BY SPECIAL APPOINTMENT, SOAP MAKERS TO HER MAJESTY THE QUEEN

If you wish your Linen to be White as Snow, Sunlight Soap will do it.

Why,

Because SUNLIGHT SOAP is perfectly pure, and contains no injurious Chemicals to injure either your clothes or your hands. Greatest care is exercised in its manufacture, and its quality is so appreciated by the public that it has the Largest Sale of any Soap in the World.

How

Can you test this? If you have never tried SUNLIGHT SOAP, ask those who use it what they think of it, then try it for yourself. The result will please you. And your clothes will be washed in far less time, with Less Labour, Greater Comfort, and will be whiter than they have ever been before, when you used ordinary soap.

Is That

not the best way to decide the matter? First by enquiring what the experience is of those who already use it. Secondly, by a fair trial yourself. You are not committed in any way to use the soap; all we ask is: Don't Delay, try it the next washing day.

THE "OLDEST WOMAN."

Mrs. McNair, of Huntingdon, Passes Away, Aged Nearly 111 Years.

The oldest woman in Canada is dead. Mrs. Elizabeth McNair, aged over a hundred and ten years, who for the past three-quarters of a century has lived at Clyde's Corners, Go Imanchester, about seven miles from Hnntingdon, has laid down the burden of life.

Mrs. McNair's maiden name was Crawford. She was born near Inverary, Loch Fyne, Argyleshire, Scotland. John McNair was a fisher lad in the place, and loved the blue-eyed Lizzie. This was long ago. It seems remote and vague, and so many tremendous things have occurred since then that a simple love story is like a straw caught in a whirlpool. But the old woman of one hundred and ten years did not forget, and last year related to a Witness representative a touching story of simple life and feeling, away back in the youth of this century.

Mrs. McNair, then the mother of four children, came out to this country in 1822. The ship was primitive, the voyage was long, and the sickness was acute. Mrs. McNair bore her husband twelve children. Of these three only are now alive. They are: Mr. John McNair, living on the old homestead; Mrs. Stirling (nee Christian McNair), who lives at St. Anicet, not far from the farm; and Mr. Aleck McNair, formerly a canner, now retired from business, who lives at Trout River Lines.

Mrs. McNair came of a long-lived family. Her parents lived to be a great age. So did her brothers and sisters. Her husband come of a stock similiarly endowed. He lived to be 107 years. He died in 1870, and that left his wife rather youthful, she being then only ninety-seven years of age.

MRS. M'NAIR.

Mrs. McNair was a strong woman. She did not know what sickness was. She helped her husband to clear the land, taking the place of a man in the woods and fields. Till she was ninety she walked every Sunday seven miles to St. Andrew's Church in Huntingdon. She would not drive, believing in Sunday rest for man and beast. Her husband walked with her. It is worth noting that the husband was able to saw wood when he was one hundred and six years old. Truly a remarkable thing, contrasted with which Mr. Gladstone's tree felling feats dwindle into insignificance. When her husband died Mrs. McNair prayed that she might live as long as he had. Her wish has been more than gratified. In two months, exactly, after Saturday, she would have been 111 years old.

Twelve years ago, Mrs. McNair fell in her kitchen, fracturing her hip. Since then she has been confined to bed. She was cheerful to the last, with a smile and ready word for the visitor. Her memory failed, indeed, and her strength ebbed away, but she was wholesome and sweet, and, as Dr. Clouston, of Huntingdon, says, enjoyed her 'parritch and the Shorter Catechism.'

The old lady loved to fall back upon the Gaelic, and it was a treat to the visitor to be entertained to a specimen when he called. Mrs. McNair was a good, simple soul, who loved God and served him through the years of a wonderfully lengthened out life. She had witnessed many things, had borne her share of sorrow, and had triumphed over many difficulties, but through it all had remained loyal to the God of her fathers.

She loved to repeat. "Yea, though I walk through the valley of the shadow of death, I will fear no evil, for thy rod and thy staff they comfort me."

And now, having seen so much, the world of time and sense has receded and she has fallen on sleep.—Montreal Witness.

Pretty Dress for a Girl.

Striped beige crepon cloth trimmed with three small flounces in satin like the ruches, intermingled with lace in-

sertions; frilled braces to match. Full sleeves in plain crepon. Hat in straw set off with a tuft of roses and beige ribbon loops. This is a Paris model.

M. Worth's Establishment.

M. Worth has a staff of fifty employés of various kinds, besides all the personnel of the dressmaking department. The latter includes from 200 to 700 girls, according to the season. The busy times are from the middle of February to July, and from the middle of August to December. During this time the weekly average of work turned out is 200 gowns and 150 cloaks. There are a good many fitting rooms, each called according to the color in which it is furnished. Generally a week is required to make a dress, but if necessary it can be done in twenty-four hours, and, on one occasion, a gown was made for the Empress Eugenie in three hours and a half. Queen Victoria has never patronized Worth.

The Doctor Passed Him.

GRAVENHURST, Sept. 18—About a year the newspapers contained of the curious case of Sam Murray, a railroad brakeman, of this place. He was paralyzed, as a consequence of an injury received while coupling cars, and for two years was unable to work. Several doctors, among them some Toronto specials, pronounced him incurable and his case hopeless. The Grand Trunk Railway Company paid him his full disability claim, and the Brotherhood of Railway Trainmen was about to pay a similar claim, when Murray astonished everybody by a return to health. It was proven at the time, beyond the possibility of a doubt, that Murray's recovery was due to Dodd's kidney pills. A few days ago Murray applied to a life insurance company to take out a policy on his life. Two physicians have just examined him, pronounced him a desirable risk, and recommended the company to issue a policy. That's the kind of work Dodd's kidney pills do.

Endurance in Pain.

Untold agonies are silently endured by thousands of sufferers from Piles. The use of Hawker's Pile Cure soothes the pain, relieves the inflammation and makes a perfect and permanent cure. Price 50 cents. Sold everywhere. If afflicted try it.

A Big Mistake.

The moulting season, or the season when the hens shed their feathers will soon be at an end. The process is one that in certain respects debilitates and prevents hens from laying. The reason of this is that the growing of new feathers requires all the nitrogen and phosphates contained in the food and there is none left to form the egg. A curious fact about the hen, and one that illustrates the foregoing statement, is this, if a hen's leg be broken during the laying season, she will lay her eggs without shells until the break is mended. The reason for this must be that all the lime contained in the food is required to unite the broken bone, there is therefore none for the formation of egg shells. The formation of new feathers does not require any carbonaceous or fat producing food, consequently well fed hens get very fat during the moulting. Many farmers and poultry raisers not understanding about these things kill off their old hens because they think they have stopped laying and are fat. This is a great mistake, for even if the proper material be furnished them with their food to supply the increased demand for nitrogen and phosphates before mentioned the old hens will be through moulting feathers much sooner and will begin laying on the approach of cold weather and will continue to lay vigorously all winter, while the young pullets reserved to take the place of the old hens, may not begin to lay until much later in the season. Very many people have learned from experience that Sheridan's Condition Powder mixed once daily with their food will supply the extra material needed to strengthen and invigorate their hens, enabling them to grow new plumage quickly and commence laying early. Those who commence now to use Sheridan's Powder, will find that their young pullets will commence to lay at from four to six months old, and will lay continuously through the winter. The Farmers' Poultry Raising Guide, published by I. S. Johnson & Co., at 22 Custom House Street, Boston, at 25 cents, contains a vast amount of information on this subject. Johnson & Co. will send, post paid, two 25 cent packs of powder and one Guide for 60 cents, or a 2½ lb. can of the powder, postage or express prepaid, for $1.20 and a guide free.

After Twenty Years.

Twenty years ago Thomas Simpson, of St. John, was restored to health from a condition of severe pains and great nervous prostration by Hawker's Nerve and Stomach Tonic. Doctors' medicine had failed. Mr. Simpson still treasures the first empty tonic bottle, and now whenever he is unwell his remedies are found in Hawker's Tonic and Hawker's Liver Pills, the latter is the best pill, he says, that he ever used.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Mr. James Shand, the well-known auctioneer, says: "Had considerable expectoration and disagreeable cough. Physician recommended Puttner's Emulsion. Took six bottles—cough vanished. Am convinced your preparation brought about my speedy convalescence."

W. H. ROGERS.

AMHERST, N. S., May 27, 1893.

THE GRODER DYSPEPSIA CURE CO.

GENTLEMEN:—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subject to severe pains in the chest, with dizziness, which have been more frequent during the past three or four years. My mouth was furred up in the mornings, accompanied with bad breath. My case was yearly growing worse.

During all this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvment.

In the fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it and now I can drink cold water or milk without any inconvenience. Those dizzy pains are all gone and my mouth is as sweet as a baby's. In short, your medicine has cured me and I am sure that all Dyspeptics can be cured by its use.

(Signed) W. H. ROGERS,
Late inspector of Fisheries for Nova Scotia.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

HEART FAILURE, FAINTNESS, ACUTE DYSPEPSIA, with Complete Nervous Prostration, Cured by Using HAWKER'S NERVE & STOMACH TONIC.

A LADY'S EXPERIENCE.

Mr. Wm. Thompson of Musquash, N. B., says: "For 2 years past my wife has suffered with *Acute Dyspepsia* accompanied with compl te *nervous prostration* and a *smothering sensation about the heart* which frequently produced an attack of faintness. She became weak and nervous, lost all energy, and had a constant *feeling of dread*. She suffered with *intense pain in the stomach* after eating, which was usually followed by the smothering sensation about the heart and *fainting spells*. She tried a great many remedies and was treated by the doctors for some time, but obtained no relief. She became so *discouraged* that she gave up all hope of ever getting better, when *our pastor suggested* that she try HAWKER'S NERVE AND STOMACH TONIC and LIVER PILLS, *which had produced remarkable cures in several cases he knew of*. We did so and she obtained immediate relief from the distress after taking the second dose, and has continued to improve ever since until today she is as well as ever, and can enjoy her food without fear of suffering. I cannot speak too highly of these valuable medicines which have restored my wife to health and strength and saved much suffering and expense."

Rev. Henry M. Spike, Rector of Musquash, N. B., says: "I am personally acquainted with Mrs. Tompson's case, and am greatly pleased that the medicine which I recommended to her produced such remarkable results."
