# London Talks On Peace To Solve Cyprus Dispute

## INQUEST ORDERED

### Police Probe S'ide Death

#### SUMMER-SIDE BUREAU OF THE GUARDIAN

Town police are investigating the death of a 75-year-old Summerside man yesterday.

Fred N. Parker died following an emergency operation when he was found to be hemorrhaging. At the time of surgery he was reported to be in critical condition to be transferred to hospital in Halifax.

#### TROUT FOUND WITH ULCERS

TORONTO (CP) — Brook trout at the Glyn Hafly hatchery here have ulcers.

Murray Johnson, biologist for the Metropolitan Toronto Conservation Authority, says the stress and strain of life in the hatchery has caused a spread of the disease furunculosis which he described as ulcers.

The authoritarily approved \$19,867 for trout management by Mr. Johnson explained that crowded conditions and changes in water temperature were responsible for the ulcers.

#### FERTILIZER, Limestone Drive Urged

TRURO (CP) — The board of directors of the Nova Scotia Federation of Agriculture recommended Thursday that the association's prime project in 1964 should be promotion of a fertilizer and limestone program.

The recommendation was contained in the directors' report to the federation's annual meeting, which opened here Thursday and ends Saturday.

The directors based their recommendation on a report from the federation's livestock committee which said the province with its present marketing facilities, needs to increase its volume of livestock.

To bring this about, the committee suggested the most concentrated program for soils and crops ever conducted in Nova Scotia.

The livestock committee said the province was expected to produce about 100,000 hogs this year, a third of the number needed to fill the domestic market.

Unfavorable hay, pasture and crop conditions contributed to the depletion of cattle herds in the province.

"It is my earnest hope that eminent spiritual leaders of our two great faiths will take concrete steps with a view toward achieving this blessed, historic objective," the 27-year-old Mowlem monarch told a crowded press conference.

Hussein saw no possibility, however, that the Roman Catholic pontiff's visit could improve relations between Arab nations and Israel, the Jewish state that

## 1908-64 DATES ARE IDENTICAL

BRISTOW, Okla. (AP) — The business calendars set up by Wendell Light might seem a bit behind the times at first glance but the dates all fit 1964.

The calendars were printed originally for 1908.

List, owner of an auto parts store, said the 1908 dates correspond to those of 1964. He sent out about 100 calendars, carrying pictures of Gibson girls.

List enclosed notes telling the recipients that if they want to make future use of the calendars, the dates are applicable again in 1992.

## NATIVE OF ENGLAND

Born in Preston, Lancashire County, England, Mr. Parker came to Prince Edward Island from Arizona some 20 years ago and purchased a farm in Kensington. After farming for a number of years he moved to Summerside where he was employed at the motel for approximately four years.

He was married to the former Lena MacGregor of Central Lot 16, who survives. Also surviving are one daughter, Barbara, Mrs. George Clark, Kensington; one son, William, Summerside, and eight grandchildren.

The funeral will be held Saturday, Jan. 4 from Compton's Funeral Home. Interment will be in United Church cemetery, Central Lot 16.

## Khruhschev Visits Poland

WARSAW (Reuters) — Soviet Premier Nikita Khruhschev arrived here Thursday on an official visit to Poland.

Members of the jury are: Peter White, foreman, J. A. S. Schurman, Health Warren, Eric Sheen, Windsor Corry, Don Birch and Arnold MacLennan.

Today the remains will be transferred to Charlottetown for a post-mortem.

Last night a member of The Guardian staff at Summerside received two anonymous calls in connection with the death.

One person, a man, asked about the fellow who was beaten to death and the other, a woman, used the word "murdered."

The incident was reported to both the telephone company and to the Summerside police.

However, traffic still is virtually paralyzed in areas of Birmingham, Ala. The city had eight inches of snow, the heaviest on record dating to 1895.

West. Berne's heaviest snow Thursday to approach the East coast, both had 16 inches of snow.

In Georgia, the bright sun on Thursday brought widespread relief Thursday from a blustery storm that heaped ice and snow on snow falls on large areas of the southern and eastern United States.

Sunny skies and rising temperatures were the rule in most parts of the country on Thursday, freeing them from the ice and snow.

The snow cover in the South ranged in a most striking depth in Alabama and Tennessee struck under bright sunshine and turned to sleet.

West. Berne's heaviest snow Thursday to approach the East coast, both had 16 inches of snow.

## Meeting Scheduled For late This Month

CP from Reuters-AP

NICOSIA, Cyprus (AP) — Thursday night to take part in a London conference aimed at solving the bitter dispute between the Greek and Turkish communities on the Mediterranean island.

The conference proposal was made by Britain, Greece and Turkey. These three powers will take part along with representatives of the Greek and Turkish-Cypriots.

The Cyprus government's agreement to the conference was announced as British Commonwealth Secretary Duncan Sandys flew back to Britain after his peace-making mission here in late January.

It was learned here that the meeting in London will be held in late January.

Sandys spent most of the day conferring with President Archbishop Makarios and representatives of the hostile factions. But the British diplomat made no statement before leaving.

The Cyprus government announced that after the opening session of the conference a committee will be set up of representatives of Greek and Turkish-Cypriots, under British chairmanship, to work on the whole constitution problem and the treaties of guarantee and alliance."

Makarios had said he would like to abort these basic treaties although through the proper channels.

There was a pause in Greek-Turkish-Cypriot fighting in Nicosia, the original cause of concern. But alarm spread because President Makarios announced he will seek cancellation of the treaties under which Britain, Greece and Turkey pledge to maintain the island's independence.

Any such action would raise serious concern in Turkey, which reluctantly set aside its ancient claims to Cyprus and had made Cyprus independent of Britain in 1960. Makarios' policy was to resist the attacks by the Turkish-Cypriot minority.

GREEK CABINET MEETS  
In Athens, the Greek cabinet held two emergency sessions and asked for an immediate meeting of the general council of the North Atlantic Treaty Organization (NATO).

Later, a spokesman for the Cyprus UN delegation said the request would not be pressed. Members of the 11-nation council were reported to have expressed doubt as to the need for a meeting at this time.

## Talks Are Held On Berlin Wall

CP from AP-Reuters  
BERLIN — Mayor Willy Brandt's West Berlin government made preparatory steps Thursday to approach the East German government.

Brandt had a round of meetings with officials of his government and with Erich Mende, vice-chancellor and minister of German affairs in the West German government, a city spokesman said.

They were reported to have discussed what should be covered in a new round of negotiations with the East Germans.

West Berliners hope an arrangement for passes to visit relatives in East Berlin during the holidays can be made permanent and broadened to include visits to friends.

## Standard Card For Insurance Promised Soon

EDMONTON (CP) — Hon. Gordon Taylor, Alberta health minister, said Thursday a standard insurance card will be available by Canadian motorists before the end of this year.

Mr. Taylor said legislation will be introduced at the next sessions of all provincial legislatures to introduce the standard card.

Mr. Taylor said the proposed legislation has been approved in principle by all provinces.

Mr. Taylor said the new scheme would erase the necessity of carrying separate insurance cards for each province and would allow drivers to leave insurance policies at home on long trips.

## Thaw Brings Relief To Cold Wave In U.S.

CHICAGO (AP)—A January thaw brought widespread relief Thursday from a blustery storm that heaped ice and snow on snow falls on large areas of the southern and eastern United States.

Sunny skies and rising temperatures were the rule in most parts of the country on Thursday, freeing them from the ice and snow.

The snow cover in the South ranged in a most striking depth in Alabama and Tennessee struck under bright sunshine and turned to sleet.

However, traffic still is virtually paralyzed in areas of Birmingham, Ala. The city had eight inches of snow, the heaviest on record dating to 1895.

West. Berne's heaviest snow Thursday to approach the East coast, both had 16 inches of snow.

## King Hussein Says Jordan To Welcome Pope's Visit

By DAVID LANCASHIRE  
JERUSALEM, Jordan (AP)—King Hussein said Thursday all Jordan awaits the Holy Land pilgrimage of Pope Paul VI with warmth, affection and enthusiasm and he hopes it will herald a new era in relations between Muslims and Christians.

"It is my earnest hope that eminent spiritual leaders of our two great faiths will take concrete steps with a view toward achieving this blessed, historic objective," the 27-year-old Mowlem monarch told a crowded press conference.

Hussein saw no possibility, however, that the Roman Catholic pontiff's visit could improve relations between Arab nations and Israel, the Jewish state that

is, like Jordan, a keeper of Christian shrines.

The king addressed about 400 people at a theatre of the old walled city, which buzzed with preparations for the reception of the Pope.

He said the Jordanian flag will fly yellow and white, Vatican flags and the black, green and white of the Arab League. Strutting the streets were desert troops assigned to help guard the pope.

## Burglars Loot Dartmouth Store

DARTMOUTH, N.S. (CP) — Between \$4,000-\$5,000 in merchandise was taken Thursday when burglars broke into the G.B. Murphy Limited jewelry store in downtown Portland Street.

The store's manager, G.B. Murphy said 36 watches and 15 dozen gold rings were included in the loot. Mr. Murphy, who made the loss estimate, said the store's guards had been locked up at the time of the break.

It was the third major robbery here in a week. A \$100,000 in \$1,000 bills were taken from an appliance store on Christmas night and \$100 in cash was stolen from a bakery last Saturday.

## Turkish Gov't Threatened

ANKARA, Turkey (AP) — Fresh internal problems linked with the Cyprus trouble threatened the Turkish minority government.

Speakers of three opposition parties in the 450-seat National Assembly announced Thursday night they would launch a no-confidence vote against Prime Minister Ismet Inonu's government in a confidence vote Saturday.

Inonu needs a simple majority to maintain power. He holds 178 votes in his Republican People's Party. He can also count on some votes from 33 independent members who have formed a government last week.

Fifty-four members of a fourth opposition party were told to vote as they choose.

A spokesman for the Justice Party said that the National Assembly said they would vote against Inonu's government because its members had formed a government last week.

Conditions in the old jail have been condemned for years and were "quite different" from the morning shift. "12 prisoners were in different stages of intoxication."

## 22 VEHICLES OFF HIGHWAY IN ONE MILE

There were 22 vehicles scattered in the ditch along the side of highway 39 northeast of Winnipeg Thursday morning following an overnight freezing rain. The cars were on a one-mile stretch of the highway. The temperature rose to a high of 38.8 degrees during the day, causing creating driving problems when ice started to form toward evening as temperatures dropped.

## Ghana's President Escapes Five Shots From Assailant

CP from AP-Reuters  
ACCRA, Ghana — President Kwame Nkrumah escaped an attempted assassination on his life Thursday as a gunman fired five shots in a vain attempt on the president's life.

Ghana leader's life. A security guard was mortally wounded. Nkrumah escaped injury. The assassination attempt was reported made as the 54-year-old president prepared to leave his official residence, Flagstaff House. All five shots were fired from a car that came within 100 yards of Nkrumah. The assailant was arrested immediately.

At least three previous attempts have been made to kill the African politician who led the former British Gold Coast to independence in 1947.

First hint of the new attempt to kill Nkrumah came in mid-afternoon when police suddenly showed the Christmas cruise ship abandoned on the London head of the Greek Line said today.

The 36-year-old shipping magnate, John Goulandris, whose family principally owned the boat Greek liner, told a press conference.

"There were a number of passengers who did not want to leave the ship. They felt the situation was very calm on board. There was absolutely no sense of immediate urgency among them to leave the ship. I understand that they sat down in the Campbell Lounge and tea was served."

Goulandris, who spoke slowly under obvious tension, strongly denied reports that there had been plundering of passengers' cabins by the crew while the Lakedonia burned.

"We have had no specific charges from anyone about looting," he said. "This, of course, is a very grave allegation and I am pleased to hear that (Athens) will certainly go into it."

SPEAKS WITH EMOTION  
Goulandris, in a dark suit and wearing a black mourning tie, spoke with obvious emotion of the 128 dead or missing among the Lakedonia's total of 1,032 people aboard.

"I know that nothing we can say will compensate for their loss," he said, "but we feel very, very deeply for them."

## Boroughs of Saved From Oblivion

LONDON (CP)—The Bohemian and Chelsea neighborhoods were relieved from official oblivion Thursday by the cheers of nostalgic residents.

Originally, plans for a Greater London called for the Thames-side boroughs—though the hub of the capital's artistic life—to be swallowed up by its larger neighbor, the Royal Borough of Kensington.

Now Sir Keith Joseph, minister of housing and local government, has announced that the new borough will be called Kensington and Chelsea — despite his dislike for double-barreled names.

The announcement follows a strong protest from Chelsea residents who resented seeing a name associated with Swift and Carlyle, Macaulay and T. S. Eliot disappear.

Sir Keith himself lives in Chelsea and may share their view.

## Ship Sinks In Collision

ROTTERDAM (AP)—The 500-ton Dutch coastal ship Looberg was sunk Thursday after a collision with the South African ship Langkoff in the River Scheldt.

Eight survivors were picked up by the Dutch coastal vessel Seabreeze, radio stations reported.

The Langkoff was described by Scheveningen radio as a new ship of 889 tons.
