

ment of these are much needed. The people of Prince and King's Counties should require of their representatives in Parliament to provide for the establishment of the offices of Judge of Probate, Register of Deeds, and Superintendent of Public Works. A poor widow who wants to administer, if living at the North Cape, has to travel a hundred miles to do so. If a contract is to be given for a wharf at the West Point, the plans and specifications are to be seen at the office of the Superintendent—where? why in Charlottetown to be sure, nearly 100 miles from the place.

2nd—A suitable building for Custom House Post Office, and other public offices.  
3rd—A Market House and Public Square. When our Farmers bring in their produce—and their wives and daughters their butter, eggs, &c.—they have to hawk it all over the Town, through muddy streets in summer, to sell it. Last summer when the County Exhibition was held, the only place that could be found to hold it in and around, was the Drill Shed and the adjoining square—the latter private property. Why do not the Government give the present unoccupied Drill Shed for a Market House. It will not likely be required for military purposes for some time, as the tenant leaguers are very quiet now, and annexation and feminism have died out.

4th—Municipal Government and a Lock-up. At present a drunken fellow may insult or strike anyone he may chance to meet, and if he is to be punished, he must first be summoned before a Magistrate, and if ordered to be imprisoned, the constable is obliged to procure a comfortable conveyance to take him away to Saint Eleanor's Jail—two miles.  
5th—A second Polling Division in Lot 17. The necessity for this we think will be admitted by all classes, at least by all who witnessed the conduct of those who presided around the hustings at the late election. We might go on and point out many other wants, but the above are the most important. If the representatives of Prince County would sturdily insist on having these things, they would soon be established.

We would also remind those persons who are anxious to have Post Offices established in their districts, that now is the time for action—get numerous signed petitions, and send them in, and also make known your wishes to your representatives—if they don't live fifty or sixty miles away from you. If they do it is your own fault, put in a local member next time.

A "Grand Literary Entertainment" was given in the Tighish Hall on the evening of the 5th instant. The Hall was nicely decorated and brilliantly lighted. There was a large gathering, and the performance of the programme, which consisted of songs, plays and comedys, was well acted. The music furnished by the Messrs. Montai—three brothers—would, it is said, do credit to actors of celebrity. His Lordship, the Bishop, Hon. G. W. Howlan, Thomas Kelly, Esq., and Mr. A. Ritchie, addressed the audience.  
John Andrew McDonald, Esq., formerly of this place, has been appointed Postmaster General, in the place of the late Thomas Owen, Esquire.

Remember the social Tea in Strong's Hall this Evening.  
Mr. William Mansers, on Engineer, of New London, is making preparations to take up Mussel Mud with team power. He expects in a few days to have the engine working.
