Polio Clinid Swamped By Record Numbers

Expressions of pleasure and gratification were heard from all officials of the polio inoculation clinic held at the Y.M.C.A. last night when the largest number on record crowded the doors of the inoculating room and extended in a double line from the doors on Euston Street around the corner on Prince Street to the Travel Bureau.

Altogether 820 received first, second or third inoculations last night with 610 receiving their first shot. The large number necessiated, the calling in of a second doctor to assist in giving the polio shots.

Working at top speed the two doctors and the two assisting nurses inoculated 240 an hour in an attempt to keep up with the incoming numbers. Three registration tables were kept busy processing cards as men and women filed by to be inoculated.

The recent large number of polio cases in Montreal and Newfoundland provided an added incentive but the result is the same with the many added numbers who have now some measure of polio protection.

Dr. Todor Gencheff, chairman of the polio vaccination committee, who also assisted with the inoculations praised the generous response and stated that the clinic, which was slated from 7 to 9 p.m. would be continued until all inoculations had been completed. He stated further that another clinic might possibly be held next week if it was considered advisable in view of the numbers wishing to be inoculated.

Assisting at the clinic last night were Dr. Allan MacMillan, Dr. Harold Stewart, Mrs. Lillie McGuigan, R.N.; Mrs. G.F. Roper, R.N.; Miss Mone Wilson, R.N.; Mrs. J.E. Fleming, Executive Secretary of the Polio Foundation; Lorne Bowness, Mrs. Fred MacMillan, John Evans and Dick Fleming.

AGING DWELLINGS

More than 500,000 houses in Canada are from 50 to 75 years old, and nearly one in 10 was built in the 1880s or earlier.

Local Staffer Leads Sales

GERRY PETTIT

As winner of a sales and advertising competition conducted by the Thomson Newspapers in Canada, Gerry Pettit, of the display advertising department of The Guardian and The Evening Patrio, leaves this week for an advertising convention in Washington, D.C.

He will be joined there by two other advertising salesmen for Thomson newspaper, Terry Hogan of The Evening Report, Galt, Ont., and Malcolm Duncan, of The Mercury, Guelph, Ont.

The three men, all selected for their enthusiastic selling ability and organizational efforts will represent the Thomson Newspapers at the Bureau of Advertising Workshop, Aug. 30 to Sept. 2.

Mr. Pettit joined the staff of the Charlottetown newspaper in October 1958. He had worked previously on Thomson newspapers in Galt, Woodstock and Timmins, Ont.

DeMILLE'S

'THE TEN COMMANDMENTS'

A FABULOUS SCREEN MASTERPIECE

Cecil B. DeMille's Production "The Ten Commandments," acclaimed by the nation's press, advance audiences and ministers of all faiths as an overwhelming motion picture experience and the all-time pinnacle of movie-making, will begin its local engagement TODAY at the NORTH RIVER DRIVE-IN Treatre.

Ten years in the planning, three years in research, three years in the writing and more than a year in the actual shooting, the masterwork of the screen's master showman is by far the biggest production in film history. Utilizing the talents of a massive cast of top stars and the best technicians the industry has to offer, the Paramount picture backgrounds an eternally dramatic and meaningful story with spectacle that has been called colossal in its scope.

The dramatization of the Book of Exodus stars Charlton Heston as Moses, Yul Brynner as his implacable enemy, Rameses II. Anne Baxter, Edward G. Robinson, Yvonne De Carlo, Debra Paget and John Derek.

Starring also are Sir Cedric Hardwicke, Nina Foch, Martha Scott, Judith Anderson and Vincent Price, with even the "supporting" roles played by a long list of stars. Extras number upwards of 25,000 and were hired for the Egyptian location shooting by the tribe.

Running three hours and thirty-nine minutes, the Vista Vision, Technicolor film is the account of the life of Moses from the time his mother set him afloat on the Nile, through his years as a mighty general in the Pharaoh's army, to his betrayal and exile to the desert, and finally his deliverance of the Israelites and his receipt of God's Commandments. Many scenes were made on Mount Sinai itself, on the shores of the Red Sea and on the very desert sands that felt Moses' footsteps.

From its premiere performances on, the film has been receiving extraordinary acclaim for its awe-inspiring re-creations of the building of the Pharaoh's treasure city, the Plagues, the Exodus, the Pillar of Fire, the etching of the Commandments in the stone of Sinai by the fiery finger of God and the miracle of the parting of the Red Sea.
