SPECTACLES.

Over twenty-five years I have been in the Spectacle business and during that time have fitted hundreds and hundreds of persons. Some had put off getting glasses so long that they could not see a large 4 inch letter A without going within 2 or 3 feet of it, and might have gone blind if they had put off getting glasses much longer. Others have been fitted or rather misfitted, with wrong glasses by travellers, and charged a great deal more than they ought to have been. This year our traveller, Mr. C. H. White, intends calling on parties at their homes in the country, to test eyes and show samples of our goods. Should he call on you I bespeak for him your favorable consideration, and any order you may give him will be filled as soon as possible and guaranteed by me. Glasses can also be exchanged at the store, CAMERON BLOCK, City, if after a trial they do not prove as satisfactory as you wish.

OLD PROCESS GROUND OIL CAKE.—It is the general verdict of experts and all experienced feeders of stock or milch cows that this article contains over double the nourishment of other feed, and when mixed with ground grain, shorts, bran or other feeds, it will produce more milk and better quality, and will keep the stock in better condition. We guarantee it to give the most satisfying results.

The Navy of Japan.

The naval programme of Japan has received lately some modifications. The four first class cruisers will be of 9,200 tons each instead of 7,500, as first contemplated. Between this present time and 1906 Japan purposes to have the following war fleet:

Six ironclads, first class battleships, from 12,510 to 15,240 tons; 1 ironclad of second class and 7,835 tons, 6 protected cruisers of 9,200 tons each, 7 second class cruisers of more than 4,000 tons, 6 third class cruisers of 3,000 tons, 12 cruisers of the fourth class and over 1,500 tons, 8 torpedo gunboats of 1,200 tons, 12 torpedo catchers, 115 torpedo boats, 25 gunboats, etc.

One of the first class cruisers will be built in Japan, one ironclad is already building in England, one first class cruiser has been ordered in France, and another in Germany. Two second class cruisers are building in America.

This programme has been laid out with a view to the opening of the Russian Transiberian railroad and to the Russian naval construction now proceeding.—New York Sun.

Golf Is No Game For the Weaklings.

It may be taken for granted that, although a man can play the game as long as he can walk or even ride round the links on a pony, the real science of golf can only be acquired by men of athletic capacity. To saunter round the 18 holes on a summer afternoon, with intervals for tobacco and conversation, is one thing. It is another and a very different undertaking to go through a championship tournament, playing 36 holes a day, when every drive must be hit hard and clean, every approach must be accurate, every put must be true to a hairbreadth. A football match is a matter of less than two hours. From the instant the ball is in play the nervous strain is removed, and the constant action requires a sound wind and fleetness of foot, but not the absolute freedom and control of the muscles which are requisite for steady driving, or anything like the strain on the nerves which is kept up from the start to the finish of a close encounter at golf.—H. J. Whigham in Scribner's.

The Philadelphia Way.

Officer—You had better take that car—it is the last night car.
Convivial and confused New Yorker (in Philadelphia, 1 a. m.)—Lasht night car? Well, offsher, thish town mighty eight slower'n I thought is wash. Th' idea runnin' lasht night's cars to-night!

Keep up hope. There are thousands of cases where recovery from Consumption has been complete. Plenty of fresh air and a well-nourished body will check the progress of the disease. Nutritious foods are well in their way, but the best food of all is Cod-liver Oil. When partly digested, as in Scott's Emulsion, it does not disturb the stomach and the body secures the whole benefit of the amount taken. If you want to read more about it let us send you a book.
