ANARCHY IN CRETE.

Wholesale in Canea by the Ruthless Turkish Soldiers.

The London Times publishes a despatch from Athens, saying that the long expected disaster in Crete seems to have been suddenly precipitated.

Since Sunday anarchy has reigned in Canea, where the Turkish soldiery have poured through the streets, shouting and pillaging Christians. Among the killed are the cavazes of the Greek and Russian Consulates. All of the Consuls have telegraphed to their respective governments asking that warships be at once despatched. The British fleet at Malta sailed for Canea on Monday, and the British turret ship Hood sailed from Phalerum, Greece. Greek ironclads will probably follow on Wednesday.

Tirkan Pasha, the Governor of the Island, is utterly powerless to restrain the soldiers, as he is on bad terms with the military governor. Izedden Pasha, who is suspected of being at the bottom of the whole trouble.

The immediate cause of the disturbance in Canea is unknown and inexplicable. In that city there has not been the slightest provocation offered by the Christians to the Turks throughout the anomalous regime of the past. The despatch adds that the situation at Retimo is equally serious, and that sharp fighting is reported to have taken place in the vicinity of Vamos.

AN ALARMING INCREASE.

The Prevalence of Female Complaints found to Result Largely from the Kidneys.

SAGINAW, Mich., May 18.—Doctors are beginning to turn their attention more exclusively to the causes for the great increase of what are known as female complaints during the past ten years, and to the remedies for the same. Many cases have been investigated, and among others that of Mrs. Reany, of Ashland, Wis., who was cured of this form of trouble by the use of a kidney medicine known as Dodd's Kidney Pills, which originated in Canada but has now become widely known and used throughout the Western States. This and other similar cases go to show that these troubles are largely due to the kidneys and that the above mentioned remedy is likely to have a great effect in lessening the number of victims to this form of complaint.

THE WORLD'S FAVORITES.

Diamond Dyes Lead in All Lands

No other dyes, of whatever name, can approach the Diamond Dyes in purity, strength, brilliancy and fastness of color. They are the world's favorites, easily leading in every civilized land.

Diamond Dyes are the only Dyes that meet the expectations of the most critical women. They are fast to light, soap and water, and goods colored by them are never rotted or destroyed.

Imitators copy the style and package of Diamond Dyes. Beware of all package dyes that do not bear the name of "Diamond Dyes."

SKIN DISEASES!

One Remedy Which has Never Failed—Tried and Tested Ointment.

Because other alleged remedies for piles, scrofula, eczematic eruptions, scald head, chafing, black heads, salt rheum and skin diseases generally have proved useless, don't condemn Dr. Chase's Ointment. It has never been known to fail. For instance, Nelson Simmons, Meyersburg, Ont., writes:

"I used Dr. Chase's Ointment for Itching Piles, and can recommend it highly. Since using it I have had perfect freedom from the disease."

Peter Vanallen, L'Amable, Que., had the eczema for three years. He tried three doctors, but received no benefit. One box of Dr. Chase's Ointment and three boxes of Dr. Chase's Pills cured him completely. Large scales covered his legs and body, but the Ointment soon removed them. He will swear to these facts.

Chase's Ointment may be had from any dealer or from the manufacturers Edmanson, Bates & Co., 45 Lombard street, Toronto. Price 60 cents.

Mother's greatest remedy for coughs, colds, bronchial and lung affections is Dr. Chase's Syrup of Linseed and Turpentine. The medicinal taste is wholly disguised making it pleasant to take. Large bottle 25 cents.

According to a late despatch from Buluwayo Captain Plumer reports that scouts belonging to his command, on Monday afternoon, found 8,000 Matabeles encamped upon a stone kopje having a hollow centre like a fort. The scouts opened fire on the natives and retired. Captain Plumer, upon hearing the firing, advanced a column at a gallop and poured a heavy fire into the enemy. The Matabeles stood fire well for a few minutes, but finally fled, having sustained heavy losses. Captain Plumer pursued them and abandoned the pursuit at sunset. One English trooper was killed and two wounded. The defeat of this party of Matabele warriors has stricken natives in the west with fear.

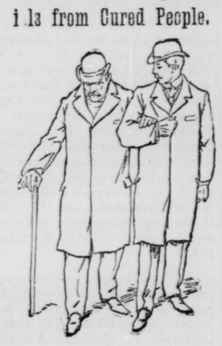
HELPLESSNESS AND AGONY!

A Multitude of Suffers and Martyrs!

Paine's Celery Compound, The Prompt Banisher of Rheumatism and Sciatica.

THE ONLY POSITIVE CURE IN THE WORLD.

Thousands of Convincing Testimonials from Cured People.



The agonizing and terrible troubles known as rheumatism and sciatica are probably the cause of more helplessness and acute suffering than any half dozen others that could be named.

The original cause of rheumatism is a lack of nerve force. By this weakness of the nervous system, an acid is formed which enters the blood. Soon the joints swell—usually the knees, elbows and wrists—and there is inflammation with intense pain; this disease is veritable rheumatism.

The great medicinal virtues of Paine's Celery Compound makes it the only trustworthy specific in the world for the complete cure of all forms of rheumatism. Paine's Celery Compound is curing hundreds of cases every day. Testimonials without number declare that this great remedy of nature has effected cures after all other medicines failed.

You cannot afford to experiment with the common and worthless preparations of the day, when you can procure a guarantee medicine like Paine's Celery Compound, so highly recommended by the best physicians. Bear in mind that those cured by Paine's Celery Compound are cured permanently. There is no more return of the terrible disease; no twisted, contracted and stiffened limbs Paine's Celery Compound gives a new existance and old sufferers walk with as much elasticity and spryness as any youth.

Do not be persuaded by substituting dealers to take any of the medicines they may recommend for their own benefit and profit; insist upon Paine's Celery Compound, the medicine that always cures.

Gloom to Sunshine

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through that imparts nerve strength, vigor and energy to the whole body. Read this letter: "Hood's Sarsaparilla helped me wonderfully, changed sickness to health, gloom to sunshine. No pen can describe what I suffered. I was deathly sick, had sick headaches every few days and those terrible tired, despondent feelings, with heart troubles so that I could not go up and down stairs without clasping my hand over my heart and resting. In fact, it would almost take my breath away. I suffered so I did not care to live, yet I had much to live for. There is no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does far more than advertised. After taking one bottle, it is sufficient to recommend itself." MRS. J. E. SMITH, Beloit, Iowa.

NOW AND THEN.

(St. John Sun.)

The Liberal speakers in the west and the press are striving after points through a comparison of the prices of wheat in 1878 and in 1896, and trying to show that under the old tariff the farmer made more money than he does to-day. Taking average wheat prices during the two years, it will be found that 80 cents is a price that is current in both years, and a load of 40 bushels would be worth $32.

Let it be supposed that the man who delivers this load wishes to take home with him from the city goods as follows: Fifty pounds of dark sugar, five pounds of tea, one piece of grey cotton, one piece of white cotton, one piece of shirting, one pair of boots. The bill for these articles in 1878 and 1896, taking such qualities as are in large demand for the farm trade, would be relatively as follows:

	1878.	1896.
50 lbs sugar	$ 4 87½	$ 2 00
5 lbs. tea	2 00	1 00
56 yds. grey cotton	5 60	3 36
60 yds. white cotton	7 20	4 20
60 yds. shirting cotton	9 00	5 70
1 pair boots	3 50	2 00
	$32 17	$18 26

In 1878 the load of wheat would fall a little short of paying for the goods, whereas now it would pay for them and there would still be $13.74 of it unexpended. After buying all that he could pay for with his load in 1878, the farmer selling to-day would have nearly $14 of the proceeds of his load left. With this he could go on buying at the same relatively advantageous prices, or he could lay it aside to purchase some of the numerous and cheap articles of farm machinery he could not afford in 1878, or he could put it out to accumulate as capital. Whatever disposition was made of it, it is so much added to his wealth. It is a clear gain of $14 in money, or not less than $20 in goods.

THE LAWS OF WAR.

Conduct of Enemies That is Forbidden by Neutral Powers.

The "laws of war" as at present formulated by civilized nations forbid the use of poison against the enemy; murder by treachery, such as assuming the uniform or displaying the flag of a foe; the murder of those who have surrendered, whether upon conditions or at discretion, declarations that no quarter will be given to an enemy; the use of such arms or projectiles as will cause unnecessary pain or suffering to an enemy; the abuse of a flag of truce to gain information concerning an enemy's position; all unnecessary destruction of property, whether public or private.

They also declare that only fortified places shall be besieged, open cities or villages not to be subject to seige or bombardment; that public buildings of whatever character, whether belonging to the church or state, shall be spared; that plundering by private soldiers or their officers shall be considered inadmissible; that prisoners shall be treated with common humanity; that the personal effects and private property of prisoners, excepting their arms and ammunition, shall be respected; that the population of the enemy's country shall be considered as exempt from participation in the war unless by hostile acts they provoke the ill will of the enemy; that personal and family honor and the religious convictions of an invaded people shall be respected by the invaders, and that all pillage by regular troops or their followers, shall be strictly forbidden.

The success of the Cretan insurgents has created a panic among the Turkish rural population, which is fleeing to the towns for safety.
