

If there is a history of weak lungs in your family, take Scott's Emulsion.

It nourishes and invigorates.

It enables you to resist the disease. Even if your lungs are already affected, and if besides the cough you have fever and emaciation, there is still a strong probability of a cure.

The oil in the Emulsion feeds; the hypophosphites give power to the nerves; and the glycerine soothes and heals.

See and get it, all druggists. SCOTT & BOWNE, Chemists, Toronto.

For Business Men

Booklets are in Favor.

At the present time small booklets are in great favor. They are produced in the most original styles, lavish use being made of cuts, half tones, new kinds of type headings, and all other accessories to good printing. The mere fact that so many are produced at so high a cost is proof that this form of advertising pays.—Music Trade Review.

Investment not Expense.

Advertising is an investment. Like an investment in bonds or stocks or anything else, it is expected to bring in returns; but like them and all other investments, it is accompanied with some risks. The risk is mostly a matter of judgment in matter, method and medium. Too many advertisers figure advertising as expense, however, and are more interested in getting it down as close as possible, instead of figuring it as investment, and trying to see how much they can get out of it. The advertiser who is anxious to see how much space he can get for a little money is pretty sure to neglect the more important matter of putting the proper things into that space to make it profitable. Not that advertising should not be bought as economically as possible; space should be bought as carefully as anything else. But unlike merchandise, which being well bought is half sold, advertising space may be bought ever so cheap, and yet be next to worthless because its true value is not made use of.—Sacramento (Cal.) Bee.

Babies Placed by Mail.

Probably the most unique mail order business is the doling out of babies. The American Home Finding Association, of Chicago, makes it a business to get track of children that are left overs, and conducts extensive correspondence around the country to place the "kids" in homes. No newspaper advertising is done, but nicely printed circulars showing half-tones of pretty babies, are mailed out in ten thousand lots, mostly to married people who are childless, the names being secured by correspondence with clergymen and others. The printed matter is so attractive and the half-tone cuts so nice that hardly any one needing a baby can resist the temptation of ordering one, especially as no money is asked. The scheme has been in operation some two years, and Mr. Hoover the superintendent, tells us it is a success. The past year the association has by mail placed an average of one baby per working day.—Mail-Order News.

The Pictou Bank.

The winding-up of the Pictou bank, which has been going on for twelve years, is completed. All lawful claims presented against the bank have been paid; but of the capital of the bank, which was \$250,000, no less a sum than \$161,970 has been lost the proportion of 29 1/2 per cent. having been returned to shareholders. The loss of capital was occasioned mainly through misfortunes of persons engaged in shipping, and through the failure of the Logan tannery. The following resolution was passed unanimously by the shareholders of the Pictou Bank at their final meeting in Pictou, N. S., on 5th September, 1899: Resolved, That this final meeting of the shareholders of the Pictou Bank dissolves the said bank and abandons the charter thereof.

Government Supervision.

There is some discussion now as to the wisdom of establishing Government supervision and inspection of the banks in Canada, says a New York financial journal. Judging by our experience in this country (the United States), we should say, that Government Supervision is a broken reed and more provocative of blind faith and blasted hopes than of public advantage.

Our Manners at Table.

How often a good dinner is made less enjoyable by the bad manners of one sitting next you at table. I don't refer to that class of people who have nothing else to do but dress and act nice on all occasions, or what may be called the cultured class of people, but I mean the farmer folks and common working people. Because a man or woman works hard from morn till night is no reason why he or she should not have as good manners as any others. But the fact is, we come in contact with some, especially among those getting up in years, who ignore all rules of this sort and seem to take pride in calling it upishness, and putting on of style in others, while they never seem to think or care that their noise in eating or drinking is very disagreeable, even annoying, to others. We may excuse an old person for putting his knife in the mouth, and then helping himself to butter with it, though I fail to see why even an old person cannot see that such practices are not agreeable to others at the same table. I don't believe in too much ceremony and style for plain people, yet even the plainest of us can have manners that are simple and at the same time good. But while we overlook such faults in the older people, there is no excuse for the young folks. Self respect, and consideration for others, ought to make them quick to learn. In the case of young children, the parents are responsible, more especially the mother, if she allows them to do as they please, eating and drinking like little pigs. She is committing an offence against others, and an injury to the child. Home is the place for a child to be trained in all these little things. If the child is allowed to eat with the knife nearly down its throat, smacks the lips, helps itself to what suits, it's no wonder if such habits cling after it has outgrown knee pants.

Nerves...

Wasted and Shattered by Worry or Overwork are Revitalized by Dr. A. W. Chase's Nerve Food

"Nerves"—what a world of meaning this word has to scores of thousands of women who, through the strains of social life and the worry of home cares, are fast approaching the grave.

Nervous headaches, dyspepsia, irritability by day, restlessness and sleeplessness by night. Pains and aches in the body, derangements of the organs peculiarly feminine, loss of energy and ambition, despondency and despair.

These are some of the symptoms known to the woman of exhausted nerves. These are symptoms which entirely disappear when Dr. A. W. Chase's Nerve Food is used.

By creating new, rich blood and nerve tissue this great food cure of Dr. A. W. Chase restores and revitalizes the wasted nerve cells, puts new vigor and vitality into the system and frees woman of many ills which are due to exhausted nerves.

Dr. A. W. Chase's Nerve Food cures by the building-up process, which makes the body round and plump, and restores the glow of health to the pale, sallow cheek.

PAID HIS CLAIM.

Robert Bond Cured by Dodd's Kidney Pills After Being Given up by Insurance Co.

Mt. Brydges, Sept 11.—Robert Bond, of this place, is famous as the man who was allowed Total Disability by the Provincial Provident, of St. Thomas, and who subsequently recovered owing to his use of Dodd's Kidney Pills. He suffered from Bright's Disease and was given up by the doctors. The Insurance Company paid him the full amount of his claim, \$600. Mr. Bond then learned of the only and infallible cure for Bright's Disease, Dodd's Kidney Pills, used them to the extent of twenty boxes and is well today.

A recent letter to an inquirer reads: Mt. Brydges, June 12th, 1899.

Dear Sir—In answer to yours of the 22nd ult., I would say that my cure by Dodd's Kidney Pills was entirely satisfactory and I recommend them most heartily.

Yours truly, ROBERT BOND.

Weary of Experimenting

With salves, suppositories and ointments and dreading a surgical operation, scores and hundreds have turned to Dr. A. W. Chase's ointment and found it an absolute cure for the terrible itching, and it is very seldom that more than one box is required to effect a permanent cure.

Rheumatism Can't Exist

When the kidneys are kept healthy and vigorous by the use of A. W. Chase's Kidney-Liver Pills. It is Uric Acid left in the blood by defective kidneys that causes rheumatism. Dr. A. W. Chase's Kidney-Liver Pills make the kidneys strong and active in their work of filtering the blood, and this removes the cause of rheumatism. One pill a dose, 25 cents a box.
