

United Church Afternoon Auxiliary Meets

The Afternoon Auxiliary of the W.M.S. of Trinity United Church, met in regular session in the Social Hall.

The hymn, "O, Master, Let Me Walk With Thee," with Mrs. J. A. MacNair as pianist, opened the worship service, which was conducted by Miss Mary MacNutt and Mrs. Frank Deacon, secretary of Christian Citizenship.

Mrs. Deacon read Romans Chapter 14 verses 10-23, followed by prayer by Miss MacNutt. Mrs. Deacon then discussed the phases of Christian Citizenship: Temperance, Social Welfare, Racial Brotherhood and World Peace. She quoted from the challenging report given by Miss Louise Callbeck, which she as Presbyterial Secretary of Christian Citizenship, presented at the annual meeting in Summerside and which showed deep concern and conscientious leadership.

The President, Mrs. A. B. Bagnall presided over the business, when reports of departmental secretaries were given.

It was decided to bring parcels for Korea to the June meeting.

Miss Mabel Newsom and Mrs. Harold Newsom reviewed the final chapters of "The Church in India," concluding with the words: "The door of opportunity in service swings wide open for every Christian. The pattern of the work may change, but a courageous and daring mind with Christ, will find that all things are possible."

The hymn "Forth in Thy Name, O Lord I Go," and the Mizpah Benediction concluded the service.

Parent proposed a toast to the choir members, and thanked them on behalf of the congregation for their faithful contributions to the regular church services. Reports Progress In Polio Vaccination In P. E. Island

By May 15 about six thousand children in Prince Edward Island between the ages of six and seven years will have had their second inoculation of Salk polio vaccine, Health Minister Hon. B. Earle MacDonald stated yesterday. All these children will receive a third shot in October. The vaccine is not yet available for commercial distribution within the Province, he said, but it is hoped that drugists will have a supply available about the first of July.

When asked what the cost of individual inoculations from the family doctor would be, Mr. MacDonald said he believed it would be \$6.00 for the three shots plus the doctor's fee which in all probability would be about \$5.00, making a total cost per person of \$11.00. He was not aware that there would be any reduction in the cost of inoculation for a whole family, "That would be a matter to take up with the family physician," he stated.

The Minister said that the recent scare from the vaccinations in the United States had not caused any curtailment in the inoculation program in the Province. "We are proceeding as originally planned."

Proposes 10-Year Plan To Save Coal Industry

OTTAWA (CP)—A 10-year plan to preserve the Maritime coal mining industry until this fall again is required for development of the Canadian economy was proposed Tuesday in the Commons.

A. R. Lusby (L.—Cumberland) said in the budget debate that the Dominion coal board has forecast that by the mid-1960s coal once again will be in demand. Immediate steps should be taken to permit the industry to exist over the intervening years.

Mr. Lusby said the proposed royal commission to study Canada's economic prospects should make a separate examination of the Maritime coal industry. This was a matter of urgency.

Plans were made for the annual picnic for the blind which will be held at Stanhope July 5th.

Invite Russia To Participate In Conference

PARIS. (Reuters) — The three Western powers Tuesday invited Russia to participate in the first East-West meeting of heads of state since the 1945 Potsdam conference.

This time, however, the West contemplates only a brief conference in which the four leaders would discuss general issues before the foreign ministers buckle down to detailed negotiations.

The Western powers, whose identical notes were handed to the Kremlin Tuesday, expect the meeting to take place in Switzerland in July.

Both Sides Claim Victory In Air Clash

TOKYO (AP)—U.S. Sabre jets and Chinese Red MIGs battled off North Korea Monday with both sides claiming victory. Peiping radio charged the United States with "a grave military provocation."

A U.S. Air Force announcement said eight Sabres were attacked by from 12 to 16 MIGs over international water, two MIGs were shot down and one probably was shot down. It said all Sabres returned safely.

A Peiping radio broadcast said the Sabres intruded over some Manchurian islands off the coast and Red Chinese fighters shot down one Sabre and hit two others. It mentioned no MIG losses.

Police Seize 400,000 Cigaretts

MONTREAL (CP)—The RCMP reported seizure Tuesday of 400,000 smuggled cigarettes near Cape la Madeleine, Que.

Supt. E. Brakelfield-Moore said no duty had been paid on the cigarettes which had been brought in from the United States.

It was the largest contraband seizure made by the RCMP this year, he said.

Schism Threat

Dr. McGugan, acting as elections chairman, said: "The nominating committee had never considered such a contingency." However if a nominee did not wish to serve, the committee was "regretfully forced to agree."

On the election there was no opposing show of hands and Dr. Turner's selection was declared unanimous—by no means all—then left. He was nominated as a director for Quebec province. Father Bertrand also declined to allow his name to stand, and Dr. Paul Bourgeois of Montreal's Notre Dame hospital was elected.

Father Bertrand later told reporters he might issue a statement in Montreal today on the developments.

Laymen's Ass'n St. Paul's Hear Talk On North

Last night the annual meeting of the Laymen's Association of St. Paul's Anglican Church was held. After the dinner a talk by the guest, the business meeting of the organization was held.

The speaker was Mr. G. Rea-Airth, who spoke on "Missions of the North." Recently returned from Northern Quebec where he taught at St. Philip's Anglican Indian and Eskimo School, he brought first hand information of life in the north and the work of the missionary and lay workers.

"There is a great need in the north for interested workers in the church. Matrons and supervisors of both boys and girls, handicraft teachers and so on," the speaker continued. "The remuneration is small but spiritually it is rewarding. There seems to be little action on the Canadian Missionary Field. India and China are much more fascinating than the tundra at 50 below zero. But the natives of the north are in need of healthy contacts, spiritual mentors, just as much as any other people. If not more because they are our own people—Canadians, whether we think of them as that or not. At the present moment there are only two or three young men in training now for service in the Arctic Diocese and the prospects of more volunteers is very poor at the moment. Only last year a young man and his wife travelled all the way from England to become missionaries in remote Great Whale River on Hudson's Bay."

"How can we help?" is the most oft asked question I receive. The collecting and sending of gifts and clothing in bales is a practical method. Sending money through the missionary channels earmarked for the northern missions or sending it directly, by becoming more familiar with the north itself and the Diocese of the Arctic and prayers are my suggestions. Possibly the last mentioned will do more good if nothing else can be done," stated Mr. Rea-Airth.

He painted a picture of hardship and of reward. "One learns how to live in a small community where it is necessary for the welfare of the people to get along themselves. Little parties are held, hikes in the snow and just recent sessions

Close to People

Visits to the parishes, confirmations and other duties that might be considered routine have kept him close to the men and women in his archdiocese. He has been tireless in working for their interests and growth of population provides no let-up in these duties.

Cardinal McGuigan declined personal recognition when he observed in 1945 the 25th anniversary of his ordination.
