

Misstatements Corrected.

We promised, in the interests of truth, to correct some of the unmitigated misstatements made at Bonshaw by Mr. W. D. Stewart. We now proceed to redeem that promise—

THE LEADER AT BONSHAW. "The Leader of the Government said in his re-election card that the Assessment Act would be repealed."

THE FACTS. "If, after the most careful husbanding of public resources, the Government find it necessary to continue direct taxation, that system shall be adopted which shall be least obnoxious to the people, and will entail the smallest expenditure in the imposition and collection of the amount required."

Mr. Sullivan's brother-in-law, Mr. Arthur Newbery, received \$800 under the Davies' Government; but the present Government raised his salary to \$1,000.

UNTRUE. Mr. A. Newbery was paid \$1,000 by the Davies' Government—\$800 being paid as salary and the balance as extras or contingencies.

The Indexing Clerk was a young man named Norman Campbell. He was dismissed with the understanding that no Indexing Clerk was required.

UNTRUE. Norman Campbell was not Indexing Clerk since the formation of the present Government. The Davies' Government had abandoned the indexing, although they left the work years behind.

When the Government was formed it was decided that Mr. Conroy was to have the office of Provincial Secretary.

UNTRUE. It was not at any time decided that Mr. Conroy was to be Provincial Secretary in the present Government, and consequently his appointment could not be cancelled.

Mr. Peter DesBrisay was kept in office until just before the late election in Belfast.

UNTRUE. Mr. Peter DesBrisay has not been an officer of the Government since the 1st of July last.

The Land Office, after all Mr. Campbell's promises, was just as full of clerks as it was under the Davies Government.

UNTRUE. There were 7 hands in the Land Office in the fall of 1878. There are only 6 now, even when business is most rushing, and two of the best hands are away in the country collecting.

In Norman Campbell's place they had appointed Mr. S. S. Peterson as Assistant Registrar, at a salary of \$800.00.

UNTRUE. Mr. Peterson only receives \$650. The late government paid \$700 for the same work.

What had they done for the First District with the money they had received, he was at a loss to know.

ANSWER—They paid over \$1000 for the First District in Real orders belonging to 1878, which were carried over by Stewart's letter of repudiation dated Oct. 25, 1878. They paid also thousands of dollars besides in debts and contracts made by the late government.

He had something even more serious to charge against the Commissioner of Public Works. A man who would falsify a public account was not a man fit to be trusted in a public office.

IF the charge were true, it would not amount to falsifying a public account. But it is not true. Mr. Fraser's bill was disallowed, and Mr. Stambles was also disallowed a small charge he had made for repairs. The accounts did not belong to the Public Works Department, and the Commissioner took no part in the settlement of them.

These are only a few of the many utterly untrue statements made by Mr. W. D. Stewart at the Bonshaw meeting. In fact, his speech is simply a tissue of untruth from beginning to end.

ASTONISHING SUCCESS. It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases.

Canadian Goods.

The St. Croix Courier, published just on the border, makes the following statements in reference to its personal observations of the working of the new tariff:—

Our merchants can bring flour here and deliver it in Calais, paying the U. S. duty of one dollar a barrel, as cheaply as the Calais merchants can import it from Boston or New York.

Canadian woolen goods are both better and cheaper than can be imported from the States.

Tweeds, and certain lines of flannel made in Canada are cheaper and better than those manufactured in the United States.

Canadian cottons are already very nearly up to the American standard, and are fast approaching American cottons for cheapness.

Let this enumeration suffice for to-day. There is scarcely any article of manufacture we import which cannot as well be produced in Canada, as to price competition will regulate that.

Afghan Treasure.

The Pall Mall Gazette asserts that the buried treasure of Yakoob Khan, recently recovered at Cabul, was all in Russian gold, and that some of the Afghan regulars were dressed in Russian uniforms, which in many cases had the Russian eagle on the buttons.

Eight locks of treasure were found in gold. There was also a mine of gold coin in bags and boxes, with rich silks, brocades and precious stones. Experts asserted that the value of all this property could not be less than eighty lacs.

Astonishing Success.
