

THE DAILY EXAMINER.

MARCH 15, 1890.

Notes and Comments.

Commenting upon the political situation here and the probable event of the game of election petitions, the St. John Sun says: "In the meantime there is a thoroughly respectable, able and honest government in power which ought to be able to hold its own and gain something in any by-elections."

A surplus of \$4,315,756.90 in eight months! This is the present year's showing of Sir John Macdonald and his associates. Yet the Grits maintain that the Dominion Government is very extravagant, and that the trade of Canada is declining. On the other hand, the Government of Nova Scotia, with a deficit in the past year's transactions amounting to \$45,167, besides \$513,793 borrowed and expended upon political roads and bridges, is a pattern of economy.

The Chronicle, commenting on the continued enormous investments of British capital in the United States, says that if the English capitalists go on as they have been doing they will soon own the country. "It is a blow," our contemporary continues, "at the presumptuous arrogance and supercilious boasting of our American neighbors that they are losing the grip of their own affairs by the business sagacity and boundless wealth of John Bull. Brother Jonathan will soon be mortgaged to him for all he is worth."

The sum annually paid out in pensions by the United States would support one of the great standing armies of central Europe. The annual pension appropriation bill now before congress amounts to \$98,427,451. This represents only what is absolutely necessary to meet the obligations already incurred, and supplementary pension legislation is sure to carry it above the \$100,000,000 mark. In addition to this Secretary Noble has urged Congress to pass a dependent pension bill, which is expected to take from \$35,000,000 to \$50,000,000 a year out of the treasury.

John Lowe, Deputy Minister of Agriculture, was, a few days ago, examined upon the subject of immigration during the past year by the Committee of Agriculture and Colonization. He said the total immigration into Canada in 1889 was 27,571, whereas it was 37,700 in 1888. Of these 18,732 entered by the St. Lawrence, 3,177 entering by Montreal direct, and 26,809 entered Manitoba. The number of settlers from the United States was 38,617, of whom 25,521 were returning Canadians, which goes to show that all who leave Canada to better themselves do not find that this can be done in the United States. Attention was called to the reports circulated regarding the settlement of crofters in the Northwest, a Gaelic society in Toronto actually soliciting aid for them. Mr. Lowe said that if there were any foundation for these reports the agent of the department would have informed the government. Mr. Colmer, who was sent out by the commissioner in London, made a verbal report to the Minister of Agriculture, to the effect that the crofters were in a satisfactory condition. He would make special inquiries and have the report contradicted. He also stated that the government had not given any assisted passages to immigrants since the agreement expired in 1888.

It must be admitted that the average Charlottetown boy needs correction at times. It must also be admitted that if the correction be administered judiciously and not in anger, it will do good. The parents and teachers of these days are, on the whole, rather inclined to be too careless in their conduct of the training of the rising generation than to be too strict, or harsh. The consequence is now seen in a roughness of speech and rudeness of manner on the part of the children which would have been horriously to the generation of our grandfathers and grandmothers. It will be well if the results do not make for social disorder and laxness of morals in the years that are to come. But individual instances are not wanting in which both teachers and parents overstep the mark set by enlightened discipline for the correction of naughty boys and giddy girls, the results being, in such instances, worse even than those of the prevalent carelessness. Such an instance was, in the opinion of the St. John's Magistrate, presented at the Police Court yesterday forenoon. It is, of course, the bounden duty of a teacher to maintain order in his school, and to enforce, if force be necessary to that end, obedience to his commands. We have no sympathy with parents who are wont to rush into court in the endeavor to humiliate a teacher whenever the household darling comes home with his fingers in his mouth. But teachers should not forget that discipline may be maintained and obedience enforced without an undue use of the rod, and that the undue use of the rod tends rather to disorder than to order. Offences for which the rod is required are few and heinous; and, in the punishment of such offences, care should be taken that the rod be not too big, or the strong arm that wields it moved by the power of anger. Let punishment be inflicted when punishment is deserved; but let it be done with judgment, tempered by charity.

Trot at Murray Harbor North.

A trot was held on the Basin Ice, Murray Harbor North, on the 12th inst. A very large crowd of people and a great number of horses attended. The prize of \$3 extended to the owner of the speediest horse, was secured by McLelan, of Brown's Creek. Archibald Johnson's Pirate was a good second, and would probably have been a much better first, had he not been greatly incapacitated by very sore feet. Other horses, notably among them Thomas Jenkins' and Edward Irving's, made very honorable performances. S. G. C.

Horse Trot at Annandale.

Long before the hour arrived, a large concourse of people assembled to witness and participate in what promised to be the most interesting races of the season in this County. There had been a lot of minor races—challenges being freely thrown out and as freely accepted. The day and the track were all that could be desired. The entries in the first-class race were Eastern Chief, owned and driven by Philip Francis, and Royal Streak, owned and driven by Alex Campbell. A good start was made, with Chief slightly leading, which he maintained for the first hundred yards,—then it was neck and neck to the half mile, after which Royal Streak took the lead, and kept it to the finish. In the next heat, Chief came in half a length ahead, but broke badly. The heat was disallowed. In the third heat, Royal Streak took the lead and kept it to the finish, and was declared the winner. In the second class there were four entries, Donald A. Campbell's Jeff winning, with E. McLaren's Pansy Blossom a good second. From the start it was seen that the fight would be between these two, and it was the prettiest trotting of the day. In the third class, Bennett McDonald's Black Bess took first money. On the ice there were some splendid specimens of the equine race, among which was one driven by M. McCormack, of Narrows Creek. HENRY NORTON, Sec'y. Annandale, March 13, 1890.

Religious Services.

Services in Zion Church to-morrow will be conducted by the Pastor, Rev. David Sutherland, at 11 a. m., and in the evening at 7 o'clock. Morning Prayer Meeting at 10.15. Sabbath School and Bible Class meet at 2.30 p. m.

The regular Gospel Meeting in connection with the Y. M. C. A., will be held to-morrow afternoon at 4 o'clock. Subject: "The Draught of Fishes," Luke 5, 1 to 11. A cordial invitation extended to all, and especially to strangers and young men.

Remember the Railway Gospel Meeting to-morrow afternoon in McLeod's Hall at 4 o'clock. You will always find a welcome. Lesson: Timothy, 4-8. "Godliness is profitable unto all things, having promise of life that now is, and of that which is to come." Services in the Upper Priores Street Church to-morrow as follows: Prayer meeting, 7.30; preaching at 11 a. m. by Rev. W. W. Brewer; bible class at 2.30; evangelical service at 7, led by Rev. W. Brewer.

Personal.

Mr. A. W. Hayden, representing the Canada Paper Company, Montreal, is at the Osborne House.

John Dool, President of the Bank of Nova Scotia, leaves Halifax in a few days on a trip to England via Jamaica.

HOME FOR INTERMENT.—The St. John papers report that the body of a girl named Lucy McInnis, whose parents reside at Carleton, P. E. Island, passed through that city a few evenings ago on the way home from Boston for interment. Her death, it is alleged, was the result of a criminal operation performed by Dr. Eastman, of Boston, who is now under arrest.

AN ERROR IN THE BIBLE.—The Pall Mall Gazette says: The son of the Rev. Dr. H. Adler has distinguished himself (according to the Jewish Chronicle) by detecting a printer's error in a recent issue of the Bible from the Cambridge press. In the thirteenth verse of Isaiah xlviii, the letter "r" instead of the letter "f" has been used to commence the word "foundation." Dr. Adler drew the attention of Dr. Wright, Librarian of the British and Foreign Bible Society, to the error, and the latter obtained from the Cambridge Press for Master Adler the guinea which the Press offers to anyone who discovers a mistake.

THE PORTIA ALL RIGHT.—A letter from Mr. Joseph Merritt, received in St. John from Bermuda on the 5th, making the run out from Yarmouth in 68 hours. On entering the channel in the morning she struck on a reef, and remained until 6 o'clock in the evening, when she floated. A diver examined the Portia's bottom and pronounced it all right. The Portia sailed again at 11 o'clock on the morning of the 6th. Mr. Merritt speaks of the good sea-going qualities of the Portia and the pleasant passage. There were on board twenty-five passengers. At the time of writing Mr. M. states the thermometer stood 76 degrees in the shade.

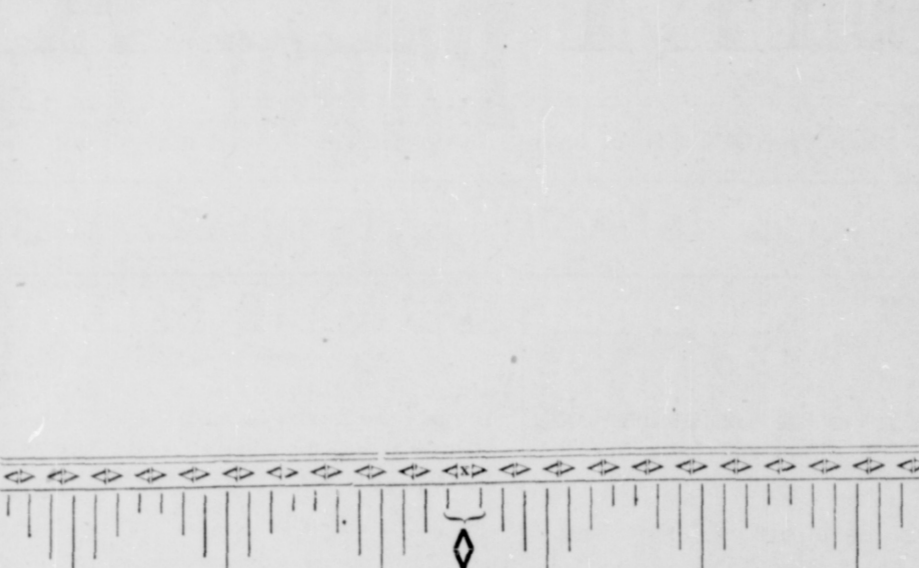

THEY BELIEVE IN NEWSPAPER MEN.—Our valued contemporary, the Moncton Times, must be a popular journal in Moncton. At the general election Mr. H. T. Stevens, the principal proprietor, who up to a few months ago was the responsible editor as well, received the almost unanimous vote of the town. On Monday last, at the municipal election, Mr. J. Sutton Boyd, who has long been on the staff of the paper, and lately assumed the editorial management, was elected to the council. He received a large vote, more than twice as large as was necessary to elect him. Mr. Boyd is a thorough newspaper man, and therefore will be a credit to the Moncton council.—St. John Sun

One Week Only—Men's American gum rubber boots, only \$2.95 a pair. Gents' American rubbers, 50c a pair, at McEachen's Shoe Store.

It was Madame Roland who said: "The more I know of men the more I admire dogs."

Another fool who "didn't know it was loaded" lives in Rochester, New York. He has killed his four year old daughter. Of course he is "completely prostrated," but that will not undo the result of his folly.

"I wish to say to the congregation," said the minister, "that the pulpit is not responsible for the error of the printer on the ticket for the concert in the Sunday School room. The concert is for the benefit of the Arch Fund, not the Arch Fiend. We will now sing hymn 618. To err is human, to forgive divine."
