CHOICES of solos at Earle's concert, to night.

REV. THOMAS DUNCAN lectured in Petou last week, on "Scottish Church." The lecture is highly spoken of.

REMEMBER the meeting to be held in Market Hall this evening. The subject—Winter Communication—is most important.

CRIMES in WILSON—Last night 1264 arrests were reported by the police of WILSON. This is nearly ten per cent. of the entire population.

MR. JAMES CURRIE one of the most estimable citizens of Toronto, died suddenly in the Central Presbyterian Church of that city, on the 2nd, and died in a few minutes.

The finest chaises ever given at the Y. M. C. A., to night.

CONGR. H. IVES, formerly of North Tryon, has accepted a position as associate teacher in Eastman's Commercial College Poughkeepsie, N.Y., where he went about a month ago.

THE TIDEWAYS—Free day's mails from Prince Edward Island were delivered at the Moncton post office on the 26th. Of course the mail service is not carried on by the Cape route.

THE brigantine "Helen" loaded with oats for Hon. Wm. Richards, Bedford, and which left Malpeque on the 10th November last has not yet been heard of. It is reported she has gone down with all hands.

A NOVA SCOTIA MAN KILLED—Conductor McLean fell from a Canadian Pacific Railway construction train west of Brandon the other day and was killed. He was a young man about 25 years old, unmarried and formerly belonged to Londonderry, N. S.

RELIEF.—Application will be made at the next session of the Legislature for power to accept surrender or release of stock from the shareholders in the Bellevue Alberta and Oil Company, and to re-issue the shares so surrendered.

We notice a number of our young men returning from the "land of the free." Likely they will now be better citizens and loyal subjects. There past experiences in the United States—where the streets are not silver nor the sidewalks gold—is rather rough.

"My wife's mother was afflicted with rheumatism for twenty years and I did almost every remedy with any relief until she used St. Jacobs' Oil. Three bottles entirely cured her. It is the best remedy I have ever seen." writes Frank P. Dryden, Esq., Pocumoke City, Md.

THE MILITARY SCHOOL.—The Telegraph says: The attendants at the military school are progressing very nicely with their drill. Yesterday they had reached firing practice and by to-morrow it is expected that company drill will be begun. Another young man from Prince Edward Island joined the school yesterday.

MR. THOS SCHEERMAN lost a very fine horse on Friday last. The animal got on the railway track (not a very difficult thing to do, as the fences are usually put down in the winter) and was struck and so badly injured by the locomotive of a passing train that he had to be killed. Mr. S. will no doubt be remunerated for his loss.—Journal.

GALBRAITH'S BAND at the Y. M. C. A., to night.

SAD DEATH.—The Halifax Chronicle reports that a medical student named A. C. McKee, died yesterday from brain fever. The deceased was a native of Rustico, P. E. I., and had been attending the Halifax Medical College for four years and would have graduated this year had not this untimely event occurred. He was a favorite with his fellow students, and his loss is greatly regretted. His remains will be sent to his late home in P. E. Island for interment.

Six thousand sacks of potatoes were received in New York from Ireland by Saturday's steamers. Irish potatoes are worth \$2.50 per sack in New York. They cost eighty-four shillings per ton on the other side, and the duty is fifteen cents a bushel. The Nova Scotia potato crop though plentiful in quantity, is very bad in quality, nearly half received in the United States being in a decaying condition. A large potato dealer in New York said that had there not been a large importation of British potatoes this year, prices would have been at an extraordinary figure. A large quantity of carrots, turnips and celery are also on their way to New York from across the ocean.

THIS is the night for the concert in Y. M. C. A.—Come, all.

THE REVISING HERD-BOOK.—The Revising Committee of the British American Shorthorn Association met in Toronto last week, and passed upon about 500 pedigrees of cattle offered for registration in the new Herd-Book. The breeders throughout the country are giving a hearty and loyal support to the Association, and its success seems to be fully assured. The Committee adopted a memorial to be sent to Hon. J. H. Pope, urging the importance of immediate action to secure the admission of American cattle into this country under quarantine regulations, in order to meet the danger of retaliatory legislation on the American Government, which has been threatened.

EARLE'S Concert—the best ever given in the city. Don't forget it to night.

News comes from Chicago of the fearful death of Charles William Ferguson, at one time a resident of Toronto, and a former attendant at the Sunday School of Grace Church, Elm-street. He worked at a printing office in the city for some years, and then left for another situation in the country. The next that is heard of him is the tale of his awful end in Chicago, on the morning of the 19th. It seems that he had been drinking freely on board the train all the way from Canada, and had been somewhat up roarious and insolent. He had been persuaded by the conductor or brake man to stay in the cars, as they feared he might get into trouble through being in liquor. As the shunting engine was removing the cars into the yard, he either attempted to jump off or succeeded in doing so, only to be cut in pieces by another train which was coming the other way. His body was so horribly mangled as to be utterly unrecognizable. His head was literally mangled to pieces, and the rails were covered with blood and brains. His right arm was cut off from his body and found lying some distance away. His ribs also and pelvis bones were completely crushed in. His remains were taken to the morgue for his friends, if he has any, to claim.—Toronto Globe.

Local and Other Items.

No mails crossing to-day.

THE meeting at Cape Traverse was, we learn, a grand triumph for Mr. Hackett. John W. wishes he had it.

THIRTY bags of mails which arrived at the Charlottetown Post Office last evening were assorted in forty-five minutes.

OTTAWA Liberals have decided to tender Hon. Edward Blake a public reception on his arrival at the Capital to attend his parliamentary duties.

MR. G. R. McMAHER, Station Agent at County Line, has been transferred to O'Leary Station, vice Mr. Malcolm McKinlay, who has been transferred to another station.

THE Treasurer of the Hospital fund thankfully acknowledges the receipt of \$200 from the box recently placed in the Rankin House through the kindness of the proprietor—J. J. Davis, Esq.

A COLOSSAL statue of Sir William Wallace is about to be erected at Aberdeen by the exertions of Mr. Stone, of Edinburgh, who left £3,500 for it. The figure is to face the south, "in a defiant attitude."

A WRITER in the Moncton Times remarks that the two young Aliens who were supposed to have been lost in crossing the straits are both safe, and had not left the land at all.

MAJOR RIDEOUT, recently a Professor in the Canadian Military College, Kingston, has been ordered to re-join his regiment in India. This will be a temporary settlement of the difficulty at College as far as Major Rideout is concerned.

A WOMAN was last night detected leaving a basket containing two infants (twins perhaps) at the door of a residence on Water street, at which she doubtless knew they would be well cared for. When the household was alarmed the woman took the basket, and human contents, and fled.

THE being the night of the Citizens' Meeting, and also Mr. Earle's concert, the regular meeting of the Educational Institute will not take place this evening. On Friday next it is understood that Professor Anderson will lecture. Due notice of the time, place and subject will appear early next week.

MADE'S MAGNETIC MEDICINE is an unfailing food for the Brain and Nerves, and by its reinvigorating effect on these organs ever fails to cure nervous exhaustion and all weakness of the generative organs. Sold in Charlottetown by Apothecaries Hall Co. See advertisement in another column. Jan 27 2 wks

MR. C. L. DEER, Secretary of State for War, regarding his commitments, a few days ago declared that he did not attach much importance to the recent secessions from the Liberal party. The Government intended to pursue unflinchingly their Irish policy. They did not desire to interfere with freedom of debate in the House of Commons, but would endeavour to stop useless talk.

A PEASANT lately found on a field near Metz, a splendid *Chelydra* in gold, set with green ja per, on which was engraved a count's coronet. He sent it to the commandant of the garrison at Metz, begging him to remit it to the heirs of the lost, who prove to be living in his castle near the Dutch frontier, and says that he lost it at the battle of Mars-la-Tour in 1870.

MR. HERBERT BEERS, son of the late Theo. Peery, Esq. of Cherry Valley, who has, during the past year, been studying under the direction of the Rev. Duncan H. Hind, of Georgetown, passed, on the 16th and 17th instants, a very creditable examination at King's College, Windsor, N. S., preparatory to entering upon his studies as a student of divinity in that venerable institution. Mr. Beers is a young man of great promise, and we predict for him a useful career in his chosen profession.

On Water street last night, Mr. Thomas Davy was set upon by a rough who evidently intended to rob him. The rough who was in company with two others, caught Mr. Davy and attempted to throw him. But, Mr. Davy being a strong man, prevented him so doing. On freeing himself he threatened to shoot, and the roughs disappeared. It is time we should be rid of the dangeous band of ruffians who haunt the dark streets.

We are informed that a portion of the wreck of a new vessel, apparently of two hundred tons was blown ashore at East Point on the 17th inst. It consisted of part of the poop and deck, (juniper and pitch pine) pitch pine lower yard (42 feet long) spruce topsail yard, part of a pitch pine lower yard and an iron capstan. The remainder of the deck and hull on the same day floated past Black Point, which is two miles from East Point.

Written for the Examiner.

Good Night Song. Good night, my love, good night; The twinkling stars are peeping from the cloudless sky, And on the dewy earth the silver moon-beams lie, The sweet sad time now comes when I must say good bye, Good night, my love, good night. Good night, my love, good night; Oh! softly on thy pillow may thy pure cheek rest, And angels grant no shadows cross thy slumber's breast; Thy sleep be sweet, thy dreams of him who loves thee best. Good night, my love, good night. Noma.

C. I. MORRISON, Charlottetown, Jan. 24, 1882.

VALUABLE FREEHOLD FARM!

Business Stand, Farm Utensils, Dry Goods and Groceries, at Auction.

I AM instructed by JAMES MACKIE to sell at PUBLIC AUCTION, on WEDNESDAY, the 1st of February Next, at 12 o'clock, on the premises, all that Valuable Freehold Farm, with the substantial and well appointed dwelling House, Barns, Stable and other Outbuildings.

The Farm contains about 89 acres of the best land in Queen's County. It is situated at the terminus of the Cavendish Road, at the Bay View Wharf, one of the best shipping places in New London. About 6 acres of the land is cleared and in a high state of cultivation, the balance is covered with soft wood suitable for fencing. A good the shore and within 50 yards of the Bay View is to be had an abundant supply of sea manure, thereby enabling the owner to keep the Farm in good condition without the toil of obtaining Manure. This Farm has a southern aspect, can be tilled earlier in spring than most Farms on the Island, and is renowned for its Fine growing qualities.

Also, all that eligible Mercantile Establishment, consisting of about 1 acre of land together with the following buildings, viz.—1 Dwelling House, 1 Warehouse, 1 Store, 1 set 3 ton Fairbanks Scales, The above Business Stand is unrivalled as a trading site on the North side. Being in the centre of a wealthy farm district, and alongside a good Wharf, renders it convenient for carrying on the Produce Trade as well as general merchandize. The Stores are well constructed and arranged, with frost-proof Cellars and other convenience for the Country Trade.

Also, at the same time and place, I will sell 1 Organ, fine toned, 5 stops, 1 Buckeye self-acting Mowing and Reaping Machine, 1 Iron Plough, 1 set Steel Teeth Barrows, 1 Horse Rake, 1 set Fanners, 1 Cultivator, 1 Cart and Truck (iron axle), 1 Truck Wagon (new), 2 Wood Sleighs, Horse Rakes, Forks, Shovels, &c., together with the Dry Goods, Groceries, &c., in the Store.

Terms—For the Farm and Stores, one-third Cash, the balance can remain at 6 per cent. interest for a term of years, secured by Mortgage on the Farm and other property; for the moveables, terms easy; all sums under \$5 payable 1st November, 1882.

Further information can be had on application to the owner, JAMES MACKIE, on the premises, or

W. D. STEWART, Auctioneer.

THE CONCERT

FOR THE Benefit of the Hospital,

WILL TAKE PLACE IN THE Y. M. C. A. HALL,

ON Wednesday, 8th of February,

January 20, 1882.

TO THE PUBLIC.

AT the Chicago Convention, held in December last, a Resolution was adopted authorizing a special levy of \$250,000, to be forwarded to Ireland immediately. A circular has been received from the Irish National Land League of the United States recommending each Branch to adopt measures to raise a special contribution to this sum. Accordingly at the last meeting of the Charlottetown Land League action was taken on the matter, and a Committee of ten—two for each Ward—was appointed to canvas the City to receive subscriptions from all sympathizing with the oppressed of Ireland. In accordance with the wish of this meeting I would ask a generous response to the call of the gentlemen who will, in the course of a few days, wait on you. The object of this appeal is your generosity in the which I hope will recommend itself to your sympathy. It is to dry the tears of a nation, to aid and comfort the homeless and homeless, and, if possible, to finally obtain for the people of Ireland what the tillers of the soil on this Island now happily enjoy—namely, free lands and happy homes.

M. P. HOGAN, President Charlottetown Land League, January 18, 1882.

FIVE PER CENT BONDS.

TENDERS will be received at the Union Bank, Charlottetown, until TUE-DAY, the 31st day of January, at noon, for Bonds to the sum of \$10,000, issued by the Minister and Trustees of St. James Church in Charlottetown, pursuant to an Act of Assembly passed in 1877. The Bonds are issued in \$100, \$50, \$300 amounts, and are payable, in ten years from date of issue with interest at 5 per cent., payable bi-yearly at the Union Bank, Charlottetown.

The Bonds will be registered by the Trustees, and when so registered are by Act of Assembly made a charge and lien on all the Land and Buildings of the Corporation, in fact the only incumbrance on the following property, viz: Town Lots No. 6 and 7 in the 5th Hundred of Town Lots in Charlottetown, with the Manse and outbuildings; also the new stone Church erected thereon.

The Church alone cost \$25,000, and will be insured for the protection of Bondholders in a sum not less than the amount of Bonds outstanding at any one time. The power of the Corporation to issue Bonds is limited to \$10,000.

Tenders are to specify the amount tendered for, and the denomination of Bonds preferred, and each tender may be for the whole or any part of the \$10,000. No tender for less than the face or par value of Bonds will be received, and the right to allot Bonds is reserved by the Trustees.

D. M. KENNEDY, Secretary to Board of Trustees, January 12, 1882—cod

MORE LIGHT!

THE Charlottetown Gas Light Company have imported some of "BAY'S" Burners, which they will supply and fit on Gas Brackets, etc., at a moderate cost to consumers.

These Burners are reported to be the best Flat Flame Burner yet produced, and will give a far greater amount of light than any other Burner with the same consumption of Gas.

Dr. Wallace, F. R. S. E., F. C. S., Gas Examiner to the City of Glasgow, in a lecture delivered by him, calculated that £10,000 (\$60,000) a year are thrown away in Glasgow by the use of imperfect fittings. On the subject of Gas Burners he says: "Another and as I think a better Burner is that called Bay's regulator, and as I consider these the best Burners attainable at moderate cost, I have selected them for a series of experiments."

The report of the Committee of the British Association of Science to enquire as to the best means for the development of light from Coal Gas of different qualities—comprising Dr. William Wallace, Professor Dittmar, and Mr. Thomas Walls, F. C. S., F. I. C. E., showed that Bay's Burner yielded the greatest amount of light of all the two or three sets of Burners reported upon, which included all the Burners of repute in the market.

In a pamphlet upon Light and Heat published by R. B. Taylor, A. M., he says: "The cost of Gas as compared with other illuminants is much more economical when rightly used, than many suppose. From experiments made for this purpose, the following results have been obtained. They were made by burning samples of Devos's Brilliant Oil and ordinary Oils, and testing their illuminating power. It was found that Coal Gas costing one cent at \$3 per thousand feet, gave a light equal to 18 candles, while Devos's Brilliant Oil consuming 27.4 grammes costing half a cent, gave a light equal to 9 candles.

A good Argand or Johnson's Burner, the Burner used in the last experiment, will therefore give the light of 2 ordinary Oil Burners in direct comparison, at no greater expense in the case of the finer and safer grades of Oil. Lights, however, on the authority of scientists, are not to be compared in direct proportion, but in proportion to the squares of their powers, and such a comparison with the case of the use of gas, is cleanliness, freedom from odor and dangers, renders its use desirable wherever it can be introduced."

As the above experiments were made with Gas at \$3 per 1000 feet, and not consumed through Bay's Burners, it will readily be seen how much more economical it is to consume Gas instead of Oil, when its price is only \$2.63 per 10 0 feet as now charged here when consumed, more especially through Bay's Burners.

Messrs. Goodwin & Co., of Philadelphia, the well-known manufacturers of Scientific instruments for testing the illuminating power of Coal Gas, etc., say in their Circular to Gas Companies: "In presenting the Bay's Standard Patent Silt Union Burners and Lanterns, for which we are the sole Agents in the United States, to the attention of the public, we are convinced that we are fitting a want long felt. They further add: "The light from these Burners is 12 to 20 per cent. greater per cubic foot of Gas consumed than that from any flat flame Burner hitherto introduced. [no 4 cod

NOTICE.

IT having been brought to the notice of the Directors of the Gas Light Company that there were persons desirous of consuming gas, who were occupying stores and dwellings unprovided with the requisite fittings, the Board have resolved that in such cases the Company will bear the first expense of putting in the necessary pipes &c.

Persons desirous of becoming consumers of gas can employ any fitter they choose, and having certified the bill as correct, the Company will pay the same; the consumers reimbursing the Company by twelve equal instalments, payable monthly.

That all consumers may participate in the great advantage of using Bay's Patent Burners, which, with the same consumption of gas, will give twenty per cent. more light than other Burners, the Company will supply them at the nominal sum of ten cents each.
