ONE PROOF
of a good thing is the attempt to
COUNTERFEIT
OR IMITATE IT
IMITATION IS THE SINCEREST FLATTERY.
MELISSA
Stands alone as a Satisfactory Rainproof Garment.

MELISSA IS THE BEST

beyond a doubt, and it is not only the best but it is the only thoroughly reliable, healthful, porous, odorless, Rainproof Fabric in the World. Now, that is pretty strong language, but it is as true as it is strong.

The season for rainproof wraps is here again.

There are several, so called, Porous, Odorless, Waterproofs in the market, some of them will be found absolutely worthless as Waterproofs; others will appear to stand one or two showers, but then it will be discovered that the proofing substance has washed away entirely and left the fibre of the cloth hard and brittle. Another, the most unreliable and useless of the lot, will be discovered to be proofed only in spots; the tail of a garment may be all right while the shoulders let water through like ordinary cloth, one shoulder may be right and the other all wrong. Wearers themselves will have to find out the frauds, and their experience will be both disappointing and expensive. Not so with MELISSA, for the proofing is done on an entirely different basis and cannot be successfully counterfeited or imitated. The process instead of destroying the fabric, preserves and strengthens it, so that its rainproof qualities are maintained intact to the very end. It is practically impossible for a Melissa Garment to be unevenly proofed, and the above trade mark is an absolute guarantee, not only that the proofing is uniform, but that the material is of excellent quality and thoroughly reliable in every respect.

All classes of Melissa Cloth, in the piece, will be sold to retail dealers through the Wholesale Dry Goods, Millinery, and Woollen Houses only, and a large variety of beautiful patterns of

MELISSA CLOTH FOR LADIES' COAKINGS, ETC.

are now being shown by the travellers of the houses handling these goods.

Men's and Youths' Garments will be sold as heretofore, through J. W. MACKEDIE & CO.

"Having occasion to test your Porter and Extract of Malt and Taraxacum, I can highly recommend it, supplying a long felt want to the medical profession, as it combines the fat producing qualities of malt with the alterative principles of taraxacum, and from its composition will easily be retained by the most delicate stomach, and consequently prove invaluable in protracted convalescence and all wasting diseases."

THE DAILY EXAMINER

APRIL 6, 1892

Notes and Comments.

—Lord Salisbury has gained the greatest diplomatic triumph of his career in the Behring Sea matter, and British Conservatives have good reason to rejoice. That is so—unless the arbitrators should decide that Behring Sea and all that is in it, outside the three mile limit, belongs to the United States!

—Prof. Saunders gave an interesting account of experiments with barley and other cereals before the Agricultural Committee a few days ago. Four hundred bushels of Canadian two-rowed barley were malted by leading English brewers and converted into ale, the result showing that the Canadian product makes splendid malting barley.

—A contemporary quotes the following from a United States newspaper as being President Harrison's "war record":

Behring Sea war	1889
Behring Sea war	1890 (1)
Behring Sea war	1891 (2)
Behring Sea war	1891
Sioux war	1891
Mafia war	1891
Etata war	1891
Chili (U. S. S. Baltimore) war	1891
Garza war	1892
Behring Sea war	1892

He certainly should win the next election on such a record.

—A London despatch reports that Sir Charles Tupper replies in the Nineteenth Century to the critics of the Imperial Federation scheme. He re-affirms the necessity that the colonial agents should have the freest contact with the Imperial Cabinet. He warmly defends Canada from the aspersion that she is now taking a fair share of the burdens of the empire. He elaborates a plan of preferential trade in the empire. He denies that the United States can retaliate, as she already does her worst, commercially, against Canada and England. He believes that this question has now forced itself upon public attention here.

—The United States Immigration Agent has intimated to the Canadian authorities that the Treasury department has decided that Canadian seamen can no longer be employed on lake vessels flying the American flag, but must make way for American seamen. The decision results from the arrest of Capt. Robshaw at Chicago last summer for violation of the contract labor law. Little short of a revelation will be caused in the carrying trade of the lakes, as many hundreds of Canadians have been employed every year on American vessels. The seamen's union and emigration agents will co-operate in a thorough enforcement of the decision. Only when an American vessel, while in a Canadian port, is deprived of its crew by desertion or otherwise, can aliens be employed, and then only temporally.

—The Boston Herald has one of the few fair articles which we have seen in American papers regarding the Behring Sea affair. It refers to the "delusive prerogative" claimed by the President and observes very truly that,—

"If the English Government, instead of our own, had purchased Alaska from Russia—and this would have been a natural transfer—our Government and our people would not for a moment have tolerated, either in theory or practice, the notion that Behring Sea was a closed waterway, which our whalers and fishermen could use only by the permission of Great Britain."

Our contemporary thinks there is no doubt at all that ultimately the United States' Government will have to pay indemnity for all the Canadian vessels seized outside three-mile limit.

—The Ottawa correspondent of the Empire reports:—"As the Globe will not whip into line, the French Liberals are liable to leave the party in a body. Col Amyot headed the break, which, if it is not stopped, will include half of the Quebec Liberal contingent before the session is over. Meanwhile Mr Laurier is forcing the acceptance of his resignation, having been openly defied by the Globe, and last night Hon Mr. Davies took upon himself the leader's place in replying to Sir John Thompson, while Mr. Laurier, after listening to him, walked off home, leaving the shreds and patches to take care of themselves. The rank and file who are not into the deal with Sir Richard are cursing the Globe up hill and down dale. They blame Farrer. They say that as he ruined the Mail so he is now ruining the Globe and with it the party. But the Cartwrightites smile, because they hope on those ruins to build up another organization with their beloved but somewhat jaundiced knight as the head. A pretty time they will have of it.

Testimonial From Rev. A. McLean New Glasgow, N. S.

MESSRS. WILLIS' PIANO & ORGAN CO.,

GENTLEMEN,—In reply to your request, I have much pleasure in saying, that the piano purchased from you is all you claimed for it. We are well pleased and consider the price very reasonable for an article of its superior quality. I trust your sales will increase, and that less and less of Dominion money will cross the line for American pianos.

Yours,
(Signed) A. McLEAN.

MAKES FLESH AND BLOOD.—When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker and contains all the constituents for nourishment found in wheat in fact, Miller's Emulsion is a perfect "staff of life," and has saved and cured thousands. In big bottles 50c. and $1 at Charlottetown drug stores. ....

A CHEAP FAMILY MEDICINE CHEST.—Twenty-five cents is a small amount to pay for a medicine chest, yet that is all a box of Every ody's Pills costs, and it is a whole drug store in itself. ....

CHEAP SALE.—The great clearance sale at the Diamond Bookstore opened to-day, and will continue for this and two following weeks. A uniform big discount will be given on all goods in large or small quantities. This is the biggest attraction ever given here.

Now is a good time to take Estey's Iron Tonic so that the system may be strengthened and the blood purified to withstand the debilitating effects of the warm summer weather. Druggists sell it. Price 50 cents.

A SMOOTH SKIN.—Estey's Fragrant Philoderma is strongly recommended for softening, beautifying and preserving the skin, and giving it a blooming and charming appearance. It completely removes tan, sunburn, redness, etc., and by its balsamic and healing qualities renders the skin soft, pliable and free from dryness. Sold by druggists. al dw 1m

ANOTHER CONVERT.—Dr. W H. Ruddick, of South Boston, who stands very high in social and military circles, has become a convert to the Roman Catholic faith. He has long been a leading Free Mason, having taken 32 degrees in that order. Dr. Ruddick's sudden change of views on religious subjects has caused much comment from his large circle of friends and acquaintances.

Twenty to thirty per cent discount on boots at Stamper's Corner. Now is the time to get bargains as the stock must be sold.

IT is now pretty well understood to be a dangerous practice to attempt to palm off worthless imitations of the "Myrtle Navy" tobacco for the genuine article. In former years that practice was the cause of much annoyance and Messrs. Tuckett & Sons were compelled to resort to the law courts to put a stop to it. Though they have not met with any cases of the kind lately, it is always a safe precaution for the purchaser to see that the trade mark T. & B in bronze letters is stamped upon each plug; no plug ever leaves the factory without it, and to appropriate the trade mark is a punishable offence. ....

A VERY NARROW ESCAPE.—Mrs. Eliza Jost, widow of Thomas Jost, who resides at 59 Queen Street, Halifax, has for years been an invalid confined to her bed. Her daughter lives with her. On Saturday, when Miss Jost went into her mother's room, she found the place on fire. There were holes burned in the wall and floor, the mantle was burned and the bed clothes were ablaze. The old lady was asleep, and of course unconscious of the danger which surrounded her. Miss Jost, with much presence of mind, threw mats on the bedding, and, supplemented by water, the fire was extinguished. It is supposed the screen had fallen on the stove and caught fire.

IT is welcomed in every house in France and England, and in a very brief time the same can be said of Canada, from the Atlantic to the Pacific. Lessive Phenix requires only to be tried once to be gratefully appreciated. A marvellous washing and cleansing solutive Just fancy an article that will make all your clothes as good as new, and that will clean everything in the house from the silver that you cherish to the common earthenware which you thought of throwing out, making it just like new. That is what Lessive Phenix will do and a score of other things. For it will clean everything, and it will not harden your hands.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. 1yr

Some time ago a New Jersey man left $30,000 to Henry George to be used in spreading the principles set forth in his writings on "Progress and Poverty." The widow disputed the will and is now in the poor house. What the lawyers did not get has been given to Mr. George. He has the progress and the widow has the poverty.
