"Up Guards and at Them."

Won for Wellington at Waterloo. "Keeping everlastingly at it" has won for us the largest clothing trade of any store on P. E. Island.

Our importation of Fall Clothing exceeds by far anything ever before imported for one season's needs.

Usters are going to be largely worn this fall, and our stock of these is at once a terrible and a beautiful one.

Reefers and Overcoats

Have also been imported in immense quantities, and beautiful qualities. You can see these goods without buying, but it is safe to buy here almost without seeing. Try the Bargain Corner anyway, when next you want Readymade Clothing.

ELECTRIC SOUNDING.

Difficulty of Cable Laying Largely Overcome by It.

It is said by the engineers who conducted the laying of the Amazon River cable to Manaus that the difficulties of their enterprise would have been almost insuperable if the ordinary methods of sounding had had to be relied upon. There were no charts to go by, the river bottom was constantly shifting, and the softness of the soil, mostly alluvial clay, would allow the lead to sink into it for several feet. An electric device, fitted named a submarine sentinel was suspended from the cable-ship and set at, say five fathoms.

So long as there was no signal from the "sentinel" the engineer could start ahead without fear; but the moment the ship got into water shallower than the gauge fixed upon, the sounder gave an alarm, and special reckonings were taken. A somewhat simpler device, having the same end in view, has been invented, the idea being to have it used as a substitute for the hand lead as a vessel approaches a coast or shoal in darkness or fog, when the captain is doubtful of his bearings. The apparatus consists of a metallic cylinder having a water-tight chamber. Within the chamber works a piston, upon the outer edge of which is a heavy ball. When the apparatus is swinging clear in the water, the weight of this ball keeps open an electric circuit; but, as soon as the sounder touches the bottom, the circuit is closed, and the current, conveyed by wires running in the cable by which the "sentinel" is attached to the ship rings a bell in any department of the ship. The cost of the device is quite moderate, and its inventor claims that its operation is simple and sure.

Who'd Wear Two Coats...

when one is warmer? That is if the one is interlined with Fibre Chamois. It gives such a wholesome, comforting warmth without adding weight or bulk, that you can enjoy outdoor exercise or labor as much again as if you were all muffled up. Besides you know it is only a matter of time till the piercing wind gets at you even through three ordinary coats, while neither the frostiest winds, nor rain, nor sleet can penetrate this invaluable Fibre Chamois. See that it is put in your ordered clothing and find the Fibre Chamois Label on every ready-to-wear garment you buy. Then you're sure of perfect satisfaction.

JOHN NEWSON FURNITURE

Granby Rubbers

It is no wonder that rubbers, which are not the same shape as the boot, should be uncomfortable. It costs money to employ skilled pattern makers but the result is a satisfactory fit. Each year new patterns are added, to fit all the latest shoe-shapes, and Granby Rubbers are always "up-to-date." They are honestly made of pure rubber, thin, light, elastic, durable, extra thick at ball and heel.

Laboratory of Inland Revenue, Office of Official Analyst, Montreal, April 8th, 1895. "I hereby certify that I have drawn, by my own hand, ten samples of the ST. LAWRENCE SUGAR REFINING CO'S EXTRA STANDARD GRANULATED SUGAR, indiscriminately taken from ten lots of about 150 barrels each. I have analysed same, and find them uniformly to contain: 99.97 to 100 per cent. of Pure Cane Sugar, with no impurities whatever."

Sour Stomach

From aches, sometimes called waterbrash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood purifier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have a magic touch.

"For over 12 years I suffered from sour stomach with severe pains across my shoulders, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back, and after the grip. I gladly recommend this grand blood medicine." Manley's Cerebrum-Nerve Compound "no-backs" weak backs and the "no-backs" people "back" no other remedy with their testimony. Here's a sample:

For a number of years I have been troubled with a lame back, which at times became so painful that I had to lay off work. Nine months ago I was lucky enough to be advised to try Manley's Cerebrum-Nerve Compound, and after taking 2 or 3 bottles the pain entirely left and I feel certain that my cure is a permanent one as I have had no return of the pain for eight months now.
