

Local and Other Items.

The City Council meet this evening. Don't forget the Moonlight Excursion to-night. REMEMBER the City Cornet Band Excursion to-night. The steamer Bonavista, bound to Montreal, will arrive to-morrow. The Wolfville, N. S., Acadia has been enlarged, the second time within a year. Get your Tickets early for the Moonlight Excursion, and save having a crush at the boat. CAPE BRETON has had a larger number of tourists this summer than ever before. She, too, needs hotel accommodation. NORTH SYDNEY, C. B., has obtained its first steam fire engine, which throws a stream two hundred and twenty feet high. The City Schools re-open on Monday, the 31st August, inst. A prompt and punctual attendance of scholars is requested. The English mail arrived on Saturday evening per Parisian, via Rimouski. The last passage is the quickest but one that the Parisian has made. BARK MOSELLE, E. Rendle Master, to Peake Ross & Co., with a cargo of general merchandise and salt, from Liverpool, arrived here on the 22nd inst. SIR JOHN MACDONALD, Sir Hector Langevin, Sir Adolphe Caron, Sir Charles Tupper, and Messrs. Pope and Bowell are now at Riviere du Loup. MRS ELIZABETH TAYLOR, of South Berwick, King's County, N. B., who was 160 years old the 1st of September, 1880, is yet alive and in comparatively good health. The City Firemen will meet in uniform at the Hook-and-Ladder Company's room, this evening, at half-past seven o'clock, sharp, to attend the Moonlight Excursion. The Moncton Times reports that the hay crop of New Brunswick is "below the average." Never mind, the Island Province is able to supply the deficiency. SIR JOHN A. MACDONALD, as superintendent general of Indian affairs, gives notice by proclamation, that any gift or other disposal of Indians in the Northwest territory of any ammunition or ball cartridge is prohibited by the act of last session. We understand that the Seaside Hotel, Rustico Beach, has had a very successful season—in fact has been crowded up to the present time. But some rooms are now vacant, affording another chance for tourists and visitors. A large and pleasant party will remain till the close of the season. At the Stipendiary Magistrate's Court this morning, A. B. Warburton, Esq., presided in the absence of R. R. Fitzgerald, Esq., who met with a serious accident on Saturday. Fourteen common drunks were disposed of at \$1 each; two vagrants were fined \$1 each, and a Scott Act case and a case of larceny were adjourned until Thursday. GETS TEN CENTS DAMAGE.—A Fredericton special to the St. John Sun, Aug. 20, says:—The celebrated striped stocking case between the Rev. N. E. Currie and one Huestis, for libelling his character, was concluded in the York County Court this evening. The plaintiff secured for \$4,000 damages, and the jury, after an absence of two hours, awarded him ten cents. The circulation of Dominion notes and chartered bank notes for July was \$2,750,000 more than in July last year, showing last July's business much better generally than in the same month a year ago. The deposits in the chartered banks at the end of last July were over \$5,000,000 more than for the same date last year. The post office saving's bank shows for July an excess of deposits over withdrawals of \$145,800. ROSS, HANLAN AND DUROE.—Mr. George S. Hughes, of Apothecaries Hall, sent to Bangor exhibition to-day, in charge of W. S. McKee, the handsomest pair of matched driving harness ever sent from the provinces. They are bright bay with black points, stand fifteen and a half hands high, and are each four years old. They are called Ross and Hanlan, and will be exhibited in the Gentlemen's Matched Drivers, and will no doubt capture first prize. Mr. McKee also took that beautiful Percheron stallion Duroe, owned by himself and B. Hertz, Esq. He will do credit to the Island at the Exhibition. The Rev. Allan McDowell, S. J., was spending the past week at Georgetown, where he was the guest of the Rev. Dr. McDonald. He also took the opportunity, during the week, of visiting some friends at Montague Bridge, Vernon River, and Panmure; and returned to Charlottetown by the afternoon train on Saturday. We are happy to learn that the esteemed Rev. gentleman, who came here a few weeks ago in very delicate health, has already experienced a recuperative change in the balmy air of the "Myrtle Navy" tobacco for the genuine article. In former years that practice was the cause of much annoyance, and Messrs. Tuckett & Son were compelled to resort to the law courts to put a stop to it. Though they have not met with any cases of the kind lately, it is always a safe precaution for the purchaser to see that the trade mark T & B in bronze letters is stamped upon each plug, no plug ever leaves the factory without it, and to appropriate the trade mark is a punishable offence. COLOR SERGE THOMAS FAUGHNAN, author of "Life of a British Soldier" paid us a visit to-day. He wears three large silver medals on his breast—one from Her Majesty Queen Victoria for long service and good conduct, another for service in the Crimea, and the other from the Sultan for bravery in the field. Color Sergt. Faughnan was twenty-four years and one-half in active service in Egypt, Africa, West Indies, and in the Crimea. His book is a well written account of stirring incidents in the life of a British soldier, and, judging from the opinions of the Canadian press, is well worthy of perusal. From what we have seen of the book, we think it is well worth the patronage of the citizens of Charlottetown. So popular is the volume we learn that the author has already disposed of 21,000 copies in Canada.

TELEGRAPHIC NEWS.

[SPECIAL DESPATCHES TO THE EXAMINER.]

The Afghan Frontier Question.

LONDON, Aug. 24. The Marquis of Salisbury and M. De Giers have reached a definite agreement regarding the Afghan Frontier Question. The Herald of St. Petersburg says: Russia, after topographic surveys of the Afghan Frontier, has decided to abandon her claim to Zulficar Pass. The Herald also denies that Russia has made any kind of arrangement with Corea.

A Terrible Collision.

LONDON, Aug. 25. A terrible collision occurred last evening on the Metropolitan Underground Railway at Earl's Court. The signals became unmanageable and two trains collided. One engineer was killed, and the stoker and five others were so badly injured that they cannot recover. The scene was horrible where the collision occurred, as the railroad at that place is under the ground.

Yachting.

NEW YORK, Aug. 24. The yacht Puritan was beaten in the second series of races to decide who shall contest with the Genesta for the America cup. The New York sloop, Priscilla, came in first, leading five minutes.

A Yachting Disaster.

LONDON, Aug. 25. The yacht Kalaiah was run down by a steamer off Oban, Scotland, yesterday. All on board, except Mr. Crossman, the owner, and his wife, were drowned.

Cholera Spreading in France.

MARSEILLES, Aug. 24. Cholera is spreading in this city. Thirty localities are now infected. One hundred and forty deaths from this disease occurred here yesterday.

Military.

OTTAWA, Aug. 24. Prince Edward Island drill will be performed at headquarters, except in cases of field batteries who are compelled to go into camp every year.

A Great Massacre.

CAIRO, Aug. 24. Information has been received here of a great massacre at Berber. The populace are starving and they have seized the City Treasury.

A Total Wreck.

BATH, Me., Aug. 24. The schooner Maggie Walton, of Bath, Me., with a cargo of plaster, is ashore on Wood Island Bar and is a total wreck.

A Feud Reconciled.

LONDON, Aug. 24. The feud between the Davitt and the Parnell sections of the Irish Nationalists has been reconciled.

Anti-German Demonstration

LONDON, Aug. 24. An anti-German demonstration took place here to-day.

Weather Bulletin.

Probabilities for the next 24 hours for the Maritime Provinces.

TORONTO, Aug. 24.—10 a. m. Moderate to fresh westerly winds, fair warm weather, with local showers.

METEOROLOGICAL OFFICE

Charlottetown, August 24, 1885. Highest Temperature Saturday..... 66.3 Lowest do do..... 58.7 Highest Temperature yesterday, (read at midnight)..... 74.8 Lowest Temperature yesterday, (read at midnight)..... 58.1 Lowest Temperature this morning..... 57.9 Temperature this morning, at 8 o'clock..... 65.5 Temperature this afternoon, at 4 o'clock..... 69.8

A VISIT TO THE TRACK.—

A visitor informs the Times that some of the finest horses in the provinces are now in training at the Moncton Driving Park. Some seven in number, their names will be given in another issue. The great match running event of the season, as the readers of the Times know, takes place on Tuesday afternoon, Aug. 25, at 2 o'clock. This race is between the Nova Scotia horse Electrician, and the New Brunswick mare Golden Maxim, for a purse of \$1000 and the championship of the Maritime Provinces. A desperate race may be looked for as both horses are in fine condition and are very free runners. The race will be full mile heats, best 2 in 3. Horsemen will not forget that entries close for the 1st of Sept. races to-night, at 9 o'clock. Entries should be made with the Secretary, Wm. Givan.—Moncton Times.

MR EGAN, the General Superintendent of the Canadian Pacific Railway at Winnipeg,

telegraphed the head office on the 17th inst., that the crops were never better in the history of the Northwest, and that the weather was all that could be desired.

Perhaps the most noblest monument to the memory of Grant will be the projected Cancer Hospital in New York.

It is a sad fact that the disease which will be treated in this institution is not on the decline. In 1875 there were 416 fatal cases in New York, and in 1884 there were 725 cases. Within a decade there have been 6,012 cases in the metropolitan city of the United States. Of these, seventeen were cancer of the tongue, forty-seven cancer of the throat, and eighty-two cancer of the mouth. A couple of years ago no less than 316 victims died of it in Ontario alone.

The Scotch Evangelist in Alberton.

A correspondent of the Patriot writes: "Mr. Vans, the Scotch Evangelist, has just closed a very delightful series of Evangelistic services in this place. Mr. Vans is a native of the city of Glasgow, and has had several years' experience in evangelistic work. The principal elements of his success are his strong faith in God, his intense yearning for the conversion of souls, and his thorough consecration to the glory of his Master. He spent nearly six weeks between Alberton, Bloomfield, Elmsdale and Montrose. The meetings were largely attended and continued to deepen in interest till the last. The closing service was held in Alberton, on Sabbath evening, the 16th. The Presbyterian Church being too small to accommodate the large congregation that was assembled from all the country round, the service was held in the open air. There must have been over 1000 people present. The visit of Mr. Vans to this part of the country has been greatly blessed. Christians have been much revived, and many have professed to be converted to God since the meetings began. We sincerely hope that other places may avail themelves of Mr. Vans' services, and that God may use him very much in advancing his cause on this Island."

Progress of the N. B. and P. E. I. Railway.

A correspondent of the Moncton Times writes (Aug. 20th):—It might be interesting to the public to hear how the N. B. and P. E. I. railroad is progressing. The sleepers and rails are laid as far as Baie Verte, and a freight train is running twice a week, carrying freight and passengers in quantities far beyond the most sanguine expectations of the stockholders. Baie Verte is about midway from Sackville station to Cape Tormentine, and it is the intention of the company to go on with the other half of the road as soon as another engine can be procured. Mr. Fred. C. Harris, in the employ of the company, is now in Boston, and writes that he has got an engine and will be back with it in a few days, when I suppose that portion of the road between Baie Verte and the Cape will be commenced and hurried through. It is believed by persons competent to judge that this road will be a great feeder of the Intercolonial, as it will be the outlet of the entire province of P. E. Island. The local traffic promises well.

The Gould system of railways has managed to get at loggerheads with the Knights of Labor. The executive of this body desired to discuss certain views with Colonel Talmage, the General Manager of the Wabash road, but failing to see the point, he declined their invitation, and they have, in consequence, ordered Knights of Labor to cease work throughout that entire system of roads, which includes the Iron Mountain, Missouri Pacific, Missouri, Kansas and Texas, Texas Pacific and other roads.
