MANTLES A SPECIALTY.—Beer Bros.

POLICE COURT.—There was no business at the police court this morning.

A GOOD HAY CROP.—W. Welsh, Esq., M. P., has secured on his farm at Keppoch three hundred and four truck loads of hay, the growth of this season.

TO-MORROW will be red letter day at the police court. The case against the Charlottetown Club will be decided, and several summonses against others are returnable.

SCOTT ACT.—Five Scott Act summonses were served last evening. John Joy got two, and Messrs. Philip Curley, John T. Murphy and Fred. E. Rowe one each. All are returnable on Wednesday next.

LARGE CURRANTS. — In Haszard & Moore's shop window are exhibited some samples of Prolific Red, White Grape and Goudoquil currants. They are very fine, some of the red being 1¼ inches in circumference. They were grown by Mr. H. W. Vinnicombe.

MR. BREWER REMEMBERED. — The Rev. W. W. Brewer left for Moncton this morning, and will occupy the pulpit of his new charge at Moncton on Sunday evening next. Yesterday he was waited upon by a number of his friends and presented with an address and an appropriate gift. Rev. Mr. Brewer has made hosts of friends during his stay in Charlottetown, and his departure is generally regretted.

DULL TIMES.—The exodus from the United States of French Canadians to their native land is something enormous. The Lowell, Mass., Sun has the following item, which refers to that city alone: "It is stated that fully 4,000 French Canadians have left the city for their Canadian homes since April 1." The cause of this is the extremely dull and discouraging prospects in the mills. All textile centres report the same state of affairs. Most of these people were employed exclusively in the mills, and short time and reduced wages tell the story.

VEGETABLES FOR SUMMER DIET.—It is not natural to eat a great amount of meat in summer. The system does not require it as it does in colder weather. A vegetable diet is best for hot weather, provided it be the right kind of vegetables to give strength for those who have heavy work to do. There are no more nutritious vegetables than green peas and green beans. They contain much of the nutritious elements that these same grains contain when they have ripened. The diet of vegetarians has not been diversified as it should be. It is this that has brought their system into discredit.

AQUATIC.—In referring to the challenge of Messrs. Collins and Hughes to "any two men on Prince Edward Island or in Pictou County, N. S., to row a double-scull lapstreak keel-boat race," the Pictou Advocate says: "In speaking with some of our oarsmen, we are led to believe that Messrs. Collins and Hughes—if it is not too late now—can have an opportunity to test their rowing qualities with some of our men. The Connell Bros. would probably give them a race, provided they use the boat known as the 'Rowena,' as their new boat far out-classes any boat owned in Pictou."

LAST NIGHT'S LECTURE.—The lecture of Rev. Mr. Hamlyn, last evening, on the "Starry Heavens was well attended. Mr. William Harris occupied the chair. The diagrams used were well gotten up, and, we understand, were the work of Miss F. Wright and Dr. Leeming. The lecture was fully up to and away ahead of the expectations of the most ardent student of astronomy present, and, as one gentleman expressed it, we had two or three lectures all combined in one. The Garrison Artillery Band rendered some choice selections which greatly enlivened the proceedings. Remarks were made at the close by Mr. Charles Palmer, Dr. Leeming, and others, complimentary to the learned lecturer, after which the audience dispersed.

THE NORTHWEST CROPS.—According to a late despatch from Winnipeg, the latest crop reports received by the grain men from every part of the province speak very favorably of the prospects. Crops generally, which were a week or two ago thought to be light, are going to turn out much heavier than early advices would indicate. One great advantage this year, too, over others is the early harvest. Although it is only the middle of August, the harvest may be said to have fairly started in every locality, and unless the weather takes a very sudden change, frost is not likely to have slightest effect on this year's wheat. Samples of wheat have been received from Brandon, Carberry, Oak Lake, Hartney, Lauder, Gretna and Emerson, and it is plump and heavy and superior to last year's in most cases. Where the farmers have failed to bluestone the wheat there are lots of smut, but otherwise there does not seem to be a fault, and with anything like favorable conditions the samples should be favorable all around. An average of twenty-five bushels of wheat to the acre is not thought an extravagant estimate by those best posted.

FROM BOSTON.—The steamer Florida arrived from Boston last evening with a general cargo and the following passengers: Mrs D Abearn, Sadie Bacon, G R Ball, I Ranger, R T Black, Samuel Boyer, Ida Bradford, Mrs Mary Bradley, Mrs W E Browsey, Carrie Carroll, Miss Alice Chisholm, W E Cook, Charles Cook, Miss A M Coulter, Miss Sarah May Coyle, Miss M A Craven, Miss A A Craven, Miss B Cullen, Wm Delaney, Frank Doyle, W E Dupont, Mrs O S Ellis, T J Farquharson, A W Ferrell, A Gallant, A B Gilmore, H B Goode, Chauncey H Goodwin, Mrs G A Haszard, Miss V Haszard, T Z Heston, Miss Ida Hoar, Miss Ella Hobbe, Miss Florence Hooper, Mrs A A Hosmer, Mrs T C Hubbard, Isadore Jaros and wife, J W Judson, E L Lockwood, Mrs John Kemy, R Kimball, Miss Maud King, Mrs John Lawler, Mrs Annie Lee, S H Lewis, Mrs O D Livermore, Mrs Jennie Martin, Edward May, Joseph McDonald, Flora McDonald, Thos McKinnon, Christina McKinnon, Sadie McKinnon, John McLean, John McLean, Jessie McLeod, Kate McLeod, Miss M McMillan, Mrs McIsaac, Miss A B Nash, Miss A Nicholson, Minnie Partridge, Wm Peckham, Mary Rush, John Sealey, Oscar A Sivert and wife, D M Stewart, D H Tappan, Miss M Trail, Nellie Trudor, Miss F Wade, Mrs T Welsh, H E Wiggins, Clara Woodward.

LETTERS TO THE EDITOR.

A DOCTOR'S DIFFERENCE.

SIR,—Your yesterday's issue contained a notice referring to Dr. Brown, whose office I am informed is situated on Fitzroy St., this city. As Dr. Brown's name does not appear on our Provincial Medical Register, I would like to ask the Medical Council why he is permitted to open an office for the practice of medicine and surgery in this city without first having to comply with the requirements of the law governing the practice of this profession in our Province.

As an admirer of what is just, I was much pleased to hear that the members of our medical profession had united and succeeded in securing sound legislative protection and by so doing elevated themselves from a collection of cure-all-ills to the honorable standard they now occupy. The present medical law is such that it requires a man of more than ordinary ability to qualify under it, as the Medical Council only accept for examination such men as graduates from first-class universities and colleges and those possessing most powerful medical educations.

Now, if our Medical Council, which possesses almost absolute power, intends subjecting one to the requirements of the law and at the same time permits another to go on uninterruptedly and practice medicine without any qualification, it shows plainly that the object of such legislation is to serve a special few and that the whole law is a clever scheme to prevent this few from practising. If the Medical Council cannot show cause why Dr. Brown is allowed the privelege he now enjoys, it goes without saying that the Medical law is a public bluff and an imposition upon our people. The public demands equal rights. Very respectfully,

J. K. D.

SWEDISH QUARTET.

The concert given by the Swedish Quartet last evening in the Masonic Hall was a decided treat to those who were fortunate enough to hear it.

All the chorus singing was excellently rendered. The four male voices perfectly blended in richness, power and sweetness of tone, and gave thorough musical expression to the varied effects of weirdness, pathos, sadness or rollicking hilarity of the various numbers of an excellent programme.

The solo singing of Mr. Laurin was exquisitely beautiful, and no music lover in Charlottetown should miss this opportunity of hearing such a richly cultivated voice as he possesses. His song of Mona was the gem of the evening.

The recitations of Miss Lambkin were well given, her very pleasing appearance, the sweetness of her voice and her well cultivated elecutionary powers captivated the audience.

It is a pity that such an excellent concert should have such a miserably small audience as that in the Hall last evening. Other attractions were going on, however, and it seems to be the melancholy fact that the public'y strongly draw the line between the price of thirty-five cents and fifty cents as a reserved seat admission.

BACEBRIDGE, Aug. 11.—Speaking here yesterday at Father McGuire's picnic, Sir John Thompson said that Canada was not like the United States in the matter of financial depression, nor suffering like France, whose President has been murdered by Anarchists. Neither had Canada the agricultural depression prevailing in Great Britain. No traitors abounded like in other European nations He added that it was too late for Canada to wed the United States for we were indissolubly connected with Great Britain.

BONAVISTA.—The SS. Bonavista sails from Montreal on Friday, August 17th, for Charlottetown, Sydney, St. John's and Harbor Grace. She will be due at Charlottetown on Monday morning, August 30th. Advt. later.

A Boston despatch says all the rubber manufactories controlled by the American Rubber Trust will shut down September 1st for two weeks or a month. These plants employ 12,000 or 14,000 persons.
