THE DAILY EXAMINER

JUNE 7, 1900

A DISTINCTION BUT NOT MUCH DIFFERENCE.

THE EXAMINER'S statement that money was raised by debentures for the construction of an annex to the Hospital for the Insane and afterwards expended as ordinary revenue has been characterized by the Premier as "a foul slander" and by The Patriot as a "pure fabrication."

Now, let us see what justification there is for this elegant language.

In the year 1896, on the 27th day of April, Mr. Fred Peters brought down a bill to enable the Government to receive temporary loans by increasing the amount raisable to $175,000; and when he submitted the resolution on which it was based he said expressly that "the increased amount asked for will pay for the building of the new wing to the Asylum."

The money was afterwards obtained and spent; and the new wing for the asylum was not built!

While it is true that the money was not raised by debentures it is true that the money for the asylum annex was borrowed, and that it was spent for other things.

THE EXAMINER was essentially right, though it was wrong in the too hasty use of the word debentures. Upon such a foundation the Premier and the Patriot have built their charges of "foul slander" and "pure fabrication"!

One would suppose that shame, if nothing else, would restrain them from venturing to attack with such epithets a statement that was absolutely true except in respect to the way in which the money was obtained. If the money had been obtained by debentures, we should have had a long day in which to prepare for its payment; as it is the Province may be called upon to pay it any day.

The public accounts show that, since 1896, debentures to the amount of $35,000 have been issued; and it appears that the "sinking fund" for these and other debentures is a myth, while the Public Works report shows that there was at the end of the year still to be paid the contractors for Prince of Wales College building the large amount of $7,420.60.

Last year the Government obtained permission from the Legislature to issue $26,000 worth of debentures bearing interest at 3 per cent. These debentures they could not sell. Now they seek to wipe out that statute and obtain authority to issue debentures to the amount of $48,700 at 3½ per cent,—though the Public Works report shows that only $24,874.59 are to be paid the contractors on account of the Asylum Annex!

Yet with such a record as this upon the face of their official reports, they dare to denounce a mere clerical error as a "foul slander" and a "pure fabrication"!

NOTES AND COMMENTS.

—The people in Nova Scotia, too, are asking that a memorial be raised in honor of the brave soldiers who have gone from Nova Scotia to fight the Empire's battles in South Africa.

—Attention is directed to the letter of "Honest Elector." Yes, it is extraordinary that the name of an M. D. should be mixed up in such a scandalous political job.

—It is kind, and characteristic of the Pineau-Farquharson combination, to take the liquor dealer's money for license to sell, and then pass a Provincial Prohibitory law! Such patent humbug.

—The St. John Sun remarks that "the school boys of today will be the men of the country not many years hence. And there will not be an annexationist among them. Paul Kruger has cemented Canada to the British Empire for all time."

—A Handbook of Canadian Women's Work, prepared by the National Council of Women of Canada, at the request of the Dominion Government, which declined to give the women any space at the Paris Exhibition, will shortly be published, in both French and English editions. A limited number of copies will be distributed in Canada by the National Council. The exact title of the work is "Women of Canada, Their Life and Work."

—Montreal Gazette: Mr. Pineau, who deserted the party which has just elected him to give his support to the decaying P. E. I. Government, has explained that he took the course he did because elections cost money, and if he had voted as he was pledged to, there would have had to be a general election. Mr. Pineau as an economist is, however open to some criticism as not being consistent. If he really disliked to cause expense in connection with elections he should have allowed his Liberal opponent to be returned by acclamation. Then his constituents would have had a member they might disagree with but would not have to blush for.
