O'Leary Artificial Breeding Club Holds Annual Meeting

O'LEARY — The annual meeting of O'Leary district artificial breeding club was held in the O'Leary public hall last evening with a good attendance. A welcome was extended by Charles Milligan who acted as chairman owing to the absence through illness of the president Alvin McIsaac.

Allan Palmer, Prince County agricultural representative, gave an interesting address on feeding problems such as the quality of roughage and the provincial pasture competition. Winnifred Bridges, inseminator, presented his annual report and urged farmers to place calls every especially in the busy season.

In chairman of the nominating committee, Keith Gard, brought in the new slate of officers as follows: Clayton Stetson, Gordon Warren and Horation MacWilliams. Charles Milligan was nominated from the floor but declined.

A talk on "Dairying Herd Improvement and the need for cream quality", was given by Earl Adams, assistant provincial dairy superintendent.

Dr. George Fisher, gave a brief address and introduced the special speaker of the evening, Hon. Eugene Cullen, provincial minister of agriculture, who spoke on "Disease control and marketing difficulties caused by pressure of surpluses on other provinces."

A lively discussion was held during the question period on conception rate and other problems.

GRADUATE

Gord Jenkins, son of Mr. and Mrs. J.B. Jenkins of Summerside, has graduated from the Nova Scotia Technical College with the degree of bachelor of engineering. He attended Summerside High and then went to Acadia University where he received his diploma in applied science. He will reside in Charlottetown.

DRINKING COW HAS BIG HEAD

ALTONA, N.S. (CP)—Zero, a cow, is recovering with nothing worse than a severe hang-over today after celebrating the birth of her twin calves by drinking two gallons of anti-freeze.

Her owner had left the liquid in a bucket in his barn after draining it from a tractor. Zero started into it to quench her thirst after the blessed event.

The farmer called veterinarians, agriculture department representatives and even the poison centre at the Winnipeg Children's Hospital seeking an antidote. None could be found.

Zero just sweated it out. Said a local garage operator: "At least she won't be bothered by cool nights. She should be good for two below."

WORLD BANK

Established as a United Nations agency with 28 member nations in 1944, the World Bank had 69 member countries in 1958.

TRUSTWORTHY SOURCE

The information had been furnished by an official in whom all of us have had absolute confidence and we now find that we have grievously erred in our trust.

Harvey McFarland of H. J. McFarland Construction Company, who sponsors the hockey club, said his firm will withdraw its support pending an investigation.

The mayor said Denyes resigned following two emergency council meetings Friday and Saturday. The meetings followed an auditor's report that contained "serious implications," said the mayor.

SEAWAY SURVEY

OTTAWA (CP) — A group of federal engineers and economists next week will conduct a survey of actual conditions and possible future harbor and other requirements along the St. Lawrence River as a result of completion of the seaway. It was announced Monday that the party also plans to inspect existing harbor facilities and make a study of prospective traffic.

Gallant, Summerside, term lieutenant. BACK ROW, Cadets Wendell Brown, Wood Islands, Charles Pratt, St. Peters, Donald MacMillan, Truro, Rodney Coles, Milton, Peter Leussauer, Quebec, Lorne MacFarlane, Brackley, Missing from photo are cadets Paul Arsenault, Montreal and

17 UNTD Cadets Leave Wed. For Training

Seventeen members of the local University Naval Training Division will leave here tomorrow bound for various naval training establishments across Canada.

The nine senior group, made up of cadets with two, three and four years experience behind them will train at three separate establishments. One section will go to HMCS Hochelaga, Montreal, the second going to HMCS Stadacona, Halifax, and the third to HMCS Naden, Victoria, B.C.

Each section will undergo a 17-week period of training in naval executive and supply branches.

The eight-member junior group will all train at east coast bases. They will spend the first month at HMCS Stadacona, Halifax, the

second at HMCS Cornwallis at Digby, and the third month aboard ship for sea training. In the past these cruises have taken the cadets to European ports and ports on the Atlantic seaboard of the United States.

All members of the RCN(R), the boys, all attend either St. Dunstan's University or Prince of Wales College. Lieut-Cmdr. A. J. MacAdam, RCN(R) is in charge of the division.

His assistants include term Sub-Lieutenant J. R. MacDonald, Charlottetown, and term Sub-Lieut. L. R. Gallant, Summerside, Lieutenant G. Arsenault, Quebec, is executive officer, and Petty Officer Sidney McNevin, RCN, Charlottetown, Parade gunnery instructor.

During its period of operations the Co-op has paid out \$554,114 in wages. Shareholders have seen fit to withdraw a total of \$62,191 in dividends out of a total of \$112,000 earned on sales rebates.

It was reported that the Co-op had purchased the land formerly occupied by the Masonic Hall and Prince Edward Theatre. This property it was stated may be used by a future board for the purpose of expansion, for the erection of a new building for rent; for resale or for any other profitable purpose.

A drive for membership during the year resulted in the enrollment increasing from 692 in May 1957 to 1,035 at the present time. The employees of the organization were credited with a large percentage of the increase and in each case were individually rewarded for their efforts.

It was decided to pay six per cent on share capital and five per cent on sales dividends. A

dividend of two per cent will be paid on farm sales. The manager of the Central Farmers' Co-op is C. M. MacLean.

Some of the information that I and other members of the city council have given you with respect to the financial affairs of this city as they relate specifically to the position of the hockey club have been horribly incorrect."

The mayor said it would probably be some time before a definite and correct figure of the sum of money involved is known. Denyes, elected city manager of this city of some 28,000 in June, 1957, was reported at his home here suffering from a nervous breakdown. He was not available for comment.

Denyes has been manager of the McFarlands since they entered the Ontario Hockey Association eastern senior A series in 1956-57. He went with them to Europe earlier this year when they won the world hockey championship at Prague, Czechoslovakia.

Mayor Hyde said none of the city funds had been used in sending the team overseas.

The information had been furnished by an official in whom all of us have had absolute confidence and we now find that we have grievously erred in our trust.

Harvey McFarland of H. J. McFarland Construction Company, who sponsors the hockey club, said his firm will withdraw its support pending an investigation.

The mayor said Denyes resigned following two emergency council meetings Friday and Saturday. The meetings followed an auditor's report that contained "serious implications," said the mayor.

OTTAWA (CP) — Extensive damages but no injuries were reported after a brief storm Monday night that blew down trees, ravaged buildings and disrupted communications.

Winds gusting up to 100 miles an hour blew three freight cars off a siding onto the main CNR line southeast of Ottawa where one was derailed, holding up the westbound Super Continental for 1½ hours. Some passengers were ferried into Ottawa in taxis.

Sudden rain turned streets into streams and drenched surprised rushour crowds.

All four Ottawa-Hull radio stations were off the air for a time during the 25-minute lightning storm.

Plate glass windows were blown in and outbuildings and store signs blown down. No fires were reported. Power was off in several areas.

No injuries were reported. The Rockcliffe weather office here said the storm "a heavy shower in a series of showers that passed over the district eastward down the Ottawa River" contained steady winds of 50 miles an hour and gusts up to 100.

The storm hit the city at 5:40 p.m. EDT and rain had stopped by 6:05 p.m. The clouds broke up and blue began to show through minutes later.

UKRAINE HONORED LONDON (Reuters) — Soviet Premier Nikita Khrushchev Sunday visited a collective farm near Kiev, the Soviet news agency Tass reported. He arrived in Kiev Saturday to award the insignia of the order of Lenin to the Ukraine Republic for successes in the development of agriculture.

Western

(Continued from page 1)

importance of mobility in operation connected with national survival.

He pointed out that high among Soviet targets in Canada would be large cities such as Ottawa, Vancouver, Toronto and Montreal and that while Militia units were stationed throughout the country, often in small towns; these forces would have to be moved quickly to destroyed areas.

Even units in cities might have to move speedily into the countryside if enemy bombers which had failed to penetrate our defences were forced to jetison their bombs anywhere they could.

Militia units, he said, were now fairly well supplied with transportation, especially with motor vehicles and steps would be taken to improve the situation still further.

In this connection, Mr. Pearkes pointed out militia units would not be losing their tanks, as had been claimed in press reports following publication of the White Paper on Defence Policy.

Tanks, he said, while their guns would be of little use, would be of great value in moving into destroyed urban areas.

The Defence Minister said there were many implications in the role of civil defence that could come into play in the event of a global war.

Thus if the Russians were to launch an attack on North America, and fail, they might turn their attention to Europe, with greater chance of initial success. In such a case, Canadian militia and regular units trained in civil defence operations might be sent to Europe to assist in re-organization work there.

TIGERS BIGGER Maximum weight for a tiger has been recorded at 570 pounds, compared to 517 for a lion.

LATE NOTICES

(Also see announcements in columns adjoining Classified Advertising Section.)

GOODWIN — At her home, Baldwin's Road, on May 11, 1959, Mrs. Hannah Goodwin, in her 82nd year. Her remains will be transferred from the Hennessey Funeral Home this afternoon at 4 o'clock to her late residence. Funeral arrangements will be announced later.
