## Montague UC Men's Ass'n Receives Charter At Dinner

MONTAGUE — The Men's Association of Trinity United Church, Montague received its charter at a dinner meeting in the A. D. MacKenzie Hall at which the ladies of the church were special guests.

The charter from the church's AOTS national organization was presented by Lester Keizer, Charlottetown. Receiving it were Douglas Coffin, president, and Lorne Wigginton, the group's first president. Other officers include Ralph Anear, vice-president; Leslie Stuart, secretary; Allan Mosher, treasurer.

The Cabot Building is one of the first structures to be removed to make way for the Confederation Memorial Building. It has been indicated that some city schools will be utilized as temporary quarters for the departments.

Departments affected will be treasury, highways, public works, industry and natural resources, fisheries and education.

agenda were: Plans for improvements to be made on the island this spring, tentative date and plans for the annual meeting and picnic and the placing of a large sign at the road entrance to Brudenell Island.

The following committee was named to complete plans for the annual meeting: Douglas MacLaren, Glen MacLaren and Kelso Gordon.

Tentative date chosen for the meet was July 18.

Brudenell Island is a narrow spot, the resting place of the pioneers. Many visitors appear to be unaware of this. Many present at the meeting felt that the sign at the road entrance should so read that visitors should be reminded of this fact.

At the close of the business meeting a social hour was enjoyed. Refreshments were served by the hostess.

Chairman of committees are Dr. A. E. Ings, entertainment; Jack Anear, membership, and Howard Vickerson, reception.

The need for improvements to the Augustine Cove camp was explained by David Murphy, Charlottetown, chairman of the Presbytery's camp committee. Also speaking was Allison MacKinnon, field secretary for the church's board of men.

During the evening a hymn singing was conducted by Jack Anear with Mrs. L. A. Johnson as accompanist. A nominating committee of Charles Fraser, Dr. L. A. Johnson and Archie Hilchey was appointed to bring in a new slate of officers.

At the close of the business meeting an auction sale of food was held with Mr. Wigginton as auctioneer. The dinner was presided over by Mr. Coffin.

## Development Council To Plan Surveys At Dinner Meeting

The provincial Resources Development Council will hold a dinner meeting at Montgomery Hall this evening.

Lincoln Dewar, secretary of the P.E.I. Federation of Agriculture, will discuss in detail the socio-economic study made recently in this province. Two representatives of the federal department of agriculture, Cliff Retson and L. Rayner, will discuss the forthcoming economic survey of the province.

A department of trade and commerce official from Halifax, Allan MacKenzie, will outline methods of assisting small businesses.

Arrangements will be made for meetings of the council's committees on tourism, forestry and small business.

Research director Hartwell Daley said yesterday that under the resources development program about 500 questionnaires designed to reveal talents

and skills of local people have been distributed in the province and about 500 more are to be sent out in the O'Leary, New Glasgow and Morell areas.

It is expected that results of the questionnaires will be processed by an electronic machine.

Mr. Daley said that additional information similar to that gathered by the questionnaires will be sought through public hearings. He indicated that the first hearing may be held in Souris in early June.
