**Polio Financial Campaign Is Scheduled To Begin Today**

"Today the drive for the 1958 March of Polio and Rehabilitation commences," states Mr. Herbert Baxter, who is leading the drive. "The target for this year is \$10,000. It may seem a large figure, since the outbreaks of Poliomyelitis seem to be on the decline in this province. "Your contributions of dimes and dollars are urgently needed to carry out the work being planned and being done in this province. Many unfortunate victims of this crippling disease have to return to the Orthopedic Centre for treatment regularly. Braces continually have to be made, particularly for our children, who grow so fast. "We must help the handicapped — those already smitten by polio. Then we must widen our field, to include help for the victims of other crippling diseases. Our ultimate goal must be rehabilitation of all our handicapped, whether young or old. Your gifts can help the disabled of our province to achieve a fuller, more useful, and much happier life. Give generously. Help the handicapped. "Our program for 1958 is as follows: "1. We expect, this year, to equip an Occupational Therapy Department at the Orthopedic and Rehabilitation Centre. This will cost \$3,000.

MR. BAXTER

"2. It will cost \$2,000 for Vocational Rehabilitation of polio patients already discharged from the Orthopedic Centre. "3. \$2,000 is being allocated as an initial grant to the Rehabilitation Council of Prince Edward Island. "4. \$3,000 will be required for the general operational expenditure for the current year."

**Taxi Driver Is Fined \$200**

In Queens County magistrate's court Friday afternoon, Magistrate Gilbert A. Gaudet imposed a fine of two hundred dollars and costs or three months on a Charlottetown taxi driver.

The accused had previously been convicted on the charge of unlawfully being in possession of a quantity of intoxicating liquor in a place other than his residence. Counsel for the defence was Lester O'Donnell while John P. Nicholson appeared for the Crown.

Also under the Temperance Act, a resident of Parkdale for the possession of intoxicating liquor in a place other than his residence was fined twenty dollars and costs or thirty days. For the possession of intoxicating liquor not purchased at a vendors store, an accused from Tracadie Station was fined twenty-five dollars and costs or thirty days.

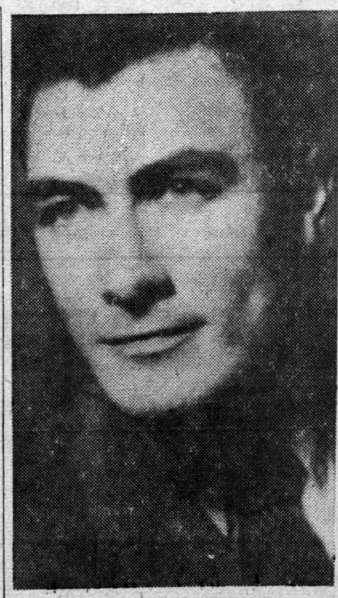

A fine of twenty-five dollars and costs or thirty days was imposed upon a Southport man for failing to file a 1956 income tax return. Youth from Mount Stewart for failing to transfer the registry of a motor vehicle, was fined five dollars and costs or seven days.

**Film At Capitol Features Young Charlottetown Actor**

Of interest to Charlottetown readers in connection with the J. Arthur Rank production, "High Tide At Noon" now playing at the Capitol Theatre is the fact that the role of "Peter Grant" the storekeeper is played by Errol MacKinnon, formerly of this city. He is the son of Mrs. Alice (Doul) MacKinnon and the late Dr. Wilbur MacKinnon.

Mr. MacKinnon attended West Kent School, and started his professional career as an announcer on C. P. C. Y., and later as a bank cashier in Murray River and Montague, before joining the Canadian Navy during the last war.

"High Tide At Noon" is the story of the tiny lobster fishing community of MacKenzie Island, Nova Scotia. The World Premiere was held in Halifax on July 10th last year.

**Protection**

**...at your fingertips**

Safety in the automobile is optional at no extra cost. No mechanical safety device can replace the protection of careful driving.

Last year, traffic accidents claimed the lives of more Canadians than ever before. Someone was injured every 8 minutes. A car was damaged every 48 seconds. Automobile insurance claims rose to more than \$150,000,000.

One result of this is higher automobile insurance rates — because what is paid out in claims must be brought in by premiums. But even more important is the fact that you hold your life, and the lives of others, in your hands when you get behind the wheel of a car.

Safety pays dividends... saves lives, helps to lower your insurance costs. Be Careful.
