FOR your picnics — FOR your cottage — FOR your portable chill chest, the new, non-meltable ICE in tins, bricks or pillows is marvelous, wonderful, perfect and indispensable. You simply put the container of Wizard or Sno-Gel into your refrigerator to freeze, then into the position you want chilled and kept cold and you have custom made "ice" for longer than real ice would last. The tinned ICE is priced 49 cents for pint size, 89 cents for quart size; the brick ICE is priced 1.39 and the large sized pillow ICE is 2.19. It is usable and reusable over and over again without any melting mess, it is harmless and safe. Come get the size most suitable for your particular need from the HOLMAN Both Stores HOUSEWARES DEPARTMENTS.
