TESTIMONIALS.—REPORT OF COMMITTEE OF HOTEL PROPRIETORS, PUBLISHED IN GUYER'S PROGRESSIVE AGE, CHICAGO, ILL.—We, the undersigned, present by invitation, yesterday, to witness the operation and working of the new principle of gas used for cooking purposes, were present during a series of experiments, in our view fully calling out the utility of these Stoves. As the result of actual experiment the following was performed:—

Beefsteak was cooked in four minutes, its juices and flavor retained; and further, the claim of the inventor abundantly sustained, by this process tough meat is rendered tender and delicious.

Quail were, in two instances, broiled in five minutes, and that to a turn.

Bread cut fresh from the new loaf was delicately browned in two minutes.

In each case these viands would be pronounced deliciously and thoroughly cooked. In the case of the meats, the exterior surfaces were coagulated and rendered firm, the substance of the whole, when cooked, retaining their juices and flavor.

In neither nor any case was there the faintest perceptible flavor or odor of gas in or about the Stoves, or in the food when cooked. We regard the process as entirely superior and successful.

SAMUEL HAWK, Richmond House.
GEO. H FRENCH, } Briggs House.
W. F. TUCKER, }
J. W. HUMPHERY, Massasoit House.
A. M. STODDARD, Revere House.
JOHN WRIGHT, "Anderson's."

The cost of cooking by this method we append as made up from careful tests yesterday, accepted but not tried: 12½ lbs bread cooked in 42 minutes, consuming 4 cubic feet of gas, cost 1 cent. 2 lbs steak broiled in 5 minutes, consuming ½ of a cubic foot of gas, cost ½ of a cent. 1 quart water boiled in 9½ minutes, consuming 1 cubic foot of gas, cost ½ of 1 cent. 24 breakfast biscuit baked in 12 minutes, consuming 1 foot of gas, cost 2½ mills.

Having frequently examined the mode of action of SHAW'S STEAK-BROILER, I have been led to the conclusion that the tissues and integuments of tough meat are ruptured and broken through the effect of highly heated, even red hot steam, of which this gas-flame is highly composed. At the first instant this steam penetrates and scalds the meat, and the subsequent browning retains a portion of the water formed, with the juices produced.

The gas-flame, as obtained in the devices of Mr Shaw, is the purest flame which art affords; and there is nothing present, as vapor of gas, which can give odor to or any way interfere with the production of the delicious flavour of broiled meat.

This apparatus secures the greatest economy of time in cooking steaks; it renders the toughest meat more tender than in any other mode of broiling it, and, with the simple noting of time, enables the cook to produce with certainty any gradation of effect. Respectfully,

A. A. HAYES, M. D., State Assayer.

16 Boylston Street, Boston.

FROM WILLIAM M. LORING.

W. F. SHAW.—The Gas Cooking-Range and the Gas Heating-Stoves of your invention, which I have used the past four years, I can unhesitatingly say have given me perfect satisfaction; and I can confidentially recommend them, as I have found them, to be the most economical and convenient cooking and heating apparatus I have ever met with.

In the Gas Cooking Range, the quality of the food is most surprisingly improved. The juices of the roasted meat are all retained, so that they do not appear to lose any of the weight. In the course of a season, this saving amounts to quite an item in the economy of this mode of cooking, as it is a well known fact that meats lose much of their weight when cooked in the ordinary coal range oven.

Respectfully yours,

Boston. WM. M. LORING.

From D. B. COOK, 111 Lake st., Chicago.

I regard W. F. Shaw's Patent Gas Smoothing Iron as one of the greatest inventions of the age. It is all you claim for it,—novel, economical, and exceedingly convenient.

The much-dreaded "ironing day" is welcomed with pleasure wherever the Gas Iron is used; and no housekeeper will consent to be without it after giving it a trial

Yours, &c. D. B. COOK.

From Mrs. W. W. Everts, Chicago.

It is with pleasure that I give my testimony to the great value of the Gas Stove you are now offering to the public. The Stove for ironing I regard as a desideratum long needed in housekeeping.

The fatigue and exhaustion occasioned by many hours spent at the ironing-table, in a room heated to the ordinary temperature, is all spared by using your stove, which heats the irons quickly, and leaves a comfortable room.

This stove is equally successful as a broiler.—Much more might be said in simple justice to this great invention were it necessary.

Yours respectfully, MRS. W. W. EVERTS.

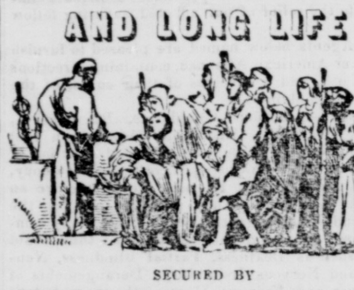
THE ROAD TO HEATH AND LONG LIFE



SECURED BY

HOLLOWAY'S PILLS.

Impurities of the Blood.

In selecting the most appropriate medicine for a particular ailment, there may be some difficulty unless one can be found to purify, regulate, and improve the quality of the blood. These Pills possess and exert these three qualifications in an extraordinary degree. They enable the stomach to digest any ordinary food, increase the secretory powers of the liver, cleanse and purify the blood, expel all morbid matter, and throw into the circulation the purest elements for sustaining and repairing the frame.

Weakness and Debility.

How many persons suffer from debility without knowing the causes why they are feeble! In most cases the stomach is the aggressor. Holloway's Pills have long been famed for regulating a disordered stomach, and restoring its healthy digestive tone; they are, therefore, confidently recommended as a never failing remedy in all cases where the constitution, from any cause, has become impaired or weakened.

Disease of the Head and Heart.

These formidable diseases are, unfortunately, of frequent occurrence; for the most part they creep on gradually, but may be prevented by proper precautions. *Holloway's Pills are the surest preservatives against all derangements of the brain, and are the speediest correctors of irregular circulation.* If they be taken without delay, when tingling in the limbs, drowsiness, or giddiness comes on, the effect will be marvellous.

Females of all Ages & Classes.

The fame of these Pills is partly based upon the beneficial effects they have upon the constitutions of females. From the domestic servant to the peeress, universal favor is accorded to them for their invigorating and purifying properties, which render them so safe and invaluable in all disorders peculiar to the sex. Obstructions of every kind, either in young persons entering into womanhood or approaching the turn of life—the most critical period—may be radically removed by a recourse to these Pills.

All Disorders affecting the Liver, Stomach and Bowels.

Whenever the stomach, liver, or bowels are disordered by high living, climate, over-indulgence, undue exertion or other causes, these fine regulating *Pills will soon rectify the evil, and speedily bring back energy, strength and cheerfulness to the frame where previously all was lassitude, gloom and dejection.*

Despondency, Low Spirits.

The misery occasioned by a disordered digestion is, unfortunately, felt by most. These famous Pills should be taken in appropriate doses to adjust the disturbed functions. They dispel headache, biliousness, nausea, lowness of spirits, and all similar ailments. A course of these invaluable purifying Pills never fails in removing the cause of such morbid affections, without subjecting the sufferer to any inconvenience.

Influenza, Diptheria, Bronchitis, Coughs and Colds.

In our changeable climate few persons escape without colds, sore throats, influenza, diptheria, or bronchitis, for all of which these famous corrective Pills may be taken with the certainty of effecting a cure. While the Pills are expelling all impurities from the body *generally*, Holloway's Ointment should be well rubbed upon the chest and throat; it will penetrate the skin, reduce inflammation, and restore lasting soundness.

Holloway's Pills are the best Remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula, or King's Evil
Asthma	Fevers of all kinds	Sore Throat
Bilious Complaints	Fits	Stone & Gravel
Blotches on the Skin	Gout	Secondary Symptoms
Bowel Complaints	Headaches	Tic-Douloureux
Colics	Indigestion	Tumours
Constipation of the Bowels	Inflammation	Ulcers
Consumption	Jaundice	Venereal Affections
Debility	Liver Compl'nts	Worms of all kinds
Dropsy	Lumbago	Weakness from whatever cause &c &c.

THERAPION:—or CURE OF CURES. This successful and highly popular medicament, as employed in the continental hospitals by Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed. Devoid of *taste odour*, and *appearance* of medicine, it can be left or carried anywhere, and taken from time to time without exciting suspicion. Each package contains full instructions for every case.

THERAPION, No. 1. in three days only removes gonnorrhœ, gleet and all discharges, effectually superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases. In dysentery, piles, irritation of the bowelower, cough, bronchitis, asthma, and some of the more trying complaints of this kind, it will be found astonishingly efficacious, affording prompt relief, where other well-tried remedies have been powerless.

THERAPION, No, 2. for syphilis, disease of the bones, sore throat, threatened *destruction* of the nose and palate; impurity of blood, scurvy, pimples, spots blotches, and all *diseases for which it* has been too much a fashion to employ mercury, sarsaparilla, &c. to the *destruction of the sufferer's* teeth; and ruin of health. Under this medicine every vestige of disease rapidly disappears and the skin assumes the pleasing softness of infancy

THERAPION, No. 3. for relaxation, spermatorrhœa, and all the distressing consequences arising from early abuse, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated. To those who are prevented entering the marriage state by the consequences of early error, it will render essential aid by subduing all disqualifications; and restoring the lost tone to the system. Therapion may be procured at 11s, and 33s per package, through all medicine vendors, or in £5 packages for foreign shipment, direct from London only, by which £1 12s are saved; and £10 packages for the more inveterate cases, by which a still greater saving is effected. In ordering the above, the purchaser should state which of the three numbers he requires

HER MAJESTY'S HON. COMMISSIONERS have graciously permitted the *Government* stamp, bearing the word "Therapion" in white letters, to be attached to each package; *thus insuring the public against* fraudulent imitations, and securing to the proprietor the sole right of *supply throughout her dominions*; and any infringement of which they will prosecute with *the utmost severity*

The Cause and Cure of Premature Decline.

Sold by all the Agents for Dr De Roos' Medicines, or sent post free, secure from observations direct from the Author, for 2s 6d.

THE MEDICAL ADVISER on the modern treatment of mental and physical incapacity, syphilis, stricture, &c.; with unfailing rules and prescriptions for the speedy cure, by very simple means, of all the more common diseases and supposed incurable maladies of the sexual system. By Dr W DE ROOS, M. D, &c, *of the Ecole de Medicine, Paris.*

REVIEWS AND NOTICES.

"The MEDICAL ADVISER, by WALTER DE ROOS, M D, for the class of diseases upon which it treats is undoubtedly the best and most soundly practical book which has come under our notice. The author is a *man of most enlarged experience.*" —*North of England Teegraph, June 29th, 1861.*

"To those who contemplate marriage its perusal is especially recommended.—*Bap Mag.*——"The knowledge it imparts must come *some* time, and happy they who do not possess it too late."—*Politician* ——"Cure is certain in every curable case, and few indeed are they which are not so."—*Med Review* ——"It is calculated to effect a complete revolution in the treatment of these complaints."—*Med. Gaz* ——"Simple and inexpensive, every sufferer may cure himself speedily, privately, and at the least possible cost."—*Scalpel.*

From long practical observation of the treatment pursued in the most famous Institutions of this country and the continent, for those diseases referred to in the above work, the Proprietor has had somewhat unusual facilities for acquiring that uniform success which has hitherto characterized his practice, in which the distressing consequences resulting from the injurious employment of mercury, capivi, sarsaparilla, and similar dangerous medicines are entirely obviated. Lasting benefit in these cases can only be reasonably expected at the hands of those who devote their chief attention to such diseases; and to such only can confidence be safely extended. Dr. De R. refers with pride to the numbers he has been instrumental in restoring to health and happiness, whilst to all who need such aid he offers every *assurance of speedy restoration.*

FOREIGN RESIDENTS can be successfully treated by *correspondence, on sending* the detail of their cases, with a Bank note or Bill on a London house for £5 or £10, in order that a package of medicines to meet the exigencies of the case, may be sent out by next mail, thus avoiding the protracted *suffering* and unnecessary loss of valuable time, which must otherwise occur.

DR. DE ROOS' GUTTÆ VITÆ or LIFE DROPS; *Protected by Royal Letter Patent of England; Seals of the Faculte de France; Royal College of Prussia, &c*, have in numberless instances proved their superiority over every other advertised remedy for Spermatorrhœa, languor, lassitude, depression of spirits, irritability, anger, excitement, needless fear, distaste and incapacity for society, study or business; indigestion, pains in the side, palpitation of the heart, giddiness, noises in the head, impotency, impediments to marriage, &c. This medicine strengthens the vitality of the whole system, gives energy to the muscles and nerves, thus speedily removes nervous complaints, renovates the impaired powers of life, and invigorates the most shattered constitution. For skin eruptions, sore throat, pains in the bones, and all those diseases in which mercury, sarsaparilla, &c. are too often employed in vain, to the serious detriment of health, *its surprising efficacy has only to be tested to be appreciated.*

As these complaints if neglected become chronic or incurable, sufferers will do well before they waste *valuable time in seeking aid from instruments*, and other absurdities professing to supersede medicines, to make fair trial *of a remedy*, which concocted on unerring scientific principles, cannot fail, and may be carried about *the person, or left* upon the toilet table, without exciting a suspicion of its nature. Price, 11s, and four times *the quantity* at 33s per bottle. The £5 packages containing twelve 11s quantities, by which a saving of £1 12s is effected, will be sent from 25, Bedford Place, only on receipt of the amount per draft on a London house or otherwise.

PAINS IN THE BACK, GRAVEL, LUMBAGO, GOUT, RHEUMATISM, DISEASE OF THE KIDNEYS, BLADDER, &c. DR DE ROOS' COMPOUND RENAL PILLS are a most safe and speedy Remedy for the above dangerous complaints. Discharges and Diseases of the Urinary Organs generally, which too frequently harass the sufferer over the best years of life, and end only in an agonizing death. They agree with the most delicate stomach, and in three days effect a cure when capivi, cubebs, &c, have utterly failed. 2s 9d., 4s 6d., 11s, and 33s. per box. The superiority of these celebrated medicines over everything of the kind, is universally acknowledged, and the extraordinary demand for them without precedent.

Many there are, who from natural diffidence, or fear of discovery, would silently bear their afflictions rather than apply for aid to those from whom they may reasonably expect relief. With the above remedies the sufferer may without the knowledge of a second person, cure himself speedily, privately, and at the least possible expense.

Sold wholesale by Barclay & Son, 95 Farringdont street, London; Agents in North America—Langley & Johnson, Hollis-street, Halifax, Nova Scotia; W. R. Watson, Charlottetown, Prince Edward Island; E Ward, Esq., News Office, Sydney, Cape Breton; H. J. Parker, (late Palmer & Co) Kingston, Canada West. Strickland & Co, Mobile; M F. Decouge and Edward Guillot, New Orleans; Fongera, New York; Musson & Co., Quebec; C A & J Langley, Yates Street, San Francisco; Leportier, Mexico; Mr. McMurdo, Druggist, and J. McCoubrey, Esq., St. John's, Newfoundland; Thomas Walker & Sons, St. John, New Brunswick; Lyman & Co, Toronto; Lyman & Co., Savage & Co, Montreal; of whom also may be had "THE MEDICAL ADVISER," or should difficulty arise in procuring any of the above, enclose the amount by draft or otherwise, to 25 Bedford Place, Bloomsbury Square, London, W. C, and they will be sent securely packed per return.

CAUTION.—Sufferers should guard against the recommendation of useless imitations by dishonest vendors, who thereby obtain a larger profit. The genuine have the words "WALTER DE ROOS, LONDON," *printed in white letters on the Government Stamp,* BY ORDER OF HER MAJESTY'S HON. COMMISSIONERS, *to imitate which is felony.*

The Most Wonderful Pills in the World.

ARE DR. DE ROOS' PILULÆ VITÆ or LIFE PILLS. All sufferers from general nervousness, debility, low spirits, sleeplessness, harrassing dreams, unnecessary fears, mental irritability, failure of the mental and bodily powers, weakness of the nerves, noises in the head, giddiness, indigestion, rheumatism, pains in the back, and other symptoms of chronic disease, will hail with joy the discovery of Dr. De Roos' Life Pills, that speedily and almost magically remove pain and disease of whatsoever nature, restore cheerfulness of spirit and vigor to the mind, and strengthens all the organs on which health and life depend. They do not contain a particle of mercury, but are purely vegetable. They act mildly on the bowels, without pain or griping, impart strength to the stomach, promote a healthy action of the liver, thus preventing, or when present curing the jaundice and dropsy, clearing the skin, removing sallowness and pimples, purifying the blood, and marvellously invigorating the whole system. For elderly people or when an occasional aperient is required, nothing can be better adapted. Owing to the great and increasing demand for these pills, and in order to protect the public from fraudulent imitations, Her Majesty's Commissioners have graciously permitted the proprietor to have his name "WALTER DE ROOS, LONDON," impressed upon the government stamp affixed to each box. Sold by all medicine vendors in the world; price 2s. 9d., 4s. 6d., 11s., and 33s. per box.

"As a Family Pill, they are invaluable."—*Dundee Times.* "Persons of full habit should never be without them."—*Surrey Telegraph.* "For Females they are almost a necessity."—*Ladies' Journal.* "To Mothers—For children of all ages they are the simplest and best medicine that can be given."—*Vide Dr. Smith's Report.*

DR. LA'MERT ON SELF-PRESERVATION.

PRICE WITH ENGRAVINGS AND CASES, 1s 6D., BY POST, 3s. CURRENCY.

SELF-PRESERVATION: A popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.

By Dr LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; *and on the due* attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The author is the only legally qualified practitioner whose name stands on the 'Medical Register,' (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford Square, London, England.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

MOFFAT'S LIFE PILLS

AND

PHŒNIX BITTERS.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and indulging them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients the LIFE MEDICINES are purely and solely vegetable; and contain neither *Mercury*, nor *Antimony*, nor *Arsenic*, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; *and were* never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels *the various impurities and* crudities constantly settling round them; and to remove the hardened fæces *which collect in the convolutions* of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual Costiveness with all its train of evils, or *sudden Diarrhœa with* its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudices of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure *Rheumatism* permanently in three weeks and *Gout* in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence they have ever been found a certain remedy for the worst cases of *Gravel.*

Also *Worms*, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and *Consumption*, by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces those dreadful diseases.

Scurvy, Ulcers and *Inveterate Sores*, by the perfect purity which these LIFE MEDICINES gives to the blood, and all the humors.

Scorbutic Eruptions and *Bad Complexions*, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of *Salt Rheum*, and a striking improvement in the clearness of the skin. *Common Colds* and *Influenza* will always be cured by one dose, or by two even in the worst cases

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind *Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill Temper, Langour* and *Melancholy*, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

DIARRHŒA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucuous membrane.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the former proprietor of these valuable medicines was himself afflicted with this complaint for upwards of THIRTY FIVE YEARS, and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He, however, at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints.

General Debility, LOSS OF APPETITE, AND DISEASES OF FEMALES—these medicines have been used with the most beneficial *results* in cases of this description. KING'S EVIL and SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

Be Careful of Counterfeits.

Several have lately been discovered, and their nefarious authors arrested, both in the City of New York and abroad.

Queen Insurance Company OF LIVERPOOL

FIRE AND LIFE!

Capital, - - - £1,000,000 Sterling.

THE Subscriber, having been appointed agent for the above first class Insurance Company, is prepared to take risks on all descriptions of property. J. S. CARVELL.

Charlottetown, Feb. 10. tf

[EXTRACTS FROM NEWSPAPERS.]

On reference to a return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861, it will be seen that the increase of Duty for the year, paid by the "QUEEN," was £2567, being upwards of £1000 more than paid by any other office ever yet established in this City.

[From Gore's General Advertiser, Oct. 24, 1861.]

"Indeed, we believe that we are perfectly justified in saying that no other Company, within the same period, ever attained so large an income in either the Fire or Life Departments as the Queen Insurance Company. In making this statement we make no exception even in favor of our older local companies, namely, the Liverpool and London, the Royal, and the Lancashire Insurance Companies."

[From the Civil Service Gazette, Nov. 2, 1861.]

"Among these important institutions stands eminent for its solidity, as well as for its success, the Queen Insurance Company," which last week held its annual meeting of proprietors in Liverpool. A reference to the ample report in another page will fully satisfy every reader of the signal progress made by this association since its foundation. Such success is, indeed, rarely attained, and it attests at once the excellence of its *management*, and the public confidence in its constitution"

[From the Liverpool Mercury, Nov. 2, 1861]

"It must be gratifying to the public generally, and especially to the proprietors, to find that its income during the past three years has increased at the rate of £20,000 per annum. We believe that no other Company, within the same short period, ever attained so large an increase either in the Fire or Life Department. This speaks highly for the activity and zeal of the *management*, while the promptness with which all the claims, arising out of the late disastrous fire in London were met, testifies to their financial ability and the care and prudence which marked the investment of these funds"
