

**Some More Elevating of the Standard.**

One of the great doctrines which Mackenzie in Opposition was never tired of upholding was the independence of Parliament. Electors will all remember how fiercely Blake and Mackenzie denounced Col. Gray being selected to codify the laws and paid for his services. But when Mackenzie got into power, this with other Reform doctrines was thrown to the winds! He subsidized the *Speaker of the House with printing contracts to the amount of \$18,648!* (Sess. Pap. 59, 1877). The printing offices in which Vail of Digby and Jones of Halifax were proprietors, was subsidized with \$26,793 Post Office printing! (Sess. Pap. 59, 1877). Norris of Lincoln and his partner got contracts for carrying steel rails to the amount of \$156,186! (Pacific R. Rep. 1877, pp. 392,385.) and they got their contract at \$6.20 per ton when another person had offered to carry them for \$6! A. G. Bannatyne, member for Provencher, was subsidized with large sums for various contracts, drawing \$24,051 of public money in 1877! (Pub. Acc. 1877). Besides these there were Workman, of Montreal, McLeod, of Kent, and others, all drawing large sums in defiance of the Independence of Parliament Act! When this wholesale violation of the Independence of Parliament was discovered, Mackenzie PASSED A WHITWASHING ACT to relieve his friends incurred in violating the law! (40 Vic. chap. 2).

What do the Electors think of this great champion of the Independence of Parliament?

**Political Notes.**

The Americans are organizing to crush out Canadian industry, they shut us out of their markets and refuse to do business with us in the way of buying, without we pay into their treasury such sums of money as make it impossible to compete with them in that country. We throw open our gate to them and invite them to enter almost free, allowing them to bring such unfair competition as to ruin our manufacturers. Our population of four millions giving all the odds and getting none cannot be expected to compete with forty-five millions. If they would allow us to enter their markets upon the same terms as they enter ours, we would have nothing to say. But as they will not trade with us on these terms it is our duty to put a barrier upon them, as they have upon us. We cannot prosper without this done. The one side free trade policy is weighing us down.

An endeavor is being made to induce Mr. Laurier, in default of a more eligible Liberal candidate, to oppose Mr. McDougall at Three Rivers, Mr. Laurier was inclined to take the bait; but there is reason to believe that after having tested the feeling of the constituency by meetings which he was called, he is inclined to say "non possumus." Considerable champagne is said to have been expended in the operation of pulse feeling, one grand supper having been made use of.

**Life is Short.**

Life is short, and you have much work to do. Work for others as well as yourself. You will not pretend you are never selfish. You are more or less so every day of your existence. In the very face of conviction you play the part of contradicted littleness. How often did you forget the interest of others, in eager desire for yourself, and how readily you silence the whispers of reason, by calling for precedents respectable example. Yet you know the value of disinterested virtue—and how that avarice, or any selfish passion, can never acquire your felicity—but the appearance of the moment persuade you otherwise, and hence the cause of error and crime. Study, therefore, not only to be convinced of truth, but establish it firmly on your mind, beyond the reach of doubt. Then, not till then, your character will be uniform, and your principle strong enough to carry you through the trials and temptations of life. No one can be happy long, unless he is governed by virtue; and to be regulated by this sublime, he must early learn to make any sacrifice, even life and all that renders it sweet in the eyes of mankind.

**Enjoy Life.**

What a truly beautiful world we live in. Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint are the direct cause of seventy-five per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.

**CAPSICUM POROUS PLASTERS.**

The Greatest Medical Discovery since the Creation of Man, or since the Commencement of the Christian Era.

There never has been a time when the healing of so many different diseases has been caused by outward application as the present. It is an undisputed fact that over half of the entire population of the globe resort to the use of ordinary plasters.

DR. MELVIN'S CAPSICUM POROUS PLASTERS are acknowledged by all who have used them, to act quicker than any other plaster they ever before tried, and that one of these plasters will do more real service than a hundred of the ordinary kind. All other plasters are slow of action, and require to be worn continually to effect a cure; but with these it is entirely different: the instant one is applied the patient will feel its effect.

Physicians in all ages have thoroughly tested and well know the effect of Capsicum; and it has always been more or less used as a medical agent for an outward application; but it is only of very recent date that its advantages in a porous plaster have been discovered. Being, however, convinced of the wonderful cures effected by DR. MELVIN'S CAPSICUM POROUS PLASTERS, and their superiority over all other plasters, they now actually prescribe them, in their practice, for such diseases as rheumatism, pain in the side and back, and all such cases as have required the use of plasters or liniment. After you have tried other plasters and liniments, and they have failed, and you want a certain cure, ask your druggist for DR. MELVIN'S CAPSICUM POROUS PLASTER. You can hardly believe your own convictions of its wonderful effects. Although powerful and quick in its action, you can rely on its safety for the most delicate person to wear, as it is free from lead and other poisonous material commonly used in the manufacture of ordinary plasters. One trial is a sufficient guarantee of its merits, and one plaster will sell hundreds to your friends.

Ask your druggist for DR. MELVIN'S CAPSICUM POROUS PLASTER, and take no other; or, on receipt of 25 cents for one, \$1 for five, or \$2 for a dozen, they will be mailed, post paid, to any address in the United States or Canada.
