

Sun 'Shines' On Macadam Field

jock talk mickey place

when, in the second quarter, it was announced that he had already gone over the 100 yard mark. The sixth Panther touchdown came when Carl Adams ran from the Mount A. seven yard line with a blocked punt. Graduating Mike Lyriotolkis and Larry Currie enjoyed the afternoon by spending most of their time in the Mounties backfield and we actually felt sorry for the Garnet and Gold Q.B. as he was dumped no less than 7 times. Looking at the league standings seems ludicrous. We did get out of the cellar by a technicality (outscoring Mt. A. with the same 1-6 record) but who ever heard of a 1-6 team with a 143-139 scoring statistic? It could only happen at U.P.E.I. While we say "Wait till next year" we must comment that Mike Lyriotolkis, Larry Currie, Mike Jones and Blaine MacPherson will certainly be missed and we wish them good fortune as they leave us by graduation. We congratulate also the same Lyriotolkis, as well as Vernon Paul, Socky MacDonald and John Paul MacIntyre who, deservedly, were named members of the All-Conference team. While congrats of the nature are being passed around, we are also pleased to report that Joanne MacLean of the Lady Panthers was also picked as an All-star in the Atlantic Conference Field Hockey team.

In hockey, the story wasn't so pleasant. In the Panther Tournament at the Forum over the weekend, our boys got off to a somewhat sour start as they dropped two close ones to Dalhousie and Mount Allison with the respect-

ive scores 4-3 and 5-4. Goal scorers for us in the two games were David Cameron, Mike Sellick, Shane Turner with singles, while Louis Lortie and Wilfred MacDonald had 2 each. The tournament was won by Acadia. As a matter of small consolation to us, two of our players were chosen on the all-star team with Wilfred MacDonald (the mantle piece in his living room must be cluttered up with trophies) being chosen as an outstanding defenseman and

on Friday at 7:30 and the the Alumni on Saturday at 7:30.

Barbara Mullaly, Panther Ladies B.B. coach, tells us that she has a good squad of girls trying out for her team this year, with no less than seven Freshmen coming in from high school. They will play their first game at home on the 18th, playing hostess to Mount Allison.

We regret that we are a bit late reporting a win by the Soccer team in Wolf-

Louis Lortie getting the nod for the left wingers. We feel the expected return of the two injured players, Larry Arsenault and Bob Mitchell, will improve our play a great deal. Our team looked good at times but suffered an old Panther jinx, outshooting the opposition in both games but it is the number of times the puck gets BEHIND the goalkeeper that creates the important statistics. First league game will be in the Forum on the 9th and we'll remind you that this will be noisemaker night. Moncton, who will be our opponents, always bring over a large contingent of supporters and they DO support their team vociferously so start planning how to create your own pandemonium!

Friday night we enjoyed seeing the Basketball Panthers toy with the Smuggler's Jug team, winning 106-49. Although this isn't really a fair comparison with the teams they will meet in their league, they did show, against a team of former college stars (albeit a bit thicker through the middle than they were in their halcyon days) that they can put the ball through the hoop as the 106-49 score indicates. Dave Arsenault from Reading, Mass. had the high score of 29. The team plays host to the University of Moncton

ville, where they defeated Acadia 1-0 in a very exciting game that was featured by the outstanding performance of Howie Adams in our nets. Our lone score came from the toe of Von Smith.

The season is now over for the hardworking and little-appreciated boys who play this game with their feet and heads. Their season record of 2 wins & a tie in 10 contests makes them the winningest team on campus.

We are also pleased to report that the Student Union is trying to arrange for a bus to transport students to the Forum and back for the BIG PANTHER NOISEMAKER NIGHT. Listen to your radio station, CIMN, and watch the bulletin boards for confirmation. John Neville is also arranging a big treat for someone... admission to the Panther Lounge after the game will be one dollar...for a disco, and some lucky person will receive the prize of a free, all expense paid excursion for two people on an away trip for two Panther hockey games. Let us get the Panthers off to a good league start by packing the Forum next Wednesday night; bring tin pans, horns, and whatever other noisemaking devices your imagination can devise. Let's have a ball and let our team know we are behind it!!!
