WHEN the kidneys are clogged, good health is an impossibility; but when working properly the reverse is the case. That dull backache is the kidney's cry for relief. If Dodd's Kidney Pills are used the result will be marvellous. We emphatically state that we have never known a case of kidney disease that a persistent use of Dodd's Kidney Pills will not cure. 12

CHANGE IN SCHOOL HOURS.—At the annual meeting of the ratepayers of the Little York school district, a resolution was passed in favor of a change in the school hours. By the present arrangement, the session is from 9 to 4 during the hot summer months, when the attendance is smallest. During the months of March and April, when the attendance is largest, the session is from 10 to 3, so that when the teacher has most work to do, the time is shortest. By lengthening the session during these months, and shortening it in summer, very great advantages would result to both teacher and pupils.

BURNS' ANNIVERSARY.—At a special meeting of the Caledonian Club, held on Thursday evening, it was decided to hold the Burns anniversary concert on Thursday, Jan. 26th, 1893, in the Lyceum. The following committee was appointed to make arrangements: President, Lt.-Col Irving, James Paton, John S. Macdonald, Charles Webster, David Small and J. M. Campbell. Mr. Campbell is secretary of the committee. The best talent in the city will be secured for the occasion, and the concert promises to be even more successful than the previous ones—which is saying a great deal.

WELL WORTH SEEING.—The east window of Stanley Bros. dry goods store contains a very artistically-arranged memento of the season. The departing year 1892, is represented by an old man, whose hair and whiskers are white and whose form is bent, carrying a lean carpet bag in one hand and a scythe in the other; while 1893 is represented by a fine-looking and exceedingly healthy infant in a cot, and in whose hand is the cornucopia or horn of plenty. In Week's & Co's window are the words "A Happy New Year" artistically constructed of reels of thread, and over the whole is the illuminated sign of the firm.

—We are authorized to state that Mr. Thomas Campbell will be a candidate for the vacancy on the Board of Water Commissioners.

WE HAVE so much of interest to tell of to day that we are crowded out of our corner. Our advt. will be found on page 2.

SPECIAL DESPATCHES TO THE EXAMINER.

TO THE TEST!

Sir John Thompson's Government in Ontario.

Mackenzie Bowell's Constituency Returns the Government Candidate by an Increased Majority.

MADOC, Ont., Dec. 31.

An election took place yesterday in North Hastings to fill the vacancy in the House of Commons created by the election of Hon. Mackenzie Bowell to the Senate. As this was the first contest in Ontario since Sir John Thompson became Premier, the result was awaited with great interest. At the general election of 1891 Mr. Bowell's majority was 206; yesterday the same constituency returned, on recall, the government candidate, beating Peter Vankleek, the grit candidate, by 240. North Hastings at the last census had a population of 22,000—10,800 being Methodist, and less than 3,000 Roman Catholics. The Orange order is also very strong in the constituency.

Dejected Grits.

MONTREAL, Dec. 31.

There was a dismal scene last evening at the Club National, where all the Young Mercierites had gathered to organize for a fight against Premier Taillon. Just as the orators were being chosen their candidate sent word that he had retired from the field, and that the Premier would be elected by acclamation.

Boys Drowned.

BRIDGEWATER, Dec. 31.

Two boys, Sylvester and James Fendel, sons of Ariel Fendel, livery stable keeper, fell through the ice on LaHave river yesterday and were drowned.

Charges Not Sustained.

NEW YORK, Dec. 31.

The Presbytery voted yesterday on six charges against Prof. Briggs. On all the counts the votes were adverse to sustaining the charges, the majorities ranging from 8 to 21.

Welton Again.

ST. JOHN, Dec. 31.

The Rev. Sydney Welton, famous in the graveyard insurance case, is expected to preach to his old congregation on Sunday.

Arrival of the Umbria.

NEW YORK, Dec. 31.

The steamship Umbria arrived in New York this morning, under sail, amid great rejoicing.

Souris Shipping.

(By Telephone.)

The schooner Nutwood cleared to-day, Dec. 31, 1892, for St. John's, Nfld., with 6000 bus. oats, shipped by Matthew, McLean & Co. The steamer Fastnet arrived here last evening and commenced loading potatoes for Boston for Matthew, McLean & Co. The schooner Satellite is loading potatoes for Boston for Hon. Thomas Kickham, and will sail on Monday.

Souris is very lively to-day. The above two firms have shipped an immense quantity of produce this fall, and are to be commended for shipping such quantities of produce at this late season of the year.

The Souris Skating Rink will open on Monday night. The ice is frozen strong enough on Souris river to permit of driving, and the owners of "flyers" may be seen at almost any time spurting.

Personal.

Mr. Geo. H. Reddin returned last evening from New York.

The Russian Czar and the Siamese King have one taste in common—each is a bicycle rider.

James McVeagh, of Waycross, Ga., is 87 years old, has twenty three children living, and has never been sick a day in his life.

In reference to Mr. Blake's indiscriminate eulogy of Gladstone, Mr. G. W. Smalley observes with keen sarcasm that before allowing the Canadian member for Ireland to speak in the House, his friends had better put him on "a short diet of adjectives."

MARRIED.

At the residence of the bride's parents, 61 Campbell road, Halifax, Dec. 27th, by Rev. George J. Bond, A. B., assisted by Rev. Jabez A., Rogers James William Brehaut, A. B., of Westerly, Rhode Island, to Annabell, daughter of Charles A. Hawkins
