

ROYAL WELCOME FOR ROYAL YACHT

Members of the Charlottetown Yacht Club are organizing a Royal welcome for the Royal Yacht Britannia when it carries Her Majesty Queen Elizabeth II and Prince Philip to Charlottetown at the end of July. Every boat in the harbor and every

visiting craft will be out to greet the visitor, according to plans announced yesterday. The Britannia which is being welcomed in this

picture in another harbor will find that the island welcome lacks nothing in warmth by comparison.

Jap Relay Team Sets New Record

TOKYO (AP)—A Japanese relay team, with powerful, slow-stroking Ysuyoshi Yamanaka swimming the anchor leg, smashed a world record in the final event Wednesday and gave Japan a 41-38 victory over the United States in the three-day trans-Pacific meet.

The quartet of Takezo Umemoto, Tatsuo Fujimoto, Makoto Fukui and Yamanaka swam the 300-metre freestyle relay in 8 minutes 21.6 seconds, two seconds faster than the listed world record made by an Australian team in 1956. A crowd of 10,000 including Emperor Hirohito's

Rose, a Southern California student, competed in the meet as a guest and his placings didn't score points for the U.S. team. The United States drew even with Japan in the point scoring by taking the first two places in the 200-metre backstroke just before the final relay. Frank McKinney of Indianapolis bettered his own American record by winning in 2:19.3. His best previous mark was 2:21.7. Chuck Bittick of Los Angeles, was second, 1 1/2 lengths behind.

Five Records In all, five listed world records were beaten in the three-day meet. In addition to Wednesday's two, Troy bettered the accepted International Swimming Federation standard of 2:19 in the 200-metre butterfly with a 2:17.2 time. He has a 2:16.4 mark up for recognition. Yamanaka won the 200-metre freestyle in 2:02.3 and the U.S. 400-metre relay team made a mark of 3:44.4.

Canoeist Plans On Long Trip

MONTREAL (CP)—A 38-year-old clerk reached Montreal Tuesday on the first leg of a trip which is to take him from Thetford Mines, in Quebec's Eastern Townships, to New York City—by canoe.

T. Ward Seeley began his journey three weeks ago when he quit his job with an asbestos mining firm in Thetford Mines, put his belongings in a 16-foot canoe and set out in search of adventure.

He found lots of it. On his 153-mile paddle down the turbulent St. Francis River which twists and turns from Thetford Mines to the St. Lawrence River below Sorel he shot 17 rapids and portaged around 10 others.

"That was a very hazardous undertaking," he said of the trip. "In fact it was terrifying. I would not attempt again."

STILL ADVENTURE IN LIFE

He started out, he said, to show security-conscious young people "there is still adventure in life." Seeley found the 50-mile paddle upstream from Sorel to Montreal tiring, but he will have the current with him when he starts back to Sorel in a few days after patching up his battered canoe.

Once there he plans to paddle up the Richelieu River, across Lake Champlain in New York state and down the Hudson River to New York City.

BUY JET FOR TRAINING

OTTAWA (CP)—The transport department has bought a \$1,136,000 jet aircraft for delivery in 1961. The department said Wednesday the Lockheed Jetstar, a 600-mile-an-hour plane, will be specially equipped with instruments required in the department's evaluation and inspection duties. Department inspectors will be able to learn all about jet equipment and operation on the economy-size jet.

BOY KILLED IN DRYER

EPHRATA, Pa. (AP)—Six-year-old Park S. Fisher Jr. liked to turn things on, his father recalls. Tuesday the elder Fisher found his son battered and burned to death in an electric dryer in the laundry room of the Fisher home in nearby Danver.

record of 1:13.4.

The American team gets another chance in a similar meet in Osaka starting Saturday but coach Willis Casey of North Carolina State wasn't optimistic.
