BUCKEY MOWER AND REAPER,
TO OUR PATRONS IN P. E. I.
It is now four years since we began shipping
Machines to your Islands, and from our large
experience of sales in this season, we are assured that
our efforts to furnish you with the "best Mower and
Reaper in the world," have been appreciated, and
in this encouragement we have endeavored to
study more particularly your requirements, and
each year build our Machines more especially ad-
apted to your country.
We have this year attached a Self-acting Re-
aper to our Machines, and can now offer you the
most perfect combined Mower and Reaper man-
ufactured in America, or in any other country.
This Machine is of the most improved quality,
and is particularly adapted for cutting lodged grain.
By a very simple device the points of the guards
can be raised or lowered at the option of the driver,
picking up everything, and making all smooth
work. It will cut several inches lower than the
Reaper has ever been used before.
Other Machines will probably be offered you at
perhaps, lower prices, but be assured these are
more than made up for in the quality of the quality
of work or quality of material used in construction.
We feel confident that our Combined Machine will
prove as satisfactory as the Mower has heretofore,
and have no hesitation in warranting it to be su-
perior to any Machine in this or any other market.
A complete list of our Machines, with prices,
is sent to you on application.

Ayer's Cherry Pectoral.
For Diseases of the Throat and Lungs,
such as Coughs, Colds, Whooping
Cough, Bronchitis, Asthma,
and Consumption.
Probably never before in the whole history of
medicine, has anything so widely and so long
upon the confidence of mankind, as this ex-
cellent remedy for pulmonary complaints. Through a
series of years, and among most of the races of
man it has risen higher and higher in their estimation,
as it has become better known. Its uniform
character and power to cure the various affec-
tions of the lungs and throat, have made it known as a
reliable protector against them. While adapted to
minor forms of disease, it is at the same time the most
effective remedy that can be given for incipient consump-
tion, and the dangerous affections of the throat and lungs.
As a pro-
tection against sudden attacks of Croup, it should
be kept on hand in every family, and indeed as a
sometimes subject to colds and coughs, all
should be provided with this antidote for them.
Although ordinary Consumption is thought in-
curable, still great numbers of cases where the dis-
ease seemed settled, have been completely cured,
and the patient restored to sound health by the
Cherry Pectoral. So complete is its mastery
over the disorders of the Lungs and Throat, that
the most obstinate of them yield to it. When whoop-
ing cough could reach them, under the Cherry Pec-
toral they subside and disappear.
Singers and Public Speakers find great
protection from it.
Asthma is always relieved and often wholly
cured by it.
Bronchitis is generally cured by taking the
Cherry Pectoral in small and frequent doses.
For a Cough and Cold, no better remedy can
be had. Take small doses three times daily, and
put the feet in warm water at night, until
the disease is broken up.
For Influenza, when it affects the throat or
lungs, take the same course.
For Whooping Cough, give small doses three
or four times a day.
For Croup, give large and frequent doses until
the disease is overcome.
No family should be without the Cherry Pec-
toral on hand to protect them, in case of attack.
When the above complaints are in their infancy,
spare the patient a great amount of suffering and
trouble, which he would incur by waiting until
he could get other aid. Parents, keep it in your houses
for the exigencies that arise. Lives dear to you
may be saved by it.
So generally are its virtues known, that we need
not publish certificates of them here, or do more
than assure the public that the best qualified ex-
perienced are continually maintained.
Prepared by **DR. J. C. AYER & Co.,** Practical
and Analytical Chemists, Lowell, Mass., and sold
everywhere.

The Most Reliable Friend.
Holloway's Ointment.
Its Searching and Healing Properties
are known and recognized through-
out the World.
The number of years this invaluable Ointment
has stood the test of public opinion, (and the longer
known the better appreciated) is a testimony of its
self more convincing than anything that could be
written in praise of its truly wonderful healing
properties. In the cure of bad legs, bad breasts,
sores, wounds, and ulcers, its effect is unexcelled.
For ring-burns, scalds, head-aches, and diseases
of the skin generally, there is no remedy to be com-
pared to it. When accidentally rubbed upon the
skin (previously well washed), it is a powerful
Ointment in its passage every part to which it is
applied.
Glandular Swellings, Mumps, Bronchitis,
Quinsy, Sore Throats and
Diphtheria
In any of the above diseases, immediate and per-
manent relief is obtained by effectually rubbing the
ointment upon the affected parts, three or four
times a day. It acts upon the very main spring
of life, through the glands, and in no manner
required for the body's restoration, and it is a
valuable remedy in its preservation. The Ointment
used conjointly with Holloway's Pills, will
act as a searching and healthy as a tonic, cure
the most hopeless cases.

Bad Legs, Bad Breasts, and Ulcerations
of all kinds.
There is no medicinal preparation in the world
which may be so thoroughly relied upon, in the
treatment of the above ailments, as Holloway's
Ointment. Nothing is so simple, and in such a
manner in which it is applied, or its action on the
body, both locally and constitutionally. The Ointment
penetrates into the pores of the skin, and enters
the pores just as salt enters meat. It quickly per-
meates to the source of the evil and drives it from
the system.
Rheumatism, Lumbago, Contracted and
Stiff Joints.
Many thousands of sufferers from the above com-
plaints have found life almost unupportable; yet
if Holloway's Ointment be briskly and perseveringly
rubbed upon the affected parts, relief may be
quickly obtained, especially if the pores of the
skin be previously opened by fomentations with
warm water. The great remedy requires expul-
sion from the system, it is therefore necessary to
recourse to Holloway's admirable Pills, which, by
purifying and strengthening the system, greatly
assist the operation of the Ointment, and facilitate
and confirm the cure.
Bad Legs, Bad Breasts, and Ulcerations
of all kinds.
