My Baby
was a living skeleton; the doctor said he was dying of Marasmus and Indigestion. At 13 months he weighed only seven pounds. Nothing strengthened or fattened him. I began using Scott's Emulsion of Cod-liver Oil with Hypophosphites, feeding it to him and rubbing it into his body. He began to fatten and is now a beautiful dimpled boy. The Emulsion seemed to supply the one thing needed.

WOODS' PHTHOSPHEINE.
According to the engineers of the hydrographic bureau, the level of the Gulf of Mexico is one foot higher than it was in 1890, and, of course, the encroachment on the surrounding coast has been greater or less, depending on their character. In some places where the marginal lands are composed of high, rocky bluffs, this change of level has gone on from year to year without attracting attention. On the other hand, many low-lying points (some that were once inhabited by the primitive inhabitants of the present white settlers) are entirely submerged.
The cause of this change of level has not as yet been ascertained, but it is reasonably certain that it is the result of either a settling of the dry land or of a general and uniform uprising or upheaval in the gulf bed. No man who has given the matter a moment's thought will argue that there is more water in the gulf now than there was thirty-five years ago. On the contrary, there isn't the least doubt but that there is more water in the gulf now than there is, if this aqueous encroachment is steadily maintained. Keokuk will be a deep water harbor and St. Louis and the whole of Missouri will be entirely submerged in less than one generation from Jan. 1, 1860, to St. Louis Republic.

Ownership of Engagement Rings.
The right of possession of the engagement ring has engaged the attention of the courts of justice of the land to a marked extent. In New York State it has been decided that the ring belongs to the donor, the decision being essentially the same as that recently pronounced in Vermont. A young man in the latter state sued to recover a ring that he had given to a young woman who after accepting the ring, repudiated the engagement. The judge decided that it must be returned or else that the recipient must fulfill the conditions under which it was presented. On the other hand, the English courts some time ago decided that an engagement ring is not recoverable under any circumstances, unless the donor can prove that the recipient, inasmuch as he may find himself in the meshes of a complicated lawsuit, if he has originally sold the jewel on credit or on an installment payment plan. "Taking one consideration with another," as Gilbert's policeman reasoned, the best of all methods in the selling of an engagement ring is to demand cash down.—*Jewelers' Circular.*

Aphorisms and Maxims, 1750.
"For one poor person there are a hundred rich."
"Many have been ruined by buying good pennyworths."
"The eyes of a master will do more work than both his hands."
"Buy what thou hast no need of, and ere long thou shalt sell thy necessities."
"A plowman on his legs is higher than a gentleman on his knees."
"A child and a fool imagine twenty shillings and twenty years can never be spent."
"The second vice is lying; the first is running into debt."
"Creditors have better memories than debtors."
"Those have a short Lent who owe money to be paid at Easter."
"Creditors are a superstitious set—great observers of set days and times."—Notes and Queries.

Very Likely.
When Whistler and Wilde were intimate the artist named a kitten which had been presented to him "Oscar," as a tribute of affection to the poet. In due time Mrs. Whistler appeared at the studio door one morning, and inquired: "Dear Oscar, what do you think has happened? Oscar has kittens!"
"Impossible!" exclaimed the artist: "Oscar is not a kind of cat."
When, however, he was led to the spot where Oscar was purring over five diminutive, he said: "Well, if Oscar has had kittens he must have plagiarized them."—*The Amusing Journal.*

A New Reform Movement in Berlin.
A most curious club has just been formed in a sumptuous hotel in the Dombau Platz at Berlin. Its title is a poem, "Der Antihandelsniederlassenshaschenhallenverein." It is a club whose mission is to correct those people who have the habit of putting their hands in their trousers' pockets. The members of this would-be well-bred club are very numerous, and all those members of it seen with their hands in the pockets of their nether garments have to pay five pfennigs (one-half penny) for the first time, and 1 mark (one shilling) for the second offense.—*London Society.*

Kindliness of disposition is Christianity itself. The New Testament inculcates good manners. A Christian by the very conditions of his creed and the obligations of his faith must be in word and act a gentleman. Dr. Hays, in his "Glosses of Truth," says, "A Christian is God Almighty's gentleman."
Painful Piety.
Piety is sometimes anything but well-mannered. It is sour, it is stiff, it is homely, it is pretentious, it is very good, it is very ugly, it is very painful. It is enough to make a man run from church to see some pious people.

This Cannot Be Disputed.
A good road is the main artery of traffic. A village whose approaches are accessible and well kept is bound to thrive. A poor road at one end of the country wherein it exists as retrogressive or bankrupt and not worth traversing.
A SUFFERING ARMY.
Borne Down by a Relentless foe.
The great army of sufferers from various rheumatic conditions joyfully welcome Chase's K. & L. Pills because the foster parents of their aches and pains are the kidneys, which, on account of a diseased condition, are unable to relieve the blood of uric acid poison, which is deposited in the joints, producing on the first provocation irritating aches and pains in the bones, joints and muscles. It is from this that Chase's Pills relieve and cure is their wonderful power in restoring degenerate kidneys to a perfect and natural condition, without which the system is supplied with blood teeming with poison that adds fuel to the fire of rheumatic complaints, demoralizing the entire system and rendering it liable to a complicity of diseases terminating in dropsy, diabetes, or Bright's disease. A pleasant feature of these Pills is that, while most kidney remedies encourage constipation, Chase's Pills relieve and cure it. In nearly all rheumatic attacks there exists constipation of the bowels, which is easily overcome by Chase's Kidney-Liver Pills; in fact, they are a perfect cure for constipation. This is endorsed by Edward Garrett, editor and proprietor of the Bradford, Ont., *Weekly Witness*, and thousands of others. One pill a dose. 25 cents a box. The cheapest medicine on earth. Sold by all druggists. Edmanston, Bates & Co., Toronto.
Sold wholesale and retail by Geo. E. Hughes, Charlottetown.

A NEW CLUB.
Name Suggested for a New Social Organization in London.
LONDON (Special) Oct. 28.—It has been facetiously suggested that a new social club in process of organization in this city should be entitled "The Dodd's Kidney Pills Club" as the present members are all enthusiastic advocates of that remedy and in common with many other citizens declare that in all cases of kidney trouble no other agent has been found so completely effective. Most Londoners have at their fingers' ends the particulars of the many marvellous cures through the use of this specific. In every drugstore in the city the medicine is kept in large quantities and warmly recommended.
It is learned that Lord Salisbury is dissatisfied with the Sultan's verbal guarantee of Armenian returns, and the four great powers favor an early European conference on the Turkish question.

Another of Dickens' famous London taverns is threatened with extinction. The Old Ship, which is the Old Ship Arms mentioned in "Bleak House" as the scene of the inquest, has been boarded up prior to being pulled down.
Bad Blood Between Them.
The ever-slaving farmer's wife, her delicate sister in the city, suffer more than they care to tell. The dark rings round the eyes, headache, dizziness, palpitation or rheumatic twinges, a run-down system. The blood is poor, and is a bar to enjoyment of life. Scott's Sarsaparilla purifies the blood, strengthens and vitalizes the system, and speedily restores the bloom of health to the cheeks. It cures when all others fail.
The Punishment was Parcelled.
LONDON, November 1.—A despatch from Shanghai says the punishment of Vice-roy Pin Chang for the Soochow outrages has been utterly fractional. Upon returning to his home he did not suffer the smallest inconvenience. On the contrary, he was presented with glowing testimonials by officials of the province. It is stated that placards have been posted in Chung King inciting the population to murder foreigners. Only the English and Americans have yet returned there.

Don't Die Before Your Time.
"Why will you die?" That is the question the scientists now ask the miserably suffering from consumption or lung trouble. The answer naturally is "because I can't help it." But the consumptive can help it. Miller's Emulsion, made from Norwegian Cod Liver, and combined with the hypophosphites of lime and soda will cure nine cases out of ten of consumption, and the tenth case can get a reprieve for a year or two. New blood is what the consumptive requires, and Miller's Emulsion of Cod Liver Oil, when taken, produces it. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula and all Lung affections. In Big Bottles, 50c. and \$1, at all Drug Stores.

Disease Among Export Sheep.
Liverpool, November 1.—Sheep brought to this port by the steamer Scotman from Montreal, were slaughtered after being landed on account of a few cases of scab found among them. Several cases of the disease were found lately among sheep from the United States and Canada. It is feared that if cases continue to be found the board of agriculture will adopt drastic measures against sheep from those countries. The agricultural press is beginning to comment on the matter.

A Forty-Year Old Grievance Removed.
