

St. Andrew's WMS Monthly Meeting

The regular monthly meeting of the Women's Missionary Society of the St. Andrew's Presbyterian Church, Montague, was held in the church vestry Tuesday evening. The meeting opened with the call to worship by the president, Mrs. Malcolm MacKenzie, followed by prayer and the scripture lesson, psalm 96. The hymn "Sing To The Lord Of Harvest" was sung. An exposition was given by the president and the theme was "Enter into His gates with thanksgiving and into His courts with praise." A season of prayer was followed by the Lord's prayer in unison.

A number of visits to the sick and shut-ins were reported. Roll call was answered with a verse of scripture containing the word "love." There were eleven members present. A very interesting chapter from the study book "A Voyage Of Discovery" was read by Mrs. James Lowery.

The minutes of the last meeting were read by the secretary, Mrs. Emery MacNeill, and were approved as read. Arrangements for the annual thank-offering service Sunday evening were discussed. The financial report was read by the treasurer, Mrs. H. E. Nelson.

The meeting closed with the hymn, "For The Beauty Of The Earth," and the Mizpah benediction.

near the training ship and sank. Large sections of the academy's piers were blown away. At Newport News, Va., the battleship Kentucky, not yet completed, was torn loose and lunged around.

In New York, all outdoor activity — football games, harness racing and the like — was cancelled. Commercial airlines by the score were grounded.

In New England, where damage from a September hurricane is still visible, low lying coastal areas were evacuated against storm tides and lashing seas.

At Newport, R.I., the navy ordered all 60 warships in port, mostly destroyers, into hurricane berths — away from tenders and piers. Elsewhere along the coast, bigger warships put to sea to ride out the hurricane.

SIX DEAD
The storm left at least six persons dead in Maryland and blacked out all of the eastern shore from the Virginia capes to southern Delaware. Hospitals carried on with lanterns and emergency light plants.

The son of a former Maryland congressman died in the debris of a Salisbury skating rink while he was trying to check damage. Howard Ward, 54, son of former representative David M. Ward, was crushed under a brick wall of the rink.

A 13-year-old negro girl died in hospital from injuries suffered when a tree fell on her. Two persons were killed and at least 36 were injured in Washington as the hurricane sideswiped the capital.

UNTOID DAMAGE
Three more dead were reported in Pennsylvania and two in Delaware as the storm moved further north. The centre of the storm hit central Pennsylvania head-on and caused untold damage.

The 8,000 residents of Derry were without drinkable water when the western Pennsylvania town's reservoir overflowed and the water main broke. State officials placed 18,000 national guardsmen on the alert for emergency duty.

The storm was so powerful that in Wilmington, Del. it blew a woman into a trolley car as she tried to cross a downtown intersection. Her face was so badly mangled that immediate identification was impossible. The winds blew away her pocketbook.

The Week at S. D. U.

On last Saturday our football team got off to a flying start by defeating Acadia University 6-5 in their first intercollegiate game of the season. The Axemen took an early 5-0 lead in the game, but the Saints were not easily discouraged and, fighting hard, turned defeat into victory before the game ended.

The Red and White boys showed the effects of A. J. MacAdam's coaching when they started clicking and late in the first half Lloyd Gaudet scored their first try after a brilliant passing play by Gus Dorais and Paul Jay.

The Saints forged ahead early in the second half when John Kelly scored the winning try from a scrum on the Acadia five yard line.

Probably the outstanding player of the day was Gus Dorais who displayed a fine exhibition of smooth ball-handling and smart passing. John Reardon also played a good game and did some beautiful kicking which helped keep Acadia in their own territory, thus preventing them from scoring. Another standout among the Saints was Rodney McInnis who, working hard all the way, turned in a strong game.

The team left for Shearwater yesterday where they will meet N. S. Technical College this afternoon in their second league game. We expect this team to be a rough one to beat, but the Saints have always shown their best form when the chips were down and we know today's game will be no exception. Whether they win or lose we know they will have given their best for the honor of their college.

During the week several delegates have left to attend conferences in different part of Canada. On Wednesday morning Urban MacLellan and Richard Wedge left for Montreal and Toronto respectively. Urban is attending the national conference of G.P.C.C.S., which is being held at Loyola College, while Richard is attending the W.U.S.C. national conference and the national conference of N.F.C.U.S., which are being held at the University of Toronto.

A delegation consisting of Alton Craig and Stephen Fitzgerald left for Halifax on Thursday to attend the annual M.I.D.L. conference which is being held at the University of Kings College October 15 and 16.

During the past week the St. Dunstan's unit of the M.I.D.L. was reorganized on the campus and trial debates will be held weekly to enable coaches Fr. Cass and Mr. O'Grady to select teams to represent the College in intercollegiate debates to be held later in the year.

In the assembly hall on Wednesday evening, Rev. Adrian Arsenault, assisted by Richard Wedge, showed color slides of places of interest during a trip to Mexico last summer. Commenting on the slides as they were shown, Fr. Arsenault took us on an imaginary trip to Mexico. Starting in New York we travelled via Washington, through the Southern States into Mexico. After visiting many places of interest in Mexico we returned by way of Los Angeles, Hollywood and Chicago. The "trip" proved very interesting and educational and most of us left the assembly hall more enlightened for "having been in Mexico."

Charlie Roche, business manager of Red and White, is busy making plans for the Red and White dance which is to be held Tuesday night at the Rollaway. Since the proceeds of this dance will go towards the publication of our quarterly magazine, Charlie and his assistants are working hard in preparation for it and are hoping for a big success.

In intramural football circles it looks as though Grade XII may be the team to beat. There are five teams in the intramural league this year, each of which has played three games to date. At present Grade XII remains undefeated and is leading the race with a total of 6 points. Grade XI and Juniors are tied for second place while Freshmen is holding down third spot. There is always a great deal

Mayor Bruce Yeo Guest Speaker Last Night At Montague Hockey Banquet

Mayor Bruce Yeo was guest speaker last night at a banquet held in honor of the Montague baseball team, at the Haven Restaurant in Montague. In his brief talk, His Worship spoke on the character building aspect of sports in general and of baseball in particular.

"The virtue of sportsmanship derived from playing baseball," he said "a great asset in later life when young men have to meet and mingle with fellow human beings in business and professional associations." He further stated that while over-emphasis of sport is not a good thing, a proper balance in athletics and intellectual pursuits can be reached to insure that a growing boy will have a sound mind and body when he reaches manhood.

The hostess for the delicious dinner of roast turkey was Mrs. Gerald Landry and Mr. Rolfe Diamond gave the toast to the Queen.

Following the banquet, the young people held a dance and a social evening at Montague Armories.

Easier For Yanks To Wed Germans

HEIDELBERG, Germany, (AP) — The U. S. army, navy and air force announced Friday they are scrapping the tough regulations which have hindered but by no means blocked American servicemen from marrying German girls.

Two major drawbacks to servicemen's wedding plans will be revised effective Nov. 15. 1. An American need only be on assignment in Germany eight months before he can request permission to marry a German. Previously 18 months were required.

2. After approval, the marriage can take place immediately. Previously, the marriage had to be delayed 120 days before the American's rotation back to the United States.

Restaurant closing after October 17 for the season, still catering to weddings, banquets and social gatherings.

Also present were the members of the cast of the three-act play "The Feminine Touch", which was awarded first place in the Provincial Drama Festival last spring. The play was directed by Mrs. MacGowan and Mr. Gilbert Clements, Montague.

LODGE MEETING — Mrs. Grace Llewellyn presided at the regular meeting of Acme Rebekah Lodge, Montague Thursday evening. There was a large attendance of officers and members. In the absence of the secretary the minutes of the previous meeting were read by Mrs. Winnifred Vickerson and were adopted as read. A number of committees gave their reports and the financial report was read by the treasurer, Mrs. Ruth MacLeod. Plans were discussed for having a social evening in the lodge room later in October. At the close of the meeting lunch, featuring corn-on-the-cob, was greatly enjoyed. A vote of appreciation was tendered Mrs. Nellie Fraser for her delicious treat of the corn and to Mrs. Marie Dewar and Mrs. Vivikerson who assisted in serving.
