Another Victory.

The contest in St. John yesterday resulted in the election of the Government candidate—Dr. Barker—by a majority of 131.

The British Elections.

The last British House of Commons was composed of 652 members; the new one (the elections for which have begun) will be composed of 670 members.

In England, by the new law, sixty boroughs were deprived of separate representatives, and in Ireland twenty-five, while of Scotland's twelve new seats one are boroughs.

The general result of the appeal to the people will not be known for about three weeks, as the elections, recurring day after day, will occupy more than a fortnight.

In the meantime the world is deeply interested. As the London Times remarks, not only Vienna, Berlin, St. Petersburg, Paris, Rome and Constantinople are watching for the issue with the deepest and gravest interest, but far off Cairo, Calcutta and Cebu for the politics and even the peace of the three continents may hang in the balance which a host of Irish navies and farm laborers are to turn during the next fortnight one way or other.

On the other hand, the election is for the people at home one of the most vital importance. Lord Salisbury had the wit to seize upon some ill-considered remarks of Mr. Chamberlain and other Radical leaders, and the question of the disendowment of the Established Church has been forced into prominence very much against the will of Mr. Gladstone.

The discussion of this question is calculated to divide and weaken the Liberal Party and to array against it the great influence and power of the English hierarchy. This will in all probability more than counteract the effect of the Liberal appeal to the English people on the Irish question.

The report of the death of King Alfonso created great sensation here. Later advices from Madrid however, show that the King is not dead but seriously ill.

TELEGRAPHIC NEWS.

THE SERVIAN WAR.

Prince Alexander Victorious.

The city is wild with excitement over the news from the front stating that Prince Alexander, at the head of the Bulgarian troops, has followed up his victory, and is driving the Servians slowly but surely from Bulgarian territory.

The last despatch says that Prince Alexander stormed the heights of Tradorod and occupied the city.

Last evening the Prince made a triumphant entry into the city and was received with wild enthusiasm by the people.

The Servians attacked the Bulgarians centre at 4 o'clock this afternoon. They were repulsed and retired in disorder crossing the frontier at 5 o'clock, near Tzari-brod.

The Servians are now retiring from their positions at Tros, and the Bulgarians have advanced to the frontier.

Widden is being shelled by the Servians but it has not been set on fire.

The British Elections.

John Bright Defeats Lord Randolph Churchill.

The general result of to-day's elections is slightly in favor of the Conservative reaction, although it affords no certain indication of the ultimate results.

At Birmingham there has been no diminution of Radical strength, except that John Bright's majority over Lord Randolph Churchill is smaller than the Radicals expected.

The greatest numerical Conservative majority is that of Hon. W. H. Smith, in the Strand division.

Speaking generally, to-day's figures approximate those of last election, the Liberal vote summing up less and the Conservative more.

It is reported here that the King of Spain is dead.

The people need have no fear of Small Pox in the Goods, as I import direct from the English markets, and ever since the outbreak of the disease in the city the goods have been thoroughly fumigated, so there can be no possible chance of infection in the Goods.

The people at North River will find this a great convenience, as it will save them the trip to town, and they can buy just as cheap at home.

The Store in the city will be continued as usual. I need not say anything about the Low Prices, as all know I sell Cheap.
