

UPEI NEWSBREAK

LIBRARY ROOF DAMAGED- The roof on the second floor of Robertson Library sustained heavy damage recently. Security guards found large craters in the library ceiling. The dents are about the size of an extremely large pumpkin and engineers fear that the roof is severely damaged from the beating it took. Further investigation into the matter, which was originally took to be an act of vandalism, revealed that the damage was caused by a Mr. Tony Carroll. Mr. Carroll claims he was merely trying out his new motorized pogo stick. Although the roof is heavily damaged and may have to be replaced Mr. Carroll's head is unscarred.

FIRE IN PRESIDENT'S HOUSE- A fire in an apartment building on Haviland St. inhabited by Student Union President J.B. MacDougall might be of a suspicious origin, fire department officials revealed today. Rumors that the fire started while Mr. MacDougall was freebasing cocaine were deemed to be "pure bull____" by J.B. himself who blamed the fire on "the giant purple lobsters who live inside the T.V." John who was left homeless as a result of the fire was sedated and invited to stay with Dr. Leo Killhorn for a few weeks to "recuperate".

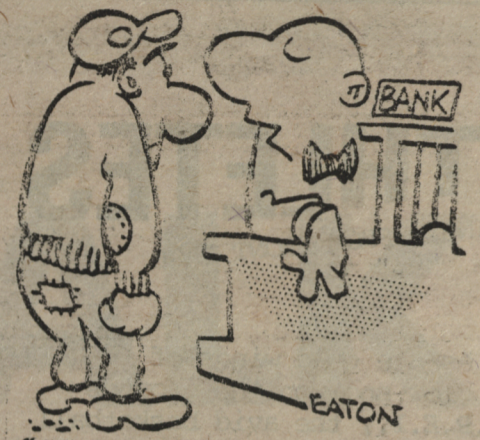

FOOD MANAGER ARRESTED- Andy Dean, manager of the cafeteria was arrested by S.P.C.A. agents yesterday on charges of gross cruelty to animals, (no, he did not refuse to feed the engineers). The charges stem from a series of incidents over the last year. It seems that Mr. Dean went to the Animal Shelter disguised as a kindly old lady to adopt some pets. He drew suspicion to himself when he started to adopt as many as 50 cats a week. Although no corpses have been found yet investigators fear the worst.

CAFETERIA SPECIAL FOR THE WEEK- The special in the cafeteria this week is Feline Bubbly Bake, all you can eat for 50¢.

TATOO YOU!- Believe it or not we have the son of a famous celebrity on campus. A child support suit brought against Mr. Tatoo of Fantasy Island fame has revealed that he is the true father of none other than our own V.P. External, Victor Moore. Although this comes as a shock, it explains why Victor has been seen on the roof of the Barn pointing at airplanes flying by and shouting "de plane, de plane!", like father like son.

RUMOR HATH IT!

- When it comes to exams, Zippy is just slightly ahead of his time.
