his mother as he said it. His face had the same determination, almost obstinacy, of hers.

"Well," said she.

All that week she hardly seemed like the same woman to him. She pouted and caressed him as she had never done before.

She descended to womanish will to accomplish her ends for the first time in her life. But she had known it, all this had no effect whatever on her son.

He had too much shrewd sense not to see through it, and feel almost an angry contempt for his mother in consequence.

Her health and the fear of injuring her were the only things which moved him. The next Sunday he told her, with lowered shame and bitterness, that he would give up the girl.

He had tried arguing with his mother a little, but found it useless. The girl's mother was her ground of objection, and she stood firm on it, no matter how plainly her unreasonableness was shown to her.

"I'd rather you'd die than marry into such a family, David," she had said once.

So David kept aloof from pretty Almira, and the girl began to fret. She did not conceal her grief from her mother—she was too dependent on her, and she was not that kind of a girl.

When she came home from meeting alone she cried on her mother's shoulder, and many a time the two watched hand in hand by the parlor window for the lover who did not come.

(To be Continued) ABOUT WHAT.

The barbarical name of wheat is Triton Vulpura.

The average yield of wheat in Germany and Italy is about the same; that of the former being 16.2 bushels, and the latter 10.4.

In the province of Ontario, Can., the yield of wheat per acre is 18.2; almost exactly the same as in Tasmania, where it is 18.2.

Wheat costs in Maryland \$15.25 per acre, which must be disbursed by the farmer in labor or capital before his grain can be shipped.

Your business, too, is on the decline. People miss the old elastic spirit you showed in former years.

The secret of all this is that your constitution is worn out and your blood is bad.

A. C. F. R. CONDUCTOR. After Two Years' Illness was Cured by Ten Boxes of Dr. J. H. Hughes' Pills.

PRESOTT (Special) Aug. 24—For a long time much sympathy has been felt and expressed for Mr. Wm. Freeman, a very popular conductor of the C. P. R.

He has rendered units for duty during the past few years by a peculiar and distressing form of kidney disease.

It now transpires, much to the delight of his friends, that he has been enabled to resume his regular trips.

He claims, as the result of using only ten boxes of Dodd's Kidney Pills, that he has entirely recovered, and that he never felt better in his life, and believes that these Pills have cured him to stay cured.

Commercial Travellers. Wm. Golding, commercial traveller, 120 Eglar St., Toronto, says: For fifteen years I suffered untold misery from Itching Piles, sometimes called pin worms.

Many and many weeks have I had to lay off the road from this trouble. I tried eight other pin ointments and so-called remedies with no permanent relief.

CASTORIA for Infants and Children. Mothers, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Picher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive rights to Dr. Picher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proved to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have broken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of Dr. H. P. Picher is on every wrapper.

WHIRR OF THE WHEEL.

The female bicyclists in France are far more numerous than those of the other sex. Any person in France who is injured by an accident resulting from a structural defect in a bicycle can recover damages from the manufacturer.

Miss Remie Londonberry, of Boston, the "round-the-world bicyclist," has declined over 150 offers of marriage. She says she has saved \$1,500. It is the only girl who has wheels who can do that.

Prince Cantacuzene started the bicycle craze among the members of the diplomatic corps in Washington. The prince, who is the Russian minister, astonished the capital when he began to take out his daughter on a wheel.

Bishop Cleveland Cox has a bitter dislike to the riding of bicycles by women. Some one began to speak to him lately of "a lady on a bicycle," but he said impatiently: "Sir, you never saw a lady on a bicycle, and never will."

ANIMAL LIFE. Sir William Turner has compiled a table which shows that a whale of 50 tons weight exerts 145-horse power in swimming 12 miles an hour.

The elephant is commonly supposed to be a slow, clumsy fellow, but when excited or frightened can attain a speed of 20 miles an hour and can keep it up for a half day.

The mole is not blind, as many persons suppose. Its eyes are hardly larger than a pinhead, and is carefully protected from dust and dirt by means of inclosing hairs.

The white rhinoceros has become nearly extinct. There are two stuffed specimens in England and one in the Cape Town museum. It is the largest species of the genus.

Completely Knocked Out. "I was so much run down I had to give up work, and I felt as if life was not worth living," writes Wm. W. Thompson, Zephyr, Ont. "I took Scott's Sarsaparilla and now I feel as if I did my own age."

Scott's Sarsaparilla tones up the entire system, purifies the blood, and eradicates rheumatic and scrofulous poisons. Ask for Scott's and get it.

It is said that many Republican ex-ministers and members of the chamber of deputies have been arrested in Barcelona on the charge of conducting a revolution, and the discovery of an alleged plot to prevent the departure of reinforcements for Cuba.
