

### Special Day At Baptist Church

Sunday was a very special day at the Charlottetown Baptist Church, when the annual "Sunday School Service" was held in the morning and a period of "witness" in the evening.

An especially pleasing feature of the day was the singing of the Maritime Regional Y's Men's quartette composed of Messrs. Vernon Moulton, Bud Palmer and Lorne White of Halifax and W.S. McMurtry of Charlottetown. Members of the Sunday School attended the morning service in a body and gave an inspiring demonstration of singing and scripture memory work under the direction of the superintendent, Mr. R.J. Rupert.

The performance of the pupils, from beginners of 4, to youths of 15 and 16 indicated the quality of the work of the teachers over the past nine months. At the service, 52 members of the main school received award pins for excellent attendance through the year. At the evening service a period of "Witness" was observed when six adult members of the Church gave brief accounts of their Christian experience.

The Pastor, Rev. H.L. Milton, conducted both services preaching an appropriate sermon on the subject: "Responsibilities of a Father" and in the evening on the topic: "It Can Happen To You". Mr. Paul Cudmore, acting organist and director conducted the choir in special numbers and the male quartette mentioned above were heard in several pleasing renditions at each service.

### Church Serves 25 Denominations

SAO PAULO, Brazil Reuters—The congregation of Sao Paulo's fellowship community church is made up of 37 nationalities and 25 Protestant denominations.

Worshiping side by side are Chinese, Arabs, Jews, Indians, Dutch, Czechs, Poles, Armenians, Austrians, Germans, French, English, Scots, Irish, Canadians and Americans. Among them are Presbyterians, Methodists, Baptists, Congregationalists, Lutherans and Evangelists, to mention only a few of the countries and religious groups represented.

"It shows," says 43-year-old Rev. John Hammons, the pastor, "that Protestants can work together, constructively, without sectarianism getting in the way. We have no quarrels.

"The persons who come here are steady, intelligent and adaptable. Most of them are selected carefully by their firms before they are sent to Sao Paulo."

Thirty Christian-minded persons almost 30 years ago founded the "Sunday Morning Club" which was the beginning of the Fellowship Community Church.

### ENDORSE WATER SAFETY WEEK

LT. GOVERNOR PROWSE

PREMIER MATHESON

Water Safety Week is being observed in Prince Edward Island from June 16th to 22nd and in this regard I wish to bring to the attention of our citizens the importance of the Water Safety Services provided by the Canadian Red Cross in our Province.

These services are provided as a measure to reduce the toll of deaths from drowning throughout the Dominion and to also promote a healthful form of exercise and physical development.

Thirteen lives were lost in our Province last year through accidental drownings and it is the aim of the Water Safety Committee to keep 1957 free of such tragic and unnecessary loss of lives.

If but one life will be spared this year through the skills and practices of Water Safety then the program has fully justified itself.

Therefore, I urge the citizens of Prince Edward Island to support this very worthy cause, not only during Water Safety Week, but throughout the year, and in so doing to materially assist in reducing the large toll of deaths from drowning in Prince Edward Island.

(Signed) T.W.L. PROWSE  
Lieutenant Governor of Prince Edward Island

I am happy to endorse the observance of "Water Safety Week" in this Province from June 16th to June 22nd.

The practice of water safety can mean the difference between pleasure and tragedy and the loss of 13 lives in our Province through drowning last year, is stark evidence that some simple safety precaution was overlooked. The tragedy of such accidents is not easily forgotten. Summer months are months of pleasure and a drowning can cast a shadow that lingers for years. This beautiful island and its water is ours to enjoy. Let us then enjoy living by swimming and boating safely.

The Red Cross through its Water Safety Committee is performing a wonderful service in making instructors available to teach our children as well as adults the art of swimming. Let us take advantage of this service by seeing to it that the young are taught to swim and to observe the rules of water safety.

Every effort made by the Red Cross and by citizens of the Province to reduce the tragic loss of lives by accidental drowning should receive our heartfelt support and encouragement.

Yours very truly,  
A. W. MATHESON  
Premier

### Blind Enjoy Entertainment

On Thursday June 13th a group of blind people spent a very enjoyable evening when Mrs. Milton Bell of Milton's Old Spain restaurant played host to the members of the Freindship Club of the Blind of Charlottetown. The beautiful Blue Room of the Old Spain was thrown open to the group which numbered over twenty where all took part in the programme of games, and group singing. Music was provided by Mr. Monty Warren, Miss Violet Dailey, Mr. Russell Jenkins and also by Mr. Vernon Summers, a member of the staff of The Royal Bank who dropped in on the party.

A generous lunch of sandwiches, cake and cookies was provided by the hostess who also took active part in the serving and Mrs. Eddy Acorn and Mrs. Trainer presided over the tea. After refreshments had been served and each one had partaken freely the president of the club Mr. Edgar Dou-

ette extended thanks on behalf of the club for her hospitality. Her reply was a sincere thank you and a promise that the group would again be her guests in the not too distant future. With the singing of the National Anthem the party came to a close.

### London Smog Is Far Worse

VANCOUVER (CP) — Smog in London, England, and smog in Vancouver are not comparable, a London lung specialist said in an interview here.

Dr. Ronald Christie, who headed an investigation into the effects of London smog while a professor of medicine at St. Bartholomew's Hospital, London University, said that Vancouver smog is unlikely to cause chronic bronchial conditions that London smog causes.

"There is no comparison between the smog in London and the smog in Vancouver," he said. "London smog is the result of atmospheric conditions combined

with the smoke belched into it. London smog is clearly harmful and results in many chronic respiratory complaints.

"If atmospheric conditions I have seen in Vancouver... are any indication, I'd say that whether it is injurious to health or not is an open question."

### New President Installed At Rotary Club Luncheon

The ninety-six business and professional men who make up the membership of the Rotary Club of Charlottetown were assigned their duties and responsibilities for the next twelve months by the regular meeting held at the Charlottetown hotel yesterday following the installation of Bob Parent, the newly elected President.

Retiring president Dr. G. C. Fisher called for reports from the Secretary, Roy MacGillivray and the Treasurer, L. D. MacKay, the former indicated a new high in membership with an increase from 91 to 96, notwithstanding a loss of five through death and transfers and the latter reported the funds of the club as substantial.

Nine sub-committees reported under the direction of Bob Parent, six sub-committees under Director Russ Seller and direct reports were submitted by Geo. J. Tweedy, F. J. Storey, Ted Chandler, Ken Parker and Frank Jelks. Enthusiastic acceptance of the various reports indicated the appreciation of the members for the work performed and achievements of the new committees.

The new officers and directors are: R. C. Parent, President, Frank MacKinnon, vice-president, Al. MacLeod, Secretary, Lockery MacKay, Treasurer, Geo. C. Fisher, Immediate Past President, Directors Tom DeBlois, Gerry Hartien, Earle Baker. Appointed Officers are: T.H.B. Somers, Bulletin Editor; Don Milton, Sgt-at-arms. government."

He indicated he will continue on in Parliament as opposition leader and member for Quebec East. He said he had been elected in Quebec East and it was his duty to represent the riding.

Asked whether he had recommended a successor to Mr. Manssey, Mr. St. Laurent said the practice was that retiring prime ministers do not offer advice to the governor-general unless it is sought by the Queen's representative.

**ADVICE NOT NEEDED**

"Under the present conditions, I don't think any advice was needed."

He declined to say whether at any time since the election he considered remaining as prime minister. He told reporters he had announced his decision and would not go beyond that to disclose what he had been thinking about.

He also issued a formal statement which read in part: "Although no party will have a clear majority in the new parliament, the Progressive Conservative party appears to have the largest number of elected members.

"In the circumstances, I reached the conclusion that the proper

### course for me to take was to submit the resignation of the Liberal administration to his excellency the governor-general which I have done today."

Mr. Diefenbaker, who won the Conservative party leadership last December after two previous unsuccessful bids in 1942 and 1948, becomes the first Conservative prime minister since the R. B. Bennett leadership of 1930-35.
