TREATY OF PEACE CONCLUDED.

According to late advices from Tokio, an Imperial decree has been issued setting forth that the envoys of Japan and China has completed the task entrusted to them of negotiating a treaty of peace between the two countries. The decree, after stating the conditions of peace agreed upon, says that Russia, Germany and France advised Japan that the permanent retention by her of the Liao Tung peninsula would not conduce to lasting peace in the Orient, and urged the retrocession of that territory to China. The decree then continues: "We have always been anxious to establish and maintain peace. Our object in the present war was to found an enduring peace. We believe that Russia, France and Germany are imbued with the same feeling. Therefore we will not insist upon the retention of the Liao Tung peninsula. We do not desire to raise fresh trouble increasing the calamities of our people or to obstruct the expansion of our country by deterring the restoration of the blessings of peace. China has shown regret for her breach of friendship thus justifying before the world Japan's action. Japan will comply with the desires of Russia, France & Germany. The manner in which the Liao Tung peninsula will be restored to China will be arranged by China and Japan.

"Now that the treaty of peace has been duly ratified and the ratifications exchanged our former friendship with China is restored and the ties attaching us to neutral countries are made closer. Let our officials and people keep this steadily in view.

JUST WHAT HE NEEDED.

Edward Callaghan, of St. John, N. B., is the Man.

Edward Callaghan, the well-known stevedore of St. John, N. B., was cured by Hawker's nerve and stomach cure.

Mr. Callaghan recently had a severe attack of la grippe, and the after effects were most distressing. He could not sleep, he was very nervous and irritable, had lost his appetite, and was generally run down to an extent that alarmed him.

He was advised to try a course of Hawker's nerve and stomach tonic, and did so. As in thousands of other cases the result in his case was completely satisfactory. He began to get better at once. His appetite returned, his nerves became stronger, he was able to sleep restfully, and was soon restored to his usual health.

Mr. Callaghan has given the Hawker Medicine Co. the facts of his case, that others who read of it may profit by his experience with this famous remedy, that never fails to cure.

Hawker's nerve and stomach tonic renews and restores nervous energy, forms new rich blood increasing its reconstructive powers thereby renewing wasted tissue and muscular vigor. It strengthens and invigorates the stomach, increases the appetite and aids digestion. Business, professional men or students will find it an excellent restorative tonic for the nervous depression, langor or despondency, which so frequently follow long continued or exhaustive mental work. Experience has proved it to be the best and most effective remedy to restore health and vigor after an attack of la grippe. It is sold by all druggists at fifty cents a bottle or six bottles for $2.50 and is manufactured by the Hawker Medicine Co., Ltd., St. John, N. B., Canada, and New York City.

The defeat in the Reichstag of the anti-revolution bill may mark an era in the development of parliamentary government in Germany. The bill was the Kaiser's, and it was backed by all the force the ministers could command. It had to be withdrawn after its clauses had been so changed as to be ineffective for the purposes they were intended for. The struggle was in a general sense one between the people and the Kaiser, and the Kaiser lost. The German government is a peculiar mixture of despotism and popular representation. The part of the people in it after this will be more effective.

A Great Cabinet Secret.

Is the date of the elections, which the workers of both parties would like to share; but it is no secret that Rigby Porous Waterproofs have, by the suffrages of the whole people of Canada, been declared to be worthy of the general confidence, because (1) they are superior to anything in the market, considering solely as a waterproof garment, affording perfect protection from the heaviest downpour, while at same time giving warmth and ventilation; (2), the material is not affected in any way by the waterproofing process; (3), the durable character of the garment, perfect as it is in each distinctive feature, gives it its superior value during the wet season. Rigby is in the minds, and then on the backs of thousands. Rigby is what to ask for.

PRINCIPLES OR VOTES—WHICH

Both will be important in the coming elections. Both parties want votes; principles may come in later. Some people say that principles tell in the long run more powerfully and conqueringly than votes. Certainly the principle, or root motive of Rigby, has told convincingly all over the country. The old rubber waterproof is dead and buried. The problem was to produce a garment while, while being perfectly waterproof, should at the same time, be unobjectionable as an ordinary overcoat, This dual character is admirably sustained in Rigby Porous Waterproofs. A Spring Overcoat; a waterproof garment; perfect ventilation; durable service. Don't be afraid of the rain or the chilly air; Rigby will protect you from both. Rigby is talked about; worn by thousands.

Montreal Gazette: "The introduction of more foreign made goods into Canada will not afford employment to the mechanics and operatives of this country. It will not start a single factory, or kindle a fire in a single forge. And to what end shall we seek the cheap and slaughtered wares of the United States, when our people are deprived of the employment which gives them the wages wherewith to purchase? The farmers of Ontario have during the last few months had a practical example of the benefits to them of protective duties on agricultural products in the case of wheat, the price of which, owing to the small supply, has been raised to the full extent of the duty of fifteen cents per bushel. If Sir Richard Cartwright's tariff for revenue only was in force the price of Canadian wheat would be the price of Chicago wheat plus the cost of transportation to this country, or from ten to fifteen cents below the quotations now ruling."

THE KENT CASE.

Phsicians Universally Admit the Diagnosis to have been Correct.

OTTAWA, April 22—The diagnosis in the case of Mr. G. H. Kent, of this city, whose recovery from Bright's disease by the use of Dodd's Kidney Pills has been so extensively chronicled appears to have been a very correct one. The swelling of the body and extremities to an abnoral size the fearful convulsions and subsequent insensibility, the racking pains, the formation of the hard ridges across the pit of the stomach and the great loss of albumen are all symptoms of this terrible disease, and it is universally admitted by all who have been approached on the subject that the case was unmistakable in its character. It is also universally admitted that he owes his restored health to the above mentioned remedy.

The Monroe doctrine is contained in following extract from the message submitted to Congress by President Monroe on the 2nd December 1813:—

"We owe it to candor and to the amicable relations existing between the United States and the Allied Powers to declare that we should consider any attempt on their part to extend their system to any portion of this hemisphere as dangerous to our peace and safety. With the existing colonies or dependencies of any European Power we have not interfered, and shall not interfere; but with the governments which they have declared their independence and maintained it, and whose independence we have, on great consideration and just principles acknowledged, we could not view any interposition for oppressing them, or controlling in any other manner their destiny, by any European power, in any other light than as a manifestation of an unfriendly disposition towards the United States." It is stated that the idea of the Monroe doctrine was suggested by a British statesman, Mr. Canning.

Saved His Life.

"I now weigh nearly 200 pounds," said a fine, robust looking man the other day; and yet this same man weighed up to die of consumption less than two years ago. What cured him? Miller's Emulsion of Cod Liver Oil did. He took it when at a low ebb, when his weight was less than 100 pounds. It created new blood for him and that combined with will power raised him up to a life of usefulness and happiness. If you are threatened with consumption or any lung trouble try Miller's Emulsion of Cod Liver Oil. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula, and all Lung affections. In Big Bottles, 50c. and $1, at all Drug Stores.

Get the Best.

The public are too intelligent to purchase a worthless article a second time. On the contrary they want the best! Physicians are unanimous in saying Scott's Emulsion is the best form of Cod Liver Oil.

"EUDORA," is the name of the new black dress fabric put upon the market by the Priestleys, whose famous dress goods are a household word all over the world. It is like their much-esteemed Henriettas cloths; indeed, it has all the merits, and a few things which they lack. It is made in black only, it is a perfect dust-shedder; has extra weight and width; and, fitting easily and draping gracefully, it gives a distinction to the wearer which all of Priestly's goods confer. This is their excellence, which sets them apart from all other goods. Wrapped on "The Varnished Board," and Priestley's name stamped on every fivey ards.
