

Alberton Pastoral Assistant Preaches Farewell Sermons

ALBERTON—William R. Bowring leaves Alberton today for his native Newfoundland. Since early May he has been student assistant to Rev. J.M. Sproule on Alberton Pastoral Charge of the United Church of Canada. Yesterday he preached farewell sermons to large congregations at all three points on the charge.

At early morning service in Tignish his text was "I am the light of the world: He that followeth Me shall not walk in darkness, but shall have the Light of Life." Mark 8:12. He reminded his hearers that Jesus is a personal light, a universal light, and an everlasting light, and stressed the importance of reflecting Christ's light.

Evening service at Cascumpec was the W.M.S. Thankoffering with address by Mr. Bowring. Mrs. G.R. Leard conducted the

The people of Alberton and Tignish congregations met in Alberton Church Hall Friday evening. During a presentation from the ladies' aid by Mrs. James Hodgson, an original poem was read by Mrs. Fred Leard and "Will Ye No Come Back Again?" as revised for the occasion by Mrs. John H. Wells, was sung by members of the aid.

U. C. Says Next Step In Union Is Up To Anglicans

By DON PEACOCK
Canadian Press Staff Writer

OTTAWA (CP) — The general council of the United Church of Canada took action Monday which in effect took the Anglican Church the next move is up to it as far as union is concerned.

The 18th biennial meeting of the council adopted a report on the situation expressing disappointment over the "limited results" of conversations between leaders of the two bodies during the last 15 years.

"The time has come," said the report, "when in our judgment the Anglican Church of Canada should make plain whether it really wishes to continue these conversations or whether it now desires to terminate them."

ADOPT REPORT
Earlier, amid a charge of whitewashing, the council also adopted a special committee report expressing complete confidence in the principal and board of regents at United College, Winnipeg, in the recent firing of a history professor, Dr. Harry Crowe.

Dissenting delegates among the 400 attending the council session objected mainly to being asked to approve the college action without knowing full details of the situation.

Dr. Crowe was fired a week ago in a dispute over a letter he had written to a fellow teacher at the college. The letter found its way through means no one evidently as yet has been able to discover to the college principal, Dr. Wilfred Lockhart.

Very Rev. James S. Thomson of Montreal, retiring moderator who headed the special committee, and others favoring acceptance of the committee report argued that the council last week established the committee to study the situation quietly.

This has been done thoroughly and the council should accept the committee's findings, they said.

All but a scattered two or three delegates voted in favor of the committee's report.

APATHY NOTED
The church union report was presented by Dr. W. Harold Young of Toronto, chairman of

the United Church committee on union. "In both the (Anglican and United) churches," his report said, "an unmistakable apathy in this matter has replaced earlier enthusiasm in the hearts of many people, and it is a matter of common knowledge that strong opposition to all such proposals exists within the Anglican Church."

"Apparently whatever hopes there may once have been for significant developments at an early date now should be set aside."

But the report also declared the United Church's willingness "to continue with patience the slow process of such spiritual exploration, so long as it is carried on in good faith."

In seconding the report, union committee secretary Dr. Ernest E. Long of Toronto said "we feel that it's their move."

If you need MONEY for Business or Personal Reasons

talk to... "MY BANK"

I know the manager of our local Bank of Montreal pretty well. The other day we were talking in the locker-room after a friendly 18-holes.

"Look Jim," I said, "what's behind this slogan you people use in ads, 'You don't ask a favour when you ask for a loan at the B of M?'"

"Simply that..." he replied. "Let's be frank about it, George... lending money is the bank's business. We make money by lending money, just as the grocer makes money by selling potatoes. When you can pay for the potatoes you want to buy, you're not asking a favour when you make the purchase... And when you can pay back the money you want to borrow from the Bank, you're not asking a favour either."

"In other words, my bank regards a loan as a straight business proposition. If your proposition is sound and reasonable, there's money for you at the B of M."

Gaudet was taken to Prince County Hospital here where it was found he was suffering from a fractured ankle, skinned back and minor head injury.

He was permitted to return to his home.

The car involved was driven by Heath Craig of Summerside, according to police.

The accident provided a brief mystery for police who found only a blood-smeared bicycle and glass from a shattered car headlight at the scene.

Investigation revealed the bicycle driver had reached a nearby farmhouse on his own and had been taken by Mack Gallant to Bedeque for medical attention.

Later in the evening the car was reported found in a ditch beside the highway in Sherbrooke. The owner was questioned by police Sunday morning.
