MISCELLANEOUS.

HOW TO BEARD SOCIETY.

The [beard] movement has an advantage quite peculiar to it, inasmuch as the arguments on both sides have all the amusing elements of the ridiculous. The present custom is absurd. To foreigners who come from nations unmutilated in the face, the aspect of men staking about in public, deprived of the distinctive ornament of the muzzle, and thus reduced to stubbed and rough copies of women, is more amusing than imposing. The North American Indian, who shaves his head and leaves a tuft in the centre for the convenience of his enemy in taking off the scalp, is actuated by a higher sense of honour than that which actuates Englishmen in compelling them to shave the muzzle and leave two scraps at the side for that domestic enemy the favourite child to tug at. The custom therefore is ridiculous; but the revolution is scarcely graver. The artist, who tells us that the beard is better than the shaven chin—personal comfort, which tells us that the operation of shaving is a daily torture—or common sense, which tells us that the fur upon the lips and round the throat in harsh weather is a natural "comforter"—have strong grounds on their sides; but when the physician interposes, and gravely assures us that the national malady of consumption may be warded off by the natural respirator, and especially when the distinguished member of a public department heads the anti-razor movement, representing the movement as essential to public health—it may be said that material improvement is beginning to revel among the soap-suds. One is prompted to ask whether the preacher practises; and perhaps a contemporary can tell us whether the great apostle of this bearded doctrine is himself an exemplar of his mission?

It is one that can only be taught by example, not inculcated by doctrine or ordered by statute. We have a compulsory vaccination act, but a compulsory anti-shaving act would be tolerated only in Russia—or the Bank of England. Soldiers shave or grow by regulation, but civilians might at least claim freedom of action. The police have not been required to grow a handle by which to be bearded; but the authorities at the Bank, it is said, have put down certain rising moustaches; perhaps as dangerous to the safety of that institution. Such is our custom of tyranny in trifles: we grant a freedom to religious and political principles which we deny to the capillary principles; we admit private judgement on the most important questions, and deny it on the toilet question of the morning!—*The Spectator*.

NEWSPAPERS—THEIR BENEFIT.

Of all the amusements, says Herschell, that can possibly be imagined for a hard-working man after a day's toil, or in its intervals, there is nothing like reading an entertaining newspaper.—It relieves his home of its dullness or sameness, which, in nine cases out of ten, is what drives him to the ale-house, to his own ruin and his family's. It transports him into moer gayer and livelier and more diversified and interesting scenes; and while he enjoys himself thus, he may forget the evil of the present moment fully as much as if he was ever so drunk, with the great advantage of finding himself the next day with his money in his pocket, or, at least, laid out in real necessaries and comforts for himself and family, without a headache. Nay, it accompanies him in his next day's work, and if the paper he has been reading be anything but the very idlest and lightest, gives him something to think of besides the mechanical drudgery of his every day occupation—something he can enjoy while absent and look forward with pleasure to return to. The history of the world for one day is given to him, the follies, the vices, and consequent miseries of multitudes are so many admonitious and warnings; the acts of jealousy and anger; the story of one friend murdered by another in a duel; the caution against gambling and profligacy, talk they not of morals?' Take a good newspaper, read it, and it will give you better advice than all the more moralists in the universe.—*Aldauy Journal.*

WILLIAM HEARD,

THANKFUL for past favours, begs to intimate the ARRIVAL of the *Nugget*, direct from ENGLAND, with the following *GOODS*,

The Far-famed Medicine!

HOLLOWAY'S PILLS.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following testimonial has been sent to Professor Holloway, by a gentleman named Middleton, of Scotland Road, Liverpool.

Sir,—Your Pills have been the means, under Providence, of restoring me to sound health, after five years of severe affliction. During the whole of that period, I have suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy, I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cou[g]h, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,
(Signed) H. MIDDLETON.

Dated Jan. 1st, 1853.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious complaints, I may mention the following case: A lady of this town, with whom I am personally acquainted for years, was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
(Signed) J. GAMIS.

Nov. 23, 1852.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM, AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE.

Copy of a Letter from Mr. W. Moon, of the Square, Winchester.

To Professor HOLLOWAY,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried everything that was recommended, and was attended by one of the most eminent surgeons in this town, but obtained no relief whatever; and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed, I have felt no return whatever of the complaint.

I am, Sir, your obliged Servant,
(Signed) W. MOON.

Oct. 8th, 1852.

AN EXTRAORDINARY CURE OF DROPSY, AFTER SUFFERING FOR EIGHTEEN MONTHS.

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

To Professor HOLLOWAY,

Sir,—I have much pleasure in informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain Jackson, of this place, was afflicted with Dropsy for upwards of eighteen months, to such an extent that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became eecessary; notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions, he was effectually cured, and his health perfectly re-established. If you deem this worthy of publicity, you are at liberty to use it.

These celebrated Pills are wonderfully efficacious in the following complaints.

Ague	Dropsy	Inflammation
Asthma	Dysentery	Jaundice
Bilious Complaints	Erysipelas	Liver Complaints
Blotches on the skin	Female Irregularities	Lumbago
Bowel Complaints	Fevers of all kinds	Piles
Cholics	Fits	Rheumatism
Constipation of the Bowels	Gout	Retention of Urine
Consumption	Head-ache	Scrofula, or King's Evil
Debility	Indigestion	Tumours
Sore Throats	Stone and Gravel	Worms of all kinds
Secondary Symptoms	Tic Doloureux	
Ulcers	Venereal Affections	
	Weakness, from whatever cause, &c.	

Sold at the Establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar,) London, and by all respectable Druggists and dealers in Medicines throughout the Civilized World, at the following prices:—

2s. 5s. 8s. and 20s. Currency each Box.

☞ There is a considerable saving by taking the arger sizes.

N. B.—Directions for the guidance of patients in every disorder affixed to each Box.

GEORGE T. HASZARD,
Sole Wholesale Agent for P. E Island.

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors. and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the eminent gentlemen to whom we are allowed to refer for these facts, are

PROF. VALENTINE MOTT, the distinguished Surgeon of New York City.

DOCT. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.

IRA L. MOORE, M. D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

H. C. SOUTHWICK, Esq., one of the first merchants in New York City.

C. A. DAVIS, M. D., Sup't and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities; by this, each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effect should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formula by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.
