Handran Tops

CHARLOTTETOWN'S Vern Handran is pitching sensation in relief with Rochester Red Wings on the International League.

It's safe to say at this stage of the season Handran is the best left arm pitcher in his league.

When Vern was with Kansas City A's at the start of the season he was the biggest pitcher being enough to come in to himself.

His other two problems were walks and the gopher ball. He seems to have improved considerably on all three.

He won't be a bit surprised if Handran gets the distress call from the next Kansas City A's.
