

Gordon , Present +Past

Well here we go again. It's time to get back into the groove (not the rut) and get the ball rolling again. The events of the summer are history. The upcoming year has the potential of being a really good one. The success of this year, from both the social and academic viewpoints, hinges on one thing...YOU. It takes a lot of time and alot of people to run the Student Union throughout the year. There are several places where your particular talents can be used and

would be appreciated. But everyone doesn't have to be an organizer. We need participants. We need Spirit. It doesn't take long to discover that the more you become involved, the more you enjoy yourself on campus. Why not start by attending the regular S.U. meetings. The General Fall Meeting is coming up at 7:00 PM, Sunday September 29, in Duffy Amphitheatre. **PLAN ON BEING THERE!**

Yours truly,
Gordon Campbell
President UPEISU

PRESIDENTIAL PLEDGE
RE: APATHY

As everyone is well aware, the school year is in it's last stages. In the SU office, over the past month, the new executive has been famil-

iarizing itself with the various functions and duties involved in our new positions. We have not made any earth shattering decisions but we

have made progress in some important areas. Many ideas and reccommendations we have, will require considerable work during the summer and by Sept.

we should have a very good definite and extensive policy concerning SU affairs. Throughout the summer there will be at least three executive members on campus full-time. The other two members will be readily available if necessary. If any students have any ideas that they would like to express, please feel free to come to talk to us now and in the future.

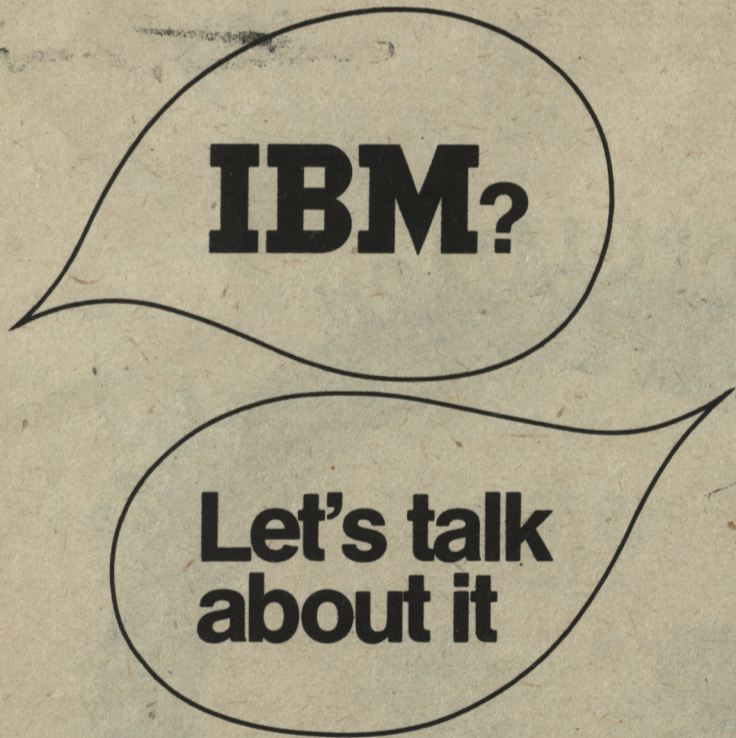

Apathy on campus is our biggest concern. I realize that people get sick of hearing this all the time; they get apathetic about it. In the final analysis, there is nothing that can be done to get people involved if they don't want to be involved. Our aim will be to remove as many of the "excuses" as possible and then leave

it up to the individuals to decide. I think that in September it will be obvious what I mean by "removal of excuses". The entire executive is looking forward to working with you in the coming year. We thank the seniors for their guidance and leadership and wish them all the best in their future endeavours. Have a good summer and we'll see you in September.

Yours truly,
Gordon Campbell
President UPEISU

IBM Canada Ltd. needs people to work in an environment that's always interesting, and often demanding, but never dull.

We need technically-oriented people and people-oriented people. We need thinkers and we need doers.

Interviews on Oct. 17

Our recruiters will be coming to campus soon, to talk with people who think that they could have a future with IBM. If you would like to set up a meeting, tell your college Placement Office, and at the same time give them a copy of your personal resumé. Then let's talk about it.
