

FOIL WRECK ATTEMPT
VIENNA (AP)—Alert railway officials foiled an attempt by unknown persons Wednesday to wreck the Vienna-Prague-Warsaw express. The officials found bolts thinking the rails had been removed or loosened at a point near the Austrian-Czechoslovak frontier. The discovery was made before the express passed at high speed over the stretch.

Legion Clover Club Re-opening Saturday Night

After a complete renovation the Clover Club of the Canadian Legion will reopen on Saturday night. The soft pastel shades used in the decorating give the dance hall a most artistic touch. Indirect lighting in varied colored lights add much to the beauty of the place. A new orchestra pit has been erected in the centre of the north end of the floor. Floors have been sanded and this centrally located dancing pavillion has an air of cleanliness and good taste. The orchestra in attendance at

all Clover Club dances will be The Legionaires which includes many well known musicians of this City. Charles MacGregor, Leo Dolron and Lou MacFadyen play the saxophone; Ding Connolly is at the piano; Frank Smith plays trumpet and Abe Douglas is on the drums. The work of redecorating the hall was under the supervision of Comrade Vic Bowlan, chairman of the Clover Club committee and Comrade Leo Doyle, chairman of the membership committee. Painting was done by Messrs. McCoubrey, Callaghan and Dolron. Carpentry and floor sanding was done by Urias Carragher.

HISTORIC SPOT
St. Andrews, Scottish home of golf, also has the remains of a castle built in 1200.

How to KEEP FIT after 50

In the old days fifty seemed the signal to slow down—take things easy—watch your diet—get more rest. It's still good advice. But these days you can face fifty with many interesting and active years ahead,—active, that is, if you can avoid backache and the "third-out" feeling, due to kidney and bladder disorders, that often develop around that age. For more than 60 years Dodd's Kidney Pills have been helping men and women of all ages to keep kidneys and bladder in good order,—helping them to feel better, to work better, and get more fun out of life. If you are approaching fifty, or past it, Dodd's Kidney Pills may help you, too. You can depend on Dodd's. 64

Family Opposition

person who looks no further than the end of his nose, and unconsciously counts on Mon (or her proxy) to pay the piper in emergency.

About your mother's attitude — it is more self-concerned than generous. She ought to fan her children's interest in finding their special niche in life; ought to give them aid and encouragement in branching out in new directions. Her own life would be richer for it. But if she hasn't the native wisdom to do this, our critique probably won't reform her. So there's no use laboring her errors.

My advice is to talk over your uncertainties with a family relations counsellor at a Family Service Agency in your city. You are stymied at present by inner conflict which, alternately says "Let's go" and "Stay put"—when you consider changing jobs. M.H.
