and recognized it. She wondered if mother was still here. She decided to go see. She scrambled up the tree straight to the doorway that had so short a time before been familiar. She climbed eagerly. Would she find mother at home? If mother wasn't at home what a surprise she would have when she

did come home. Perhaps now mother would be glad to see her. Just as she reached the doorway, and before she could peep in, mother thrust her head out. But was it mother? Ragtail was really in doubt. There was no love in the angry face so close to her own. "Get out!" barked mother right in her very face. "Get away from here!" It was an ugly bark. Ragtail dodged around to the other side of the tree. In a flash

mother was out of that doorway and around the tree after her. Ragtail realized she had made a mistake. Round and round on the trunk of the tree they raced. Finally, Ragtail jumped to the ground. Right behind her she heard a thump. That was mother who had also jumped to the ground. Ragtail ran. Never before had she run as she was running now. And right behind her came mother. Ragtail dodged around one tree, and ran up another. Mother was right at her tail. Ragtail ran out on a limb and leaped for another tree. She missed a jump. Mother didn't try it. She just sat there for a moment and scolded. And how she did scold! Ragtail didn't wait. The instant she landed on the ground she took to her heels. She got away from that part of the Green Forest as fast as her legs could take her. She ran until she could no longer hear that scolding voice. She had made a mistake she would never make again.

Voids Must Keep You Free of Body Odor, Head to Toe, the Whole Month of July or it Won't Cost You a Cent!

Here's how you can try new, amazing VOIDS CHLOROPHYLL TABLETS WITHOUT RISKING A CENT! ASK at any drug counter for a 36 tablet, month's supply package of Voids at \$1.25, take it home and before retiring take a bath or shower. (Do this to insure removing any underarm cream deodorant you may be using or tell-tale traces of odor on any part of the body.) Swallow your first Voids tablet before going to bed, take another next morning and thereafter only one Voids a day before breakfast each

morning. (Occasionally, if you perspire excessively or in stubborn cases, one extra tablet a day should be taken.) VOIDS ARE AS HARMLESS AS THE FOOD YOU EAT so never worry over taking the odd extra tablet. DO NOT USE YOUR REGULAR DEODORANT while you're taking Voids as YOU WILL NOT NEED IT. Voids are all you need to protect you head to toe from all body odor, including underarm, feet, scalp, excessive glandular activity, nervous perspiration or more intimate conditions.

If, after taking 18 Voids according to directions, you are not completely satisfied and delighted with results, mail the remaining half package to Adrem Limited, 225 Mutual Street, Toronto 2, and we will refund your \$1.25 plus your cost of postage. NOTE: Do not confuse VOIDS CHLOROPHYLL TABLETS with candy mints which are not effective for body odors. (A supply of VOIDS for clinical purposes will be sent free of charge to any medical doctor, dentist or recognized hospital or institution.)

B.F. Goodrich Tubeless Tire

Because IT HAS NO TUBE

It may save your life...

The B. F. Goodrich LIFE-SAVER Tubeless Tire gives you maximum protection against the hazard of blowouts and dangerous skids, that frequently result in serious injury, and even death.

It can save you trouble...

The B. F. Goodrich LIFE-SAVER Tubeless Tire seals punctures on running wheels... protects against the annoying trouble caused by flat tires.

It will save you money...

The B. F. Goodrich LIFE-SAVER Tubeless Tire provides greater safety than any tire and tube, yet it costs less than the conventional safety tire-tube combination.

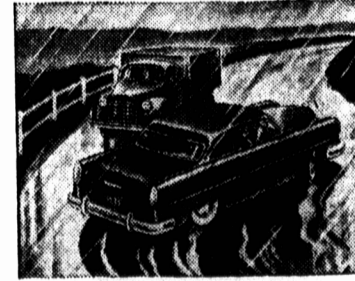

Accidents like the one above can happen when blowouts occur—that's why you owe it to yourself to find out about the extra protection in B. F. Goodrich LIFE-SAVER Tubeless Tires. Most blowouts are caused when the inner tube explodes through weakened or broken cords. But, because it has no inner tube, a LIFE-SAVER Tire changes a sudden, dangerous blowout to a safe s-s-s-slowdown, allowing you ample time to stop your car safely, with perfect control.

PUNCTURE PROTECTION A gunny rubber compound under the tread immediately seals around puncturing objects, and permanently seals the hole when the object is removed. Inconvenience and delays are eliminated.

BLOWOUT PROTECTION Instead of a tube, the LIFE-SAVER has a patented inner lining that's part of the tire. In event of damage there's no sudden blowout, only a small break in the liner, a s-s-s-slowdown that lets you stop safely.

SKID PROTECTION The LIFE-SAVER tread is cross-cut into thousands of tiny grip-blocks. At 30 miles per hour on wet roads, it stops you a car length quicker than regular tires... and gives you longer mileage too.

Your B.F. Goodrich dealer now has the Tubeless Tire ...it can be your LIFE-SAVER
