

How It Excels

PAIN'S CELERY COMPOUND

Has Virtues That Meet the Most Obstinate Cases.

Its Virtues and Powers Act Directly On the Nerves and Blood.

The Great Spring Medicine for Every Home.

Paine's Celery Compound excels all other combinations and preparations as a spring medicine because it works directly on the shattered and nostrung nerves and impure and poisoned blood, from which so many diseases have their origin.

Paine's Celery Compound must not be confounded with deceptive, worthless and short lived remedies such as sarsaparilla, nerverines, tonics and pills that have little or no power over disease.

Paine's Celery Compound has virtue and strengthening powers that quickly brace the nerves, cleanse the blood and restore perfect circulation and digestive vigor. The mission of Paine's Celery Compound is to accomplish what thousands of doctors fail in—the banishment of old and obstinate disorders from the system, such as kidney and liver troubles, neuralgia, rheumatism and dyspepsia. All these serious afflictions rapidly disappear under the cleansing and regulating action of Paine's Celery Compound.

If you desire renewed health and true life in the early spring season take Paine's Celery Compound. Firmly and decidedly refuse the SOMETHING JUST AS GOOD that may be offered you by some dealers. Paine's Celery Compound "makes sick people well."

The SCOTCH WHISKY chosen by the Red Cross Society, London, for use by the invalided troops and hospitals in South Africa, is the famous WHITE HORSE CELLAR brand of MacKie & Co., Distillers, Limited, Islay and Glasgow, one of the oldest firms in the trade. On intimation of this, Messrs MacKie, with usual generosity, presented 200 cases free of charge, and shipped them by first steamer to the Cape.

One of the family is a volunteer in the Imperial Yeomanry, and on his way now to the Cape. It is hoped that he may give a good account of himself.

A BAD CASE.

Proving That a Little Learning is a Dangerous Thing.

When the minister tells it himself and laughs as heartily as any auditor, there can be no secret about it. And this is what he says:

"I became very much interested in services for the deaf and dumb. After I had talked and preached several times with the aid of an interpreter I thought that if I acquired the sign language of these interesting people I could get closer to them and do them much good. I gave myself over to the undertaking. I studied and practiced on finger movements, facial contortions and corporeal gesture when I should have been doing something else. I would lie awake thinking of this silent language and then drop into fantastic dreams about it.

"A friend from another city wrote me of a man who was coming to Detroit and would call me up by phone to arrange for a conference of mutual interest. There was a ring just at the time I expected. I answered, and the usual question for identification was asked. Inside of a minute he was saying harsh things, and before two expired he hung up the receiver with a thunderous bang.

"I stormed about my study for a time. He had said that I was either an idiot or no gentleman. I had said worse things than that and plainly told him that he would have to sober up before I could consent to talk with him. "Suddenly I broke out with a laugh that clings to me yet. The whole blessed time after telling him who I was I had danced around that telephone, making my fingers fly, twisting my face out of shape and making signs. Not a word had I uttered."—Detroit Free Press.

Woman's Weakness

A woman's reproductive organs are in the most intense and continuous sympathy with her kidneys. The slightest disorder in the kidneys brings about a corresponding disease in the reproductive organs. Dodd's Kidney Pills, by restoring the kidneys to their perfect condition, prevent and cure those fearful disorders peculiar to women. Pale young girls, worn-out mothers, suffering wives and women entering upon the Change of Life, your best friend is

Thin Babies

often develop into weak, delicate, backward children; undersized, nervous, feeble, adults. Lack of nourishment is the cause.

Scott's Emulsion is the remedy. A little of it three or four times a day will do wonders. The pinched, sad faces become round and rosy; the wasted limbs plump and firm. If your baby is not doing well, try this great food-medicine.

Behind Their Backs.

"You have moved three times this winter."

"Yes," answered young Mrs. Torkins, with a sigh. "It was a dreadful lot of work, but we had to do it. We have had so much trouble with servants. When I discharged them, they got angry, and when Charley discharged them they just laughed, so the only thing to do was to wait till their afternoons out and move to another neighborhood."—Washington Star.

Averting Trouble.

Maid (after reflection)—I'll fix it. I'll run and tell 'em you're crying y'r eyes out 'cause y'r father has lost all his money.—New York Weekly.

UNUSED TO THE CLIMATE.

A Frenchman Finds Canadian Weather Had a Bad Effect on His Health

St. EUSTACHE, Que., Feb. 12.—Auguste Dubois landed here from France, a perfect stranger to the weather conditions prevailing in this country. The food also differed from that to which he had been accustomed, and his heart being weak, the change had a serious effect upon it. He went to a medical man who did him good. He went to others with a similar result in each case.

"I had to go to Montreal," he says, "to work for the Grand Trunk in that city and met a man who was suffering the same as myself, but had started to take Dodd's Kidney Pills. He told me they were doing him good. He was kind enough to give me a few of them. I took them. I felt much better. I procured a box, and in fifteen days felt like a different man."

TAKE IT IN TIME

When you are going on a railway journey, you make it a point to reach the station some time before your train is due. You do not wait till the train "comes in" and then start out to try to catch it. Why should you not follow the same principle with regard to taking medicine? It is foolishness to wait till disease has arrived and fastened itself firmly in your system, before taking medicine to cure it.

In all cases of Dyspepsia, Indigestion, Billiousness, Sour Stomach, Waterbrash, Foul Breath, Wind on the Stomach, Catarrh of the Stomach, and every other stomach disease caused by imperfect digestion, it is of vital importance to take it early.

Dodd's Dyspepsia Tablets will cure Dyspepsia, Indigestion, and all the diseases named above at any stage, even when doctors have given them up. But the cure comes much more quickly and easily if the disease is taken in time.

There is no stomach disease—except cancer—that Dodd's Dyspepsia Tablets will not cure. Their action is simple but certain. They digest the food, tone and strengthen the stomach, regulate the bowels, and in short, renew the entire digestive system.

The effect of using Dodd's Dyspepsia Tablets is like that of putting new work in a watch. If you don't believe it—test them. They'll convince you by curing you.
