cents per lb. and poultry is not worth selling, he said.

Mr. Kitson congratulated the local government for its establishment of a park at Stratgartney. He said it was the finest camping ground on the Island but suggested that a wading pool for children would add greatly to the accommodations.

The Second Queens member congratulated the Department of

**One Trawler Lost, Little Hope For Other**

HALIFAX (CP)—A Newfoundland trawler and her 16 men were given up for lost Wednesday and hope for another trawler with 31 aboard all but vanished.

Two empty dories and a lifeboat from the missing fishing boat Blue Wave were found near the point of Cape St. Mary's, Nfld., where she capsized Monday from a top-heavy coating of ice. The discovery ended an air search for possible survivors.

The planes left to join the hunt for the missing Iceland trawler Juli, unreported since last Saturday in the Atlantic northeast of Newfoundland. Searching ships and aircraft found no trace of the vessel Wednesday.

The last word from the Juli was that she was heavy with frozen spray and fighting to stay afloat.

# \$30,000 Grant Given To Boost Poetry, Novels

OTTAWA (CP)—Allocation of up to \$30,000 to boost publication of Canadian poetry, essays, works of criticism and novels was announced Wednesday by the culture-promoting Canada Council.

On novels, grants will be considered only on applications from publishers in French-speaking Canada.

Aid will take the form of direct grants to publishers or block purchases of books for distribution to libraries and foreign missions abroad.

Assistance will apply only to "books of merit," the announcement said. Council scholarships and fellowships to writers will be continued.

The first book purchased in quantity by the council is The Arts in Canada, edited by Malcolm Ross, professor of English at Queen's University, Kingston, Ont. Some of the 300 copies purchased will go to foreign libraries, colleges and UNESCO national commissions.

**Atlantic Provs. Protest Boost In Wheat Price**

OTTAWA (CP)—Trade Minister Churchill said Tuesday representations from the Atlantic area against some aspects of the recently announced increase in Lakehead wheat prices are receiving careful consideration and study.

He was replying in the Commons to Edmund Morris (PC-Halifax) who said the representations were in a letter from the Maritimes Transportation Commission on behalf of the four provincial governments in the Atlantic area.

Mr. Churchill said the increase of 5% cents a bushel reflects reduced transportation charges which will prevail when the St. Lawrence Seaway is opened in the spring. It would mean more income for Prairie farmers.

**Commonwealth Sales Expected To Go Up Here**

TORONTO (CP)—The Canadian government expects that the Commonwealth will get an increasing share of the Canadian market, trade Minister Churchill said Monday.

"Commonwealth exporters last year increased their share of the Canadian market from less than 13 per cent to close to 15 per cent at the present time," he told the Canadian Club in a luncheon speech. "We expect this trend to continue."

"Greater interest is being shown by British investors in this country. British capital is moving into manufacturing, communications, construction and real estate projects.

His statements were included in the text of his address issued to the press.

Touching on the United States, Canada's largest market, he said: "We are continually seeking to increase our exports to the U.S., as well as to diversify that trade. In our negotiations with the American authorities, we are making it clear that this country is concerned about the large trading deficits we encounter each year. We are also concerned with regard to restrictions such as have been applied to lead and zinc and petroleum."

**143-YEARS-OLD**

MOSCOW (AP)—This year's Soviet census turned up a lady Methuselah, 143-year-old Aina Fatkhovna. Tass news agency said Wednesday. She lives at Orenburg on the Ural River.

**Goodyear Co. Reports Profit**

TORONTO (CP)—Goodyear Canada Ltd., had consolidated net profit in 1958 of \$3,864,241, or \$13.92 a share, compared with \$4,420,954, or \$16.07 a share, in 1957.

Working capital increased by \$2,109,465 to \$29,528,407. Capital expenditures for expansion, improvements and replacements totalled \$31,132,023. Earnings for the year retained in the business were \$2,037,585.

# Island Ferry Awaits Help

The S.S. Prince Edward Island, felled in her attempt to get to Borden through heavy ice in the Gulf of St. Lawrence, has tied up at Port aux Basques, Nfld., and will await the help of a government icebreaker before making the attempt again.

It is likely that help will be forthcoming from either the C.G.S. Saurel or the Labrador, both of which are working in the area of the mouth of the St. Lawrence River, although the exact location of the ships could not be learned yesterday.

It is not known when the Saurel or Labrador will be available to do escort duty.

**Atlantic Provs. Protest Boost In Wheat Price**

OTTAWA (CP)—Trade Minister Churchill said Tuesday representations from the Atlantic area against some aspects of the recently announced increase in Lakehead wheat prices are receiving careful consideration and study.

He was replying in the Commons to Edmund Morris (PC-Halifax) who said the representations were in a letter from the Maritimes Transportation Commission on behalf of the four provincial governments in the Atlantic area.

Mr. Churchill said the increase of 5% cents a bushel reflects reduced transportation charges which will prevail when the St. Lawrence Seaway is opened in the spring. It would mean more income for Prairie farmers.

Saint John	8	10	
Moncton	9	10	
Halifax	13	17	
Charlottetown	8	9	
Sydney	8	9	
Yarmouth	—	—	
St. John's	12	—	

HALIFAX (CP)—The weather office says a large high pressure area, centred over the Great Lakes, is moving eastward and is expected to lay across the Maritimes by this evening.

**Forecasts:**

Halifax and vicinity, northern Nova Scotia, Eastern Shore and Cape Breton: Clear with a few cloudy intervals; extremely cold; northwest winds 15 becoming light in the afternoon. Low-high at Halifax zero and 15, New Glasgow, Goshen and Sydney 5 below and 10 above.

South Shore and Valley: Variable cloudiness with a few snowflurries; extremely cold; light northwesterly winds increasing in the evening. Low-southwest 15. Low-high at Yarmouth 7 and 20, Kentville zero and 15.

New Brunswick and Prince Edward Island: Clear with a few cloudy intervals; a little milder; southwest winds 5 below and 10 above, Moncton 10 below and 15 above, Fredericton and Saint John 5 below and 20 above, Edmundston and Campbellton 10 below and 15 above.

Bay of Fundy: Northwest 15 becoming light about noon and increasing in the evening to southwest 15; cloudy with a few snowflurries; visibility 10 miles except two miles in flurries; milder in the evening.

High tide today at Charlottetown at 1:34 a.m. and 1:55 p.m. At Rustico at 9:30 a.m. and 9:21 p.m. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 7:20 a.m. and sets at 5:35 p.m.

**Britain Gives Trade Figures**

LONDON (Reuters)—Britain's trade gap—excess of imports over exports—totalled \$49,400,000 January, it was announced Wednesday.

This was £28,000,000 less than in December but £4,000,000 more than the monthly average for the fourth quarter of 1958.

The provisional figure for last month's exports was £270,000,000, £4,500,000 more than in December.

**GIVEN 10 DAYS** — A resident of Kingston was sentenced to 10 days when he appeared before Magistrate Gilbert A. Gaudet in the Queens County Magistrate's Court yesterday on a charge of driving while intoxicated. The case of a Pleasant Grove man charged with unlawful possession of liquor was adjourned one week for judgment.

**DRIVER SENTENCED** — A Charlottetown man was sentenced to 20 days when he appeared before Stipendiary Magistrate K. M. Martin in the City Police Court yesterday on a charge of being drunk and incapable. A resident of Montague was fined \$10 and costs or 10 days for failing to stop at traffic light.

**QUESTION ANSWERED** — The Department of Education does not pay 40 per cent of the cost of operating the larger school unit, according to a reply given by Education Minister Keir Clark to a question asked by Dr. L. G. Dewar (PC 2nd Prince). The minister explained that while the 40 per cent applied in the case of high schools, this assistance has not been extended to the larger administrative unit.

**CAKE SALE** — At Ellis Bros. Store Central Royalty on Sat. February 14th. at 3 o'clock. Sponsored by the Crystal Group, Park Royal United Church.

**PERSONALS**

Wendy Alice Wilson, daughter of Mr. and Mrs. Ford Wilson, and a student of Cornwall School, has entered the Rehabilitation Centre in Charlottetown for treatment.

The many friends of Mr. Jack Donahue, Cornwall, are pleased to hear he is recovering from an operation in the Charlottetown Hospital.

**BIRTHS**

**GRAHAM** — At the Prince Edward Island Hospital on Monday, February 9, 1959, to Mr. and Mrs. Austin Graham, 195 Elm Ave., City, a daughter. Weight 6 lbs., 12½ ozs.; Donna Claire.

**McDONALD** — At the Charlottetown Hospital on Monday February 2, 1959 to Mr. and Mrs. Gerald MacDonald, 16 Chestnut Street (nee Priscilla McEwen) a son, Randy Allen weight 7 lbs. 8 ozs., a brother for Jo-Ann.

**CRABBE** — At the Charlottetown Hospital, Saturday February 7th, 1959, to Mr. and Mrs. Barton Crabbe, a daughter, Catherine Ruth, 8 lbs. 12 ozs.

**MacLEOD** — At the P.E.I. Hospital on Monday, February 9th, 1959 to Mr. and Mrs. Arthur MacLeod, 9 Spring Street, a daughter Barbara Anne. Weight 6 lbs. 5 ozs.

**WEBSTER** — At Prince County Hospital on Tuesday, February 10th, 1959, to Mr. and Mrs. Douglas Webster, Kelvin, a daughter, 7 lbs., 10 ozs.

**McDOWELL** — At the Royal Victoria Hospital, Montreal on February 6th, to Rev. and Mrs. William E. McDowell (nee Winnifred Cairns B.A. R.N., Freetown, P.E.I.) of Norwood United Church, 11 St. Laurent, Montreal, a son. Weight 8 lbs. 1 oz.

**MacLAREN** — At the Kings County Memorial Hospital, Montague, on February 11th, 1959, Mrs. Anne H. MacLaren, Montague. Funeral notice later.

**MacMILLAN** — At the Prince Edward Island Hospital on Tuesday, February 10, 1959, Vernon H. MacMillan of Brackley, in his 76th year. Resting at the MacLean Funeral Home from where the funeral will be held Thursday. Services commencing at 2 o'clock. Interment in Floral Hills Memorial Gardens.

**WEBSTER** — Died in B.C. February 6th, 1959 Edward R. Webster Formerly of Fort Augustus age 75 years. Interment in British Columbia.

**MacDONALD** — At Wellington on Wednesday Feb. 11th Jimmie MacDonald wife of the late Edward MacDonald in her 95th year. Resting at the Bowness Funeral Home. Funeral to be held on Friday Feb. 13th with services at Lot 16, United Church at 2:00 p.m. Interment Church Cemetery.

**KELLY** — In the Charlottetown Hospital, February 11, 1959, John M. Kelly, Kinkora, in his 88th year. Remains are resting at the Monaghan Funeral Home from where the funeral will be held on Friday, February 13, to Malachy's church, Kinkora, for Requiem High Mass at 9 a.m. Interment in the church cemetery.

**KENNEDY** — At the Charlottetown Hospital, February 11, 1959, Orin Kennedy, 17 Spring Park Road, formerly of Kingsboro, in his 52nd year. Remains resting at the Cutcliffe Funeral Home from where the funeral will be held on Friday, service starting at 1 o'clock. Interment in the Kingsboro cemetery.

# Agreement Said Near In Strike Of TV Producers

By JOHN LEBLANC Canadian Press Staff Writer

OTTAWA (CP)—The CBC and striking French-language television producers have reached a basis for settlement, but signing of an agreement is being held up until unions supporting the strikers get satisfactory return-to-work terms.

When an over-all settlement would be worked out remained unknown Wednesday as Egan Chambers, Progressive Conservative Commons member for Montreal St. Lawrence-St. George, announced the partial solution in the Commons.

The CBC said it is ready to sign with the producers now on the basis of the terms agreed to for ending the strike itself, but reiterated its previous attitude that the other unions should take up their claims under grievance procedures set out in their contracts.

**CHRYSLER GIVES Loss Last Year**

NEW YORK (AP)—Chrysler Corp., third-largest automobile maker, Wednesday reported it lost \$33,824,565 during 1958. Sales for the year totalled \$2,165,381,754.

This was a sharp setback from Chrysler's brilliant 1957 record, when sales totalled \$3,564,982,510 and net income \$119,952,406, equal to \$13.75 a share.

Directors declared a dividend of 25 cents a share, payable March 13 to stockholders of record Feb. 24. This is the same as paid in the three previous quarters.

**SPECIAL STAMPS**

ACCRA, Ghana (AP)—Ghana will issue special stamps commemorating the 150th birthday of Abraham Lincoln. The stamps will depict premier Kwame Nkrumah standing in front of Lincoln's Memorial in Washington.

# Cyprus Plan Is Ready For British Approval

By JOHN EARLE

LONDON (Reuters)—Greece and Turkey agreed Wednesday on a compromise plan for Cyprus independence and submitted it within a few hours to Britain for approval.

Foreign Ministers Evangelos Averoff of Greece and Fatin Zorlu of Turkey flew to London from Zurich, Switzerland, where the agreement was initiated at noon by their premiers.

They arrived here with optimistic predictions that the four years of bloody conflict in Cyprus were over.

Foreign Secretary Lloyd met with them for dinner talks about the plan for the British colony's future.

It proposes a Cyprus republic with a Greek-Cypriot as president and a Turkish-Cypriot as vice-president and a single legislature. Seventy per cent of the legislators would be Greek-Cypriots, representing the island's majority community of 400,000. The others would represent the 100,000 Turkish Cypriots.

Britain would maintain its land, sea and air bases on Cyprus under a treaty with the future republic.

At a champagne lunch in Zurich to celebrate the pact, Zorlu declared: "We are sure to reach an agreement among Britain, Greece and Turkey."

The agreement will be similar to that which has governed cost-sharing of construction in Canada

# Boxboard Plant May End Straw Burning In West

RED FEER, Uta. (CP)—The end may be in sight for hundreds of burning straw stacks which dot the central Alberta countryside each year.

Mid City Paper Limited, a newly-created firm backed by Calgary interests, plans to build a \$300,000 boxboard manufacturing plant here this spring and will draw on wheat straw as a source of raw material.

If plans work out, the plant will be a \$200,000-a-year boon to district farmers. Mid City says it will pay \$15 a ton for wheat straw and will require 13,000 tons for the first year's operations.

**MUCH ROTS**

Few farmers are able to profitably dispose of all their straw. About 1½ tons are produced with every ton of wheat and much of it either rots in the fields or is burned off.

The company claims it will have the only paper plant in Canada to use wheat straw. Several years ago a plant in Trenton, Ont., attempted to use straw but was forced to shift to other materials when it was found southern Ontario could not provide

enough straw.

Boxboard, from which such things as shipping boxes, fillers, fluted separators and box cart liners are made, will be the plant's chief product. Alberta consumes about 26,000 tons of boxboard a year, most of it shipped from Eastern Canada.

Plans for the first year call for production of 650 tons a month and the company is counting on the market expanding 10 per cent during the next few years.

The mechanical-chemical process to be used by Mid City was developed by the research department of the United States department of agriculture.

**STRAW SOFTENED**

Straw, from which dust and chaff have been removed, is softened by steam pressure and shredded into pulp fibres. Water is added, the pulp becomes a slurry and is subjected to further

shredding.

The refined pulp is dumped into a stock chest and water and chemicals added. The nature of the type of pulp used, and the kind of water desired.

From the mixing tank the pulp is pumped into a deckle box—a box with a travelling screen bottom. The water is drained off, leaving a thick mat of wet fibres which eventually is pressed into boxboard.

Equipment for the plant, which will employ 40 workers, will cost about \$250,000.

A study of Alberta's economic outlook prepared for the Calgary Power Company predicts pulp and paper products will become Alberta's sixth largest manufacturing industry by 1975 and will produce six per cent of the province's manufacturing output by that year.
