

Saxton Hopes To Beat Gavilan In Title Fight

PLEASANTVILLE, N. J. (AP)—The way Johnny Saxton looks at it, the worst was over when welterweight champion Kid Gavilan finally signed for their Sept. 1 title fight in Philadelphia.

The thought of facing the clever Cuban holds no terror for the 24-year-old Brooklyn challenger.

"I'll beat him," he said confidently. "It was the waiting for Gavilan to come over to the U. S. to sign that that had me in a sweat. I didn't know whether he was going to come over from Cuba."

The fourth ranking 147-pound contender has unlimited confidence bordering on cockiness. He thinks the 28-year-old champ is ready to be taken and that he's the one to do it although he's a 2-to-1 underdog.

"Let him fight his way and he can beat anybody," said Saxton, who came out of an orphanage to go into boxing. "But I'm not going to let him fight his way. He likes to set his own pace and come through with late flurries. He's going to have to fight all the way with me."

Charles Plans To Work Fast In Title Bout

MONTICELLO, N. Y. (AP)—Edward Charles said Monday he hopes to catch heavyweight champion Rocky Marciano in the early rounds and shoot for a knockout.

"He's a slow starter," said the

Musial, Minoza Closing In On Leading Batters

NEW YORK (AP)—Two close and perhaps controversial major league batting races are in prospect for the rest of the season as the leads of Brooklyn's Duke Snider and New York Yankees' Irv Noren are threatened for the first time in several weeks.

Snider, National League pace-setter since June 20, has only one point left of the 27-point bulge he enjoyed on July 5. The Dodger outfielder slipped two points to 349 last week while runner-up Stan Musial of the St. Louis Cardinals gained nine to 348.

Noren's American League margin—40 points on July 27—also has been reduced to a single point. Irv tailed off 10 points to 335 last week.

Minnie Minoza of Chicago White Sox advanced to 334.

Smoky Burgess of Philadelphia Phillies and Ted Williams of Boston Red Sox have higher percentages than the actual leaders, but have not batted often enough to be rated.

Burgess is hitting .375 and Williams .348, each with 267 official

Purchase Of Phillies Rumored

PHILADELPHIA (AP)—J. Channing Ellery, lawyer for the Philadelphia Athletics, says he has been approached by a Buffalo syndicate about possible purchase of the American League franchise, "but no money was mentioned."

Ellery, commenting on an announcement by W. L. Saperston, Buffalo real estate man who said he is interested in purchasing the A's, said "there had been nothing definite offered."

Royal Mack, executive vice-president of the Athletics, said he knew nothing about Saperston, "nothing at all."

Saperston said he understood it would take about \$12,000,000 to purchase the A's, rent the team and build a stadium in Buffalo.

Approve Landy's Record Mile

BERN (AP)—John Landy's magnificent 3:58 mile was approved officially as a world record Saturday by the International Amateur Athletic Federation.

The Australian runner established the mark at Turku, Finland, last June, clipping 1.4 seconds off Roger Bannister's record which had been approved only a few days before.

Also approved by the federation was American Bud Held's 283-foot, 10-inch javelin throw of Aug. 8, 1953 at Pasadena, Calif.

The federation also recognized Landy's 1,500-metre record of 3:41.8 recorded in the same race in which he hung up the new mile mark.

HOGAN DASH RECOGNIZED

Australia's Hec Hogan got his 100 yards time of 9.3 seconds approved. It was made last March 3 and ties Mel Patton's world standard.

Other records approved included:

5,000 metres—13:57.2 by Emil Zatopek of Czechoslovakia May 30, 10,000 metres—28:54.2 by Zatopek June 1 at Brussels.

Six miles—27:54.2 by Zatopek June 1.

Three miles—13:32.2 by Fred Green of Great Britain July 10 in London.

2,400-metre relay—7:26.8 by Soviet army team July 27 at Kiev.

Adjourn Inquest Into Death Of Missiles Expert

QUEBEC (CP)—A coroner's inquest into the death of an English-born guided missile expert was adjourned Monday pending completion of police investigations.

An autopsy was performed earlier in the day on the body of Allen Paul Richards, 36, by Dr. Rosario Fontaine, Quebec government medico-legal expert, but his findings are not expected to be made public for at least another week.

Richards' body was identified by an uncle, Edward Saxon Richards of Chelsea, Que., and district coroner Dr. Georges Foy adjourned the inquest until provincial police complete their investigations of the mysterious circumstances surrounding the death.

Richards was found critically injured Wednesday and died Saturday without regaining consciousness.

Provincial police said Richards apparently died from a cerebral hemorrhage caused by a blow to the jaw. His jaw was fractured.

Investigators believe he may have been murdered. They have not discounted robbery as a motive, despite the \$27 found in the man's pockets. They believe he could have been carrying a larger sum.

JAW FRACTURED

SMASH DYNAMITE PLOT

GEORGETOWN, British Guiana (AP)—Police and troops Monday smashed a plot to dynamite sugar estates along the coast, the government announced. Stocks of stolen dynamite were hauled up from an underwater dump in a canal at Port Mourant, a stronghold of leftist Cheddie Jagan whose government was ousted last year by the British cabinet.

HAND OVER PLANES

TOKYO (Reuters)—The U.S. Navy announced Wednesday that it has turned over five twin-engine training planes to the Japanese maritime self defence force, Japan's new navy. The planes were the first of 12 to be provided to Japan under the mutual defence assistance agreement which took effect in May.

PROTECT YOUR POTATO YIELD!

Guard against losses from late blight and pests with **GREEN CROSS®** SPRAYS & DUSTS

THIOGREEN Liquid Fungicide
A liquid organic fungicide spray material which gives effective control of late blight. Larger yields are obtained when Liquid Thiogreen Fungicide is used, as the product does not stunt vines, but on the contrary seems to stimulate them. May be combined with DDT for insect and disease control.

3% DDT-7% Copper Dust
Another complete potato dust controlling both insects and blight. Contains tri-basic copper sulphate (guarantee 52% copper) as the fungicide and DDT as insecticide.

6% Thiogreen Dust
An excellent fungicide dust for control of late blight on potatoes. Containing Zineb, the product has no harsh vine-stunting effects and often increases yields.

POLICY OF POTATO MARKETING 1954-1955 SEASON

GENERAL POLICY

Approved at Board Meeting held August 16, 1954

- The Potato Board shall designate a Marketing and Selling Agency which shall be the only Agency permitted to accept or purchase potatoes from producers in Prince Edward Island for movement out of the province and which shall be the only Marketing and Selling Agency authorized to purchase or market or sell Prince Edward Island potatoes except as hereunder provided in respect of—
 - Sales for delivery to markets outside of Canada, and
 - Sales to points in New Brunswick, Nova Scotia and Newfoundland.

The foregoing provisions shall not apply to purchases or sales of Prince Edward Island potatoes for movement from the Province in lots or shipments not exceeding ten (10) bushels.
 - There shall be three (3) classes of Dealers, namely—
 - Dealers Class "A", who shall have the right to sell in markets outside of Canada, Prince Edward Island potatoes purchased from the Marketing and Selling Agency and shall also have all of the rights possessed by Dealers Class "B" and Dealers Class "C".
 - Dealers Class "B", who shall have the right to act as assemblers of Prince Edward Island potatoes for the Marketing and Selling Agency and shall also have all the rights possessed by Dealers Class "C".
 - Dealers Class "C", who, subject to the regulations which shall be made from time to time by the Potato Board, shall have the right to assemble for the Marketing and Selling Agency Prince Edward Island potatoes for sale and shipment by motor truck or small boat (other than steamers) to points in New Brunswick, Nova Scotia and Newfoundland and to make sales of such potatoes shipped by such means for delivery to markets in New Brunswick, Nova Scotia and Newfoundland.
 - The following shall be the qualifications of applicants for Dealer's licenses of the three classes above referred to:—
 - Dealers Class "A". The applicant
 - Shall have warehouse facilities at trackside which will provide the industry generally, and growers in that area particularly, with facilities for having seed or tablestock potatoes packaged in crates, paper or jute containers according to the requirements of the market.
 - Shall have warehouse facilities satisfactorily frostproof to prevent frost injury to potatoes at any time during the year, and large enough to store at least twenty-five (25) carloads of potatoes, and arranged, kept and maintained in a sanitary and orderly condition which will meet the approval of the Potato Board.
 - Shall have had experience in the assembling and exporting of Prince Edward Island potatoes and shall be considered by the Potato Board as enjoying the confidence of potato producers and the industry generally.
 - Shall be in a financial position to post with the Marketing and Selling Agency such an indemnity bond or letter of credit as may be required by the said Agency.
 - Dealers Class "B". The applicant
 - Shall have warehouse facilities as provided under the foregoing subsections (a) I and (a) II of this Section in respect of Dealers Class "A" except that it will be sufficient if such an applicant's warehouse is sufficiently large to accommodate ten (10) carloads of potatoes.
 - Shall have had experience in the proper assembling and packaging of potatoes, and shall, in the opinion of the Potato Board, enjoy the confidence of potato producers and the industry generally.
 - Shall be in a financial position to post with the Marketing and Selling Agency an indemnity bond or letter of credit as may be required by the said Agency.
 - Dealers Class "C". The applicant
 - Shall have had experience in the proper assembling of potatoes and shall enjoy the confidence of the producers in the area in which he operates.
 - Shall own and operate such facilities and equipment as, in the opinion of the Potato Board, will enable him to carry out properly the assembling, transportation and marketing operations intended by him.
 - Shall be in a financial position to post with the Marketing and Selling Agency such an indemnity bond or letter of credit as may be required by the said Agency.
 - Those persons who have been engaged in the assembling of potatoes, but do not qualify for a dealer's license, shall henceforth be known as Dealer's Agents. Dealers employing such agents shall be responsible for shipments assembled by such persons.
 - Prices charged to dealers for potatoes sold to them by the Marketing and Selling Agency shall be determined by the said Agency at the time such sales are confirmed, and shall be comparable to prices which can be obtained by the Marketing and Selling Agency for direct sales.
 - An Advisory Committee shall be appointed by the Potato Board to assist the Marketing and Selling Agency in the performance of its duties and particularly in reference to the establishment of prices to be paid producers and to be charged dealers; such Committee shall consist of five (5) members of the Potato Marketing Board and the two (2) senior officials of the Marketing and Selling Agency staff.
 - The Marketing and Selling Agency shall buy potatoes for storage only in public warehouses, and the said Agency shall maintain a staff for the operation of these warehouses or enter into an agreement in writing with some qualified dealer or other person for the effective operation of such warehouse.
 - Packages for potatoes as prescribed by the Marketing and Selling Agency, or by the purchaser, shall be supplied by the dealer.
 - Dealers who are assembling potatoes for the said Agency shall have the duty of packaging, loading, billing and reporting on same, and shall themselves pay for the cost of such services, including the cost of the packages, etc., and shall be paid for their services at rates to be determined by the Potato Board.
 - Each dealer shall be responsible for placing the correct quantity of potatoes in any lot of potatoes assembled or billed by him for the Agency, and any claim for shortage from a consignee, after being established as a genuine claim, shall be the liability of the dealer as shall any claim due to any fault, negligence or misrepresentation on the part of each dealer or his agent.
 - All sales made by the Marketing and Selling Agency shall be on an F.O.B. or F.A.S. basis and payment shall be collected by Order Bill of Lading or Bank Delivery Order with Sight Draft attached.
 - Potatoes sold by the Marketing and Selling Agency to Dealers Class "A" for export from Canada shall be delivered only upon a down payment of 75% of the purchase price prior to delivery to such dealer of any part of the potatoes so purchased and the balance of the purchase price shall be paid by the dealer to the Agency within fourteen (14) days of the completion of the delivery to such dealer of the quantity of potatoes so purchased.
 - Sales by the Marketing and Selling Agency to Dealers Class "A" for future delivery may be made from time to time and confirmation of such sale—stating quantity, date of movement and price—shall be made in the form of a written agreement between the said Agency and the dealer in question on a form to be supplied by the said Agency for that purpose.
 - All loading reports by dealers shall be typewritten or shall be printed in block letters and figures and shall be submitted to the Marketing and Selling Agency not later than seven (7) days after such potatoes have been assembled for shipment or storage.
 - The Potato Board shall provide penalties for failure by dealers to submit loading reports within the time provided.
 - Telephone calls to the Marketing and Selling Agency by dealers shall be at the expense of such dealers except in any case where an authorized official of the Agency may, after completion of a telephone call, agree that it should be an expense of the Agency and then advise the Telephone Company accordingly.
 - Sales by dealers to New Brunswick, Nova Scotia and Newfoundland markets shall be on an F.O.B. or F.A.S. basis at prices established by the Marketing and Selling Agency.
 - All orders for potatoes to be shipped to Newfoundland shall be placed with the Marketing and Selling Agency. Purchasers may specify the dealer when they wish to ship such potatoes, but the said Agency shall not be obliged to place such order with the specified dealer if there is any reason to believe that uniform price levels on the Newfoundland market are not being maintained.
 - Brokerage in all cases shall be paid direct by the Marketing and Selling Agency at the rate of 2c per bushel—by special arrangement 4c per bushel may be paid to brokers in Newfoundland and Western Canada. Only licensed brokers, or wholesale dealers who shall arrange purchase of an average of at least six (6) carloads of potatoes weekly from the Agency, shall be entitled to brokerage fees.
 - Dealers shipping direct to New Brunswick, Nova Scotia and Newfoundland will be invoiced by the said Agency at the established F.O.B. or F.A.S. price at the time of shipment and shall invoice consignees direct.
 - In the case of sales by dealers to markets in New Brunswick, Nova Scotia and Newfoundland, a certified cheque covering each shipment shall be attached to the loading report when the same is submitted to the Agency.
 - Cheques based on loading reports submitted by dealers shall be mailed direct to producers except where in the case of any producer the amount payable to him has been attached by a creditor or where such producer has given a written order to the Agency for the forwarding of his cheque to a dealer.
 - The Marketing and Selling Agency shall market potatoes from producers under a pooling system, as follows:—
 - There shall be four (4) separate Pools for the classification of potatoes, namely—
 - Tablestock Pool—Potatoes sold by the Marketing and Selling Agency as Canada No. 1 Tablestock.
 - Certified Pool—Certified seed potatoes of any variety sold by the Marketing and Selling Agency for Seed.
 - Foundation Pool—Certified Foundation Seed potatoes of any variety sold by the Marketing and Selling Agency for Seed.
 - Miscellaneous Pool—Other grades of Tablestock potatoes and special varieties of Certified and Foundation Seed potatoes.
 - There shall be four (4) Pool periods, namely—
 - Pool Period No. 1—Date to be announced to November 30th.
 - Pool Period No. 2—December 1st to March 15th.
 - Pool Period No. 3—March 16th to May 15th.
 - Pool Period No. 4—May 16th to June 30th.
 - Initial payments to producers for seed and tablestock potatoes shall be established by the Potato Board at least seven (7) days previous to the commencement of the Pool Period.
 - The initial payment for Pool No. 2 shall be 5c, and the initial payment for Pool No. 3 shall be 10c, per bushel higher than the initial payment for Pool No. 1. The initial payment for the various varieties and grades in Pool No. 4 shall be determined by the Potato Board.
 - Interim payments may be made at the end of each Pool period as decided by the Potato Board, and final payments for each Pool may be made at the end of the Marketing season.
 - The Marketing and Selling Agency shall determine what discount or premium may be finally paid producers on any or all grades and varieties included in Pool No. 4.
- Published by Potato Dealers Association for the information of potato growers.

ENROLL NOW! TRAINING BEGINS SEPTEMBER 13th.

Soldier Apprentice Plan offers young men of 16 a bright future

The Canadian Army's Soldier Apprentice Training Plan is a carefully planned programme to help young men of 16 to prepare themselves for the future and a career in the Army—to develop mature judgment, self discipline and build a strong, healthy personality.

As a Soldier Apprentice, a young man will get a thorough trade training in one of 19 military trades—academic training in such subjects as physics, chemistry, algebra and English—the general military training of the Canadian Soldier

To be eligible, a young man must be 16 years of age but not yet 17, and must have a minimum of Grade 8 education.

For an interesting booklet with more information on the Soldier Apprentice Plan, write, phone or visit the Army Recruiting Centre nearest you. Do it now, training begins September 13th.

Get your application in right away.
