TO KLONDIKE.

Memorial from the Passengers to the Captain and Officers of the Canadian Pacific Railway Company's Steamship "Tartar."

We, the undersigned passengers of both classes on board the steamship "Tartar" on her first voyage from Vancouver to Skagway, hereby desire to express our sincere appreciation of the enterprise of the C. P. R. in having provided so excellent a service and the best of accommodation for both first and second class travellers to the Yukon and other points in the golden North. We are agreed that the accommodations provided for the second class is better than that provided for the first-class passengers on other steamers running north from Vancouver, while the first class is equal in every respect to that of any steamship service on the Atlantic. We also wish to express our sincere appreciation of the great care and attention displayed by Commander Archibald and all his officers without exception in the navigating of the ship through waters so little known and hitherto unsailed by any passenger steamer of so large a tonnage. We feel that we are indeed in luck in having our passage with officers who are at once both capable and courteous and hereby congratulate them on the success of the voyage.

High Grade Versus Low Grade.—The grade or quality of material and workmanship in the wheel is one of the most permanent questions which confront an intending purchaser. The low grade wheels lack finish, and being constructed of poor material and by cheap labor, are bound to go to pieces or get out of order before they have been ridden long, sometimes endangering life thereby. If you have not yet made your selection get a catalogue of the high grade Messer Harris. It has established a reputation the world over for its strength and beauty.

The evidence in the case proves Hood's Sarsaparilla cures scrofula, salt rheum, boils, pimples and all eruptions.

A LITTLE WAY.

A little way to walk with you, my own—
Only a little way,
Then one of us must weep and walk alone
Until God's day.

A little way! It is so sweet to live
Together, that I know
Life would not have one withered rose to give

If one of us should go.
And if these lips should ever learn to smile,

With your heart far from mine,
'T would be for joy that in a little while
They would be kissed by thine.

Plenty of amusement at the Opera House to-night.

GRADUATED FROM THE P. E. J. COMMERCIAL COLLEGE.—We to-day congratulate Mr. Lorde A. Robertson, of this city, on the fact that he has just been awarded a diploma, after a full business course at this College. Mr. Robertson had been diligent and careful student and has succeeded in his studies, in carrying off this well earned mark of distinction. As he has been noted all through the course for his excellent conduct, and obliging disposition, he will be certain to succeed when in the employ of others, in his chosen profession. He carries with him our very best wishes for continued success.

On Thursday evening, May 26th, the Junior Endeavourers of Zion Church will lead a public missionary meeting in the lecture room of the church at eight o'clock.

Boston and Glasgow Compared.

Within a year or two has been published a study of the administration of Glasgow, says Hon. Francis C. Lowell in The Atlantic, written in a spirit of respectable pride by two of its officials. On comparison of the statements of this book with the condition of affairs in Boston it appears pretty clearly that in the matter of police, water and fire department the service of one city is about as good as that of the other. Glasgow excels in the laying out and care of its streets and in its public baths, Boston in its sewers, parks, schools and in the care of its poor. Glasgow has no public library, and apparently has no hospital supported by the municipality. It has a municipal art gallery and museum, institutions provided and administered in Boston by private generosity. Glasgow operates a gas plant with success and has purchased and improved a considerable tract of land. Boston has constructed and leased the subway on advantageous terms. The experiment of Glasgow in operating a tramway has been carried on for so short a time, upon so small a scale and with such doubtful results that no valuable conclusion can yet be drawn from it. On the whole and regardless of cost, the public service of Boston is rather more extensive than that rendered by Glasgow, and in quality would seem to be quite as good.

The Oldest Photographer.

The Boston Transcript says: "Josiah Johnson Hawes, the oldest working photographer in this country and probably in the world, has just celebrated his ninetieth birthday. He has occupied the same studio, at 19 Tremont row, since 1843, when he started in business with Mr. Southwick, who died a few years ago. Mr. Hawes is still vigorous and attends to all the details of trade. He was the first to make daguerotypes in this city, and all the famous men and women of a generation ago, including Daniel Webster, Rufus Choate, Jenny Lind, Baron Rothschild, Edward Everett, Charlotte Cushman, Longfellow, Whitier, Parker, Emerson, Alcott, Lucy Larcom and Grace Greenwood posed for him in this same studio."

Local and Other Items.

THERE will be a meeting of the ARROWS this evening. All members are requested to be present.

GRANARY ENTERED.—The granary of Mr. Michael Ready, at Irishtown, was entered a few nights ago and some timothy seed and barley was stolen therefrom.

SWORN IN.—Hon. David Laird and Henry Smith and Peter Holloran, Esq's., were yesterday "sworn in" as Water and Sewer Commissioners.

WILLIAM AITKEN.—The seam tug William Aitken is taking the place of the St. Olaf while the latter is having some repairs made.

Comedy and pathos in the play at the Opera House.

FROM HALIFAX.—The Steamer City of Ghent arrived from Halifax about one o'clock this morning, bringing a large general cargo. She leaves on return about one o'clock this afternoon with a cargo made up largely of fish and potatoes.

INTERRED AT HALIFAX.—The remains of A D Taylor, arrived last night from Boston, and the interment will take place today. J D Taylor of Charlottetown, brother of deceased, is in the city.—Halifax Herald.

STALLION SOLD.—The celebrated coach stallion Home Rule was sold at auction to-day by Mr. Bearsto. Mr. W. McKie was the purchaser, and his bid was \$200. Home Rule was imported from Ireland by the Newfoundland Board of Agriculture, and is a choice animal in every respect.

HALF-MAST.—Flags are floating at half-mast throughout the city out of respect to the memory of the Hon. W. E. Gladstone. Among the places on which flags are displayed are the Provincial and Dominion building, the halls of the Sons of England, Ancient Order of Hibernians and Foresters, and the London House.

GODFREY'S BAND.—This fine military band gave a concert in the rink at Moncton on Wednesday night. The building was crowded, and the programme prepared for the occasion was cleverly rendered. The Charlottetonians present included Mrs. Geo. Munroe, Mrs. Geo. Carver, Miss Baird, Miss Murray, W. D. Small, C. D. Weeks, Vernon McLeod, Geo. McLean and W. L. Harvie. They all returned home last evening.

THE OPERA HOUSE.—The Frost Stock Company last evening played "Paradise Regained," a very engaging comedy-drama, to an audience which was well pleased with the performance. There were specialties between the acts, and good music was furnished by Vinnicombe's Orchestra and the Company's musical director. Tonight the "Two Orphans" is to be presented in addition to which there will be specialties and choice music.

THE HAMIL CASE.—The examination of James Hamill, charged with the murder of his brother Owen, whose dead body was found in a coal shed at Point du Chene in November last, commenced at Shediac on Wednesday. Several witnesses testified to hearing the accused make threats to kill his brother, and evidence was also given to the effect that deceased had fears that the accused would kill him, and had sought the protection of the law, but nothing further was brought out. A large number of witnesses are yet to be examined.

FOR THE KLONDIKE.—The Canadian-Klondike line of steamers are now running from Vancouver or Victoria to Glenora via Wrangel, and tickets can be purchased and baggage checked through to that point. Their steamer "Hamlin" has made round trip from Wrangel to Glenora in three and one half days. Time will probably be much quicker later. Contractors are putting teams on Glenora-Teslin rail. For rates of fare, securing of accommodation, etc., apply to the Assisnt General Passenger Agent, C. P. R., St. John, N. B.

SCOTTISH RITE.—Charlottetown Chapter Rose Croix was fully organized yesterday, Ascension Day, and the following officers installed:—

- R. Macneill, 33—M. W. S.
- T. A. McLean, 32—1st. Gen.
- Thos. J. Dillon, 32—2nd Gen.
- Ear. T. B. Reagh, 18—Prelate.
- Jas. McLeod, 18—Raphael.
- Jas. J. Davies, 18—Marshall.
- W. S. Stewart, 18—Registrar.
- B. Garrach, 33—Treasurer.
- Neil McKelvie, 13—Capt. of Guard.
- J. C. Hobbs, 18—Guard.

C. Masters, 30, of St. John, N. B., assisted in the work, and last evening several brethren were created Knights Rose Croix.
