

**A STRANGE CASE.**

**Eye Trouble which Developed into Running Sores.**

Doctors said it was Consumption of the Blood, and Recovery was Looked upon as Almost Hopeless—Dr Williams' Pink Pills Wrought a Cure.

From the Herald, Georgetown, Ont.

Our reporter recently had the pleasure of calling on Mr. William Thompson, papermaker, at William Barber & Bros. mills, a well known and respected citizen of our town, for the purpose of acquiring the details of his son's long illness and his remarkable recovery through the use of Dr. Williams' Pink Pills. Mr. Thompson kindly gave us the following information which will speak for itself: "About two and a-half years ago my eldest son, Garnet, who is fifteen years old, took what I supposed to be inflammation in his left eye. He was taken to a physician who advised me to take him to any eye specialist, which I did, only to find out that he had lost the sight of the eye completely. The disease spread from his eye to his wrist which became greatly swollen, and was lanced no less than eleven times. His whole arm was completely useless, although he was not suffering any pain. From his wrist it went to his foot which was also lanced a couple of times but without bringing relief. The next move of the trouble was to the upper part of the leg, where it broke out, large quantities of matter running from the sore. All this time my boy was under the best treatment I could procure but with little or no effect. The trouble was pronounced consumption of the blood and I was told by the doctors that you would come across one like it in five hundred. When almost discouraged and not knowing what to do for the best, a friend of mine urged me to try Dr. Williams' Pink Pills saying that he had a son afflicted with a somewhat similar disease and had been cured by the pills. I decided to give Dr. Williams' Pink Pills a trial and secured some of them at the drug store, and after my boy had taken two boxes I could see the color coming back to his sallow complexion and noted a decided change for the better. He went on taking them and in a few months from the time he started to use them I considered him perfectly cured and not a trace of the disease left, except his blind eye, the sight of which he had lost before he started to use the pills. He has now become quite fleshy and I consider him one of the healthiest boys in the community. If any person is desirous of knowing the merits of Dr. Williams' Pink Pills you may direct them to me, as I can highly recommend them to any person afflicted as my boy was."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People. If your dealer does not keep them they will be sent postpaid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Every voter for McLellan will signify assent to the jobbery that is now rampant.

**A READER'S OPINION.**

SIR,—Permit me to congratulate you upon the great improvement that has been made in the appearance of THE EXAMINER. The new dress in which the people's paper is now clothed makes it one of the best-printed journals in Maritime Canada.

It is pleasing to observe that the use of big headings is to a large extent, abandoned; that the readers of your valuable paper are not treated to three or four inches of heading over one inch of matter. The better class of newspapers do not use these scare headings, and it is pleasing to see THE EXAMINER falling into line.

READER.

**IT WON'T DO.**

SIR,—The Patriot's gross misrepresentation of Mr. W. S. Stewart will not help Sir Louis. Mr. Stewart's speech in the market hall which is admitted by Liberals to be an able one is sneered at by the Patriot. But abuse and misrepresentation will not go down with the intelligent electors. All the twisting and distorting of the Patriot, all its untruthful utterances, cannot save Sir Louis. The hour of his political death will soon be at hand.

ELECTOR.

**A HISTORIC EVENT.**

THE closing months of the Nineteenth Century have been rich in historic events. For Prince Edward Island none of these has had a deeper or closer interest than the return of her sons from the scenes of their trials and triumphs in South Africa. The keen and warm feelings of our people in this regard were made evident last evening in the general illumination,—houses of the poor as of the wealthy being ablaze with light—in the fireworks and the boom of big guns as the ships arrived, in the grand parade and procession of our militiamen and four national societies, and, above all, in the immense crowds, made up of men, women and children, many from distant towns, which filled our streets. The reception was highly creditable to Charlottetown, and the demonstration participated in by the lieutenant-governor, the judges and other high representative officials, was worthy of the occasion. Our soldiers received a warm welcome home.

**A WARNING TO RETURNING OFFICERS**

JUDGE McDONALD, this morning, gave judgment in favor of Mr. Ronald McMillan in the action brought against Thomas Lowther, a presiding officer at Nine Mile Creek poll in the Douglas-Wise election. Mr. McMillan's vote was rejected and refused by Mr. Lowther at the request of Hon. Donald Farquharson, an agent of Dr. Douglas, for which Mr. McMillan brought an action in the County Court with the above result.

The Judge, when delivering judgment, said that he would only impose nominal damages in the present case, but should others arise he would give heavy damages. He gave judgment for \$4.00 and costs.

**NOTES AND COMMENTS.**

A vote for Davies is a vote for Tarte.

Vote down Tarte and Tarteism by voting for the Opposition candidates.

It is announced that the population of the United States is now 75,295,226. These be growing times.

THE Patriot has injured its cause by its senseless falsehoods about the Market Hall meeting and Mr. Stewart. Everybody says so.

THE Montreal Gazette asks this question: "Would a Government whose agents demanded \$10,000 for a senatorship refuse \$10,000 for a judgeship?"

THE Patriot sneers at "William." But William is a good name. Many times it has been a name to conjure with; and William will win on Wednesday.

AN old-time Liberal and prohibitionist of Yarmouth, Nova Scotia, Mr. E. C. Simonson, is out in denunciation of the Government. He will vote for the Opposition candidate.

A vote for Bell endorses and commends Tartism.

A PRIVATE correspondent at St. John, in a letter dated the 31st of October says: "Politics are all the rage here now. I went to the joint meetings this afternoon and certainly if you can judge by popular feeling and enthusiasm it was decidedly Foster."

SIR LOUIS DAVIES said, at the Market Hall, that a few unruly voters could disturb the largest and best public meeting. Sir Louis knew what he was talking about. He was right on that point: witness the result of the disgraceful conduct of a few of his friends at New Glasgow.

Grand rally of electors in Opera House Tuesday evening next.

**THE CAMPAIGN.**

**Prospects in Ontario and Quebec.**

**Fifty-five Seats in Ontario Practically Safe for Opposition.**

**LA PRESSE FOR TUPPER**

**Admits That His Party is Putting Up a Marvellous Fight and Will Have a Strong Support from Quebec.**

(SPECIAL TO THE EXAMINER.)

TORONTO, Nov. 3.—No reasonable man, who has had an opportunity to observe the present condition in Ontario, can have the least doubt that the Conservatives will win a sweeping victory. The signs of this public feeling may be seen in all directions.

A month ago the Conservatives were hopeful of a fair majority. Today they are sure of a large one, and there is a steady sweep in their direction which seems destined to leave the Liberal party in Ontario in just about the same relative position as the Conservatives found themselves in Quebec after the election of 1896.

A careful calculation, based upon reports from those who are in a position to know shows that fifty-five seats in the province are practically safe. There are nine others in which the Conservative chances are decidedly better than those of their opponents, and there are eleven in which the chances are reckoned as being about even. This leaves the Liberals with only seventeen seats in which they probably cannot be beaten. This may look like a rosy estimate but it is based on considerations of a substantial character.

**LA PRESSE.**

MONTREAL, Nov. 3rd.—A rather significant sign, which is a good indication that the Conservatives are going to carry the country on Nov. 7th, is the fact that La Presse, the leading French Canadian paper, which has been favoring Sir Wilfrid Laurier, is forced to admit, to-day, editorially, that the Conservative are putting up a marvellous fight.

"The political campaign which the Conservatives are conducting," says La Presse, "is really marvellous,—showing, as it does, what force may be given to a party to organize it for battle. The Liberals themselves, admit that the Conservatives have good reason to hope for victory. The news which come from all parts of the country indicates that the Conservatives are showing in the fight an energy and vigor beyond comparison, and superior to anything that has been seen in the history of the parties."

"Sir Charles Tupper, if he triumphs next week, will have on his side a very strong support from the province of Quebec, composed of superior men of undoubted force. Every one admires with reason the splendid fight being made by the Conservatives."

When La Presse, after its recent attitude, has to make such an admission it is a sure sign that the Conservatives are going to win.

**ANOTHER DISPATCH,**

Bearing out the above Estimate.

(SPECIAL TO THE EXAMINER.)

MONTREAL, Nov. 3.—The Conservative party here regard Ontario as safe for a majority of twenty seats, and they claim that Quebec will return twenty-five conservatives.

**RECEPTION LAST NIGHT.**

(Continued from first page.)

Sullivan, Mr. Justice Fitzgerald, Councillors Horne, Whear, Macdonald, Taylor, Balls and Tanton, Mr. George E. Hughes, Mr. James Paton, Mr. John A. McLaren, Mr. John McPhee, Bishop Macdonald, and many Protestant and Catholic clergymen as well as a large number of ladies.

It is thought that there were not less than ten thousand people on and about the square during the proceedings. Every inch of space on the square was taken up, the crowd extending across the streets in the vicinity and filling the sidewalks.

After the programme on the Square was concluded, the members of the contingent repaired to their homes, where great crowds followed them. They were heartily greeted everywhere, everyone being anxious to grasp the hand of the brave boys who have done so much towards making Canada famous.

Chaplain Fullerton was driven to his home in a barouche drawn by a pair of greys, and escorted by the Highland Brigade. At the manse a beautiful arch was erected. Ptes. Cook and Hine were taken home in a prettily decorated barouche drawn by their brethren of the Sons of England. Ptes. Furze, Brace, Gurney and Foley were driven to their homes by the Engineers.

The illumination of public buildings, stores and private residences was general. The buildings on the Square and vicinity looked especially well.

There were fireworks set off from the roofs of some of the building in the vicinity of the Square, as well as from the Stanley, the Minto and the Brant.

The Summerside Boys' Brigade and militiamen from every section of the Province participated in the reception. Upwards of two hundred people came in by the special from the west, and the people from other sections also attended in goodly numbers.

Privates Gaudet and Boudreau remained in Halifax, and are expected to arrive in Charlottetown to-night.

**THE IDAHO'S VOYAGE.**

The voyage of the Idaho from Cape Town to Halifax was not very eventful, this being, to a large extent, due to her being a commodious transport of nearly 6000 tons gross and only two and a half years old. The Idaho left Capetown on October 2nd. St. Helena was reached on the 7th, one day being spent there, and St. Vincent, Cape Verde Islands, on the 17th. At neither place was shore leave granted the troops, with the exception of a few detailed for guard duty at each place. At St. Helena the Boer prisoners refused to be drawn into a peaceful intercourse with their Canadian friends. The London City Imperial Volunteers were met at St. Vincent, and the officers of the Londoners and Canadians dined ashore. After a three day's wait at St. Vincent the Idaho proceeded on her way, Saturday at 2 p. m., Oct. 26th, favored by fine weather. On Oct. 26th two blades of the propeller snapped off, and from there till Halifax was reached the speed was reduced to ten knots. Early on Thursday morning, Nov. 1st, she dropped anchor at Halifax. Very little sickness occurred during the passage, and seasickness was entirely unknown.

The celebration is over. The shouting is done. The soldier boys are home, but not all. And now for a souvenir—a souvenir of those who have come home, of those who are still in Africa, and of those who will never return. Something which you can keep, something dainty, something which you can send to your friends away, something which contains pictures of ALL of the Island heroes. Such a souvenir can now be had at all of the bookstores and newsstands. The price is ten cents each.

**HANDSOME TOKEN OF APPRECIATION**

Presented to Mr. William Chandler by the Steam Navigation Co.

Mr. William Chandler was this forenoon presented by the Charlottetown Steam Navigation Company with a very handsome gold watch, chronometer balanced, and the following letter:—  
The Charlottetown Steam Navigation Company, Limited, Charlottetown, Nov. 2.  
MR. WILLIAM CHANDLER,—

DEAR SIR,—The directors, on learning that the state of your health makes it necessary for you to retire from this company's service as steward of the steamer Princess, have decided that your faithful service of 36 years in their employ as steward of their steamers calls for recognition on the part of our company of the appreciation of your performance of those duties. On behalf of the company whose individual members will remember with pleasure your constant attention to their interests and the public comfort we wish you long enjoyment of your well earned rest, with the satisfaction that your efforts and action have been highly valued by your employees.

We therefore request you to accept the accompanying watch as a lasting memorial of the esteem in which you have been held.

WILLIAM RICHARDS, President.  
A. ERNEST INGS, GEORGE J. ROGERS, Directors.  
FREDK. W. HALES, Secretary.

It is needless to say that Mr. Chandler appreciates very highly this unexpected token of the esteem of the Company that he has served so long—and, we may add, so well. The watch bears the following inscription:—

"Presented to William Chandler by the Charlottetown Steam Navigation Co. Ltd. in token of appreciation of his 36 years faithful service. October, 1900."

Mr. and Mrs. Chandler leave on Monday for Denver to spend the winter with their sons.

**Probabilities for Next 24 Hours.**

TORONTO, Nov. 3.—Generally fair with north and northwest winds; showers in southern portion tonight and to-morrow.

**NOT HEART DISEASE.**

But Dyspepsia is the Cause of "Stitch in the Side," etc.

Why many people think they have Heart Disease—How Dodd's Dyspepsia Tablets Correct that Idea by Curing the Cause.

Thousands of cases of so-called "Heart Disease" are nothing more nor less than a certain form of Dyspepsia.

The victim is afflicted with pain, or "stitch" in the side, palpitation of the heart, or painful shortness of breath, after running, walking fast, or other exertion.

These are always looked on as symptoms of Heart Disease.

But they are not necessarily so. They are generally due to a much simpler cause.

In certain forms of Dyspepsia the stomach distends, or swells after meals.

This is because it is unable to digest the food which accumulates, forming a hard mass. When fresh food is taken, the walls of the stomach are forced outward and upward, to make the extra room needed.

Soon this distention, or swelling becomes so great that the space in which the heart throbs is encroached upon.

The result is that the heart cannot work properly—its beat is shortened, as you would shorten the swing of a clock pendulum, by decreasing the space in which it moves.

Then palpitation, which is simply the short, rapid throbbing of the heart follows.

The other symptoms named are due to this cause also.

Cure that case of Dyspepsia, and the so-called "Heart Disease" disappears.

Dodd's Dyspepsia Tablets are the only remedy known that can effect this result.

They cure Dyspepsia by digesting the food. The stomach, freed of its natural load, returns to its natural size, the pressure is taken from the heart—and all is well.

The following names of contributors to the purse for the soldiers were omitted from the lists previously published: R. J. Wood, Major Doherty, B. Bremner, A. B. McKenzie and John McBhee.
