WORK OF TERRORISTS IN FRANCE

Black smoke billows from blazing oil tanks at the Mourepiane fuel tank farm near Marseille, France, Tuesday. Firemen make futile effort to check the oil depot fire, touched off by Algerian terrorists. One tank is collapsed at right. Earth barricades were thrown up around the tank farm in effort to check the fire. Firemen could do little but let the flaming oil and gasoline burn out. (AP Wirephoto via radio from Paris).

DAILY MARKET QUOTATIONS

SUMMARY

By THE CANADIAN PRESS

Toronto: Market down; trading moderate.

New York: Stocks lower; steels decline.

Montreal: Prices mixed; moderate trading.

CURRENCIES

MONTREAL (CP) — The U.S. dollar closed Thursday at a discount of 2⅞ per cent in terms of Canadaian funds, up 3-32. Pound sterling $2.72 1-16, up 3-16.

TORONTO

TORONTO (CP) — The stock market reversed its upward trend of the last two sessions Thursday sliding down amid profit - taking in moderately-active trading.

Western oils were the big losers off more than 1¼ points, their shaprest single session drop in almost three weeks. Golds were a few decimal points off.

Senior mines with copper interests generally were weaker following an announced ½ cents a pound cut in the custom smelter price of copper in New York.

Noranda dipped ½ at 45½ while Falconbridge and Hudson Bay each were off ¼.

Golds eased as juniors lost in a five-cent range. Hollinger added ¼ but Kerr-Addison was off ⅛. Most seniors were unchanged.

Western oils slid back after two sessions of gains. Profit - taking affected the seniors with Hudson's Bay and Home Oil B each off ⅜ and Pembina ¼. Pacific Pete was down ⅛ at 19¼.

Index losses: golds .13 to 83.80; base metals .69 to 163.98; western oils 1.30 to 136.76.

MONTREAL

MONTREAL (CP) — Prices were mixed in a generally fractional range at the close of moderate trading on the Montreal and Canadian stock exchanges Thursday.

The mixed tendency was general across the boards.

Utilities saw a one-point gain by International Utilities at 28¼ and a loss of one by Jamaica at 55.

International Paper at 104, a gain of ¾, and Price, up ⅝ at 42⅝, stood out among small losses in the paper section.

General Dynamics dropped ⅞ to 58⅛. Laurentide Acceptance was up 1⅝ at 13½.

International Nickel dropped 2¼ to 80¼ and Imperial Oil at 45 was off one. CPR slipped ⅝ to 27⅛.

Campbell Chibougamau dipped 20 cents to 5.70 and Northspan was up 35 cents at 3.10.

Penny changes stayed in a narrow range. New Hosco went down 11 cents to 1.59.

The closing indexes show banks off 0.07 at 53.10, utilities up 0.4 at 144.5, industrials off 0.3 at 277.9, combined off 0l1 at 233.4, papers up 1.5 at a new high of 412.9 and golds off 0.42 at 72.78.

NEW YORK

NEW YORK (AP) — Enough pre-Labor Day jitters hit the stock market Thursday to bring about a fair-sized decline.

Steels led the way in the downturn and coppers, depressed by lower prices at the custom smelter level and the copper scrap market, also helped.

The AP 60-stock average dropped $1 to $184.20.

National Steel, off 1, was the most active in its group, boosted by an initial block of 27,500 shares. U.S. Steel, next in the list, lost 1⅜. Bethlehem dropped ⅝ and Youngstown Sheet 1¼.

McIntyre Porcupine led the Canadian list with a gain of 1⅛. International Nickel was off 1⅝ and Aluminium Ltd. dropped ⅜.

Among Canadian issues on the American exchange Shawinigan was off ⅝ and Preston East Dome 3-16. Fargo Oil added 1-16.

PC's Charge Smallwood With Abrupt About-Face

By IAN MACDONALD
Canadian Press Staff Writer

ST. JOHN'S, Nfld. (CP) — The Progressive Conservative Association of Newfoundland Tuesday accused Premier Smallwood of an abrupt about-face in his attitude towards Conservative members of Parliament.

Mr. Smallwood Monday called on Newfoundland's federal minister without portfolio, W. J. Browne, and Progressive Conservative member James McGrath to support the province's case for more money under the terms of union, along with the province's five Liberal MPs.

The terms which took Newfoundland into Confederation paved the way for the formation of the McNair royal commission which recommended an additional $8,000,000 in financial assistance from the federal government. Newfoundland asked for $150,000,000 to keep services at their present level.

Prime Minister Diefenbaker "has wisely and generously decided not to accept the recommendations without further careful study on his part and on the part of his collagues," Mr. Smallwood said.

The premier referred to Mr. Browne as "a staunch defender and champion of Newfoundland's best interests, regardless of who may be premier." Mr. Browne established himself as the premier's strongest critic while a member of the provincial legislature.

Premier Smallwood said he also "looks to" Mr. McGrath and the five Liberal members of Parliament "to support Newfoundland's case through thick and thin, absolutely regardless of party label or any other consideration."

The PC association Tuesday accused the premier of "not serving the best interests of the Newfoundland people when last March he conducted the most energetic campaign of his career, warning Newfoundland to stay outside the Conservative camp, no matter what happened elsewhere in Canada."

"Once the recommendations of the royal commission were made public, the premier lost no time in trying to place upon the Conservative federal government the onus of responsibility for increasing the grant," an association statement said, adding he failed to mention that this commission was appointed, not by a Conservative government, but by the Liberal administration of Louis St. Laurent.

"In February, 1958, the premier confidently postponed bringing down the provincial budget so that he could count on the expected award from the commission."

The association also noted dissention among members of the provincial cabinet. "Whereas the premier loudly applauds deferment of the McNair reward his own finance minister is quoted publically as being disappointed by the federal government's action."

AMONG THE FARMERS

Federation of Agriculture Newsletter

CLOVER SEED PROSPECTS

This year there are some really fine fields of second crop clover and indications are that there is a better than average set of seed.

Any farmer who has a crop of this kind can tell whether it contains seed or not by using a sharp pen knife or razor blade to slice the head on an angle, this will reveal the presence or absence of seed. With combines it is now possible to do a pretty good job of harvesting clover seed and there could well be some extra money in those clover fields.

FARM FORUM TOPICS

Farm Forum topics have now been released for the coming season and it will be noted that provision has been made for three regional topics. This means that the Maritime Provinces as an example will pick these topics and will be responsible for the study material associated with them. The January series is devoted entirely to consideration of, "vertical Integration." The list of topics with their dates are as follows:

Series 1:— Nov. 3—What Price Freedom; Nov. 10 — Regional Broadcast; Nov. 17 — Performance or Personality . . . for which the Championship Ribbon?

Series II: Dec. 1 — Can Production Costs, be measured, Dec. 8 — Management Ability . . . a special requirement? Dec. 15 — Equality for Women . . . do they want it?

Series III: **VERTICAL INTEGRATION:** Jan. 5. — Who Controls the Product?; Jan. 12 — Who Writes the Contract?; Jan. 19 — Who will Hold the Reins?.

Series IV: Feb. 2 — Modern Teaching Methods; Feb. 9 — Regional Broadcast; Feb. 16 — Supervised Credit.

Series V: Mar. 2. — Labour and the Farmer; Mar. 9 — Regional Broadcast; Mar. 16 — Immigration and Emigration.

4-H RALLIES

An innovation this year in 4-H club activities has been the rallies held in each county. Club members and leaders together with the officials involved deserve a great deal of credit for the success of these county features. Only those who attended can realize what a real force the 4-H clubs are in the developing of good citizens. The young people are any country's greatest asset and the country which neglects their development is pursuing a short policy indeed.

There are many aspects to 4-H club work but personality development and citizenship training are among the most important.

CASH INCOME

In this province cash income from the sale of farm products during the past 25 years has ranged all the way from a low of slightly over 3½ million dollars in 1932 to a high of nearly 32 million in 1952. For the past 5 years the figure has been in the vicinity of 25 million of which over 15 million has been made up of livestock and livestock products.

1952 was not only the big year in total but was also the big one in potatoes with almost 14 million dollars worth being sold. Since that year the crop has been worth on the average about 7 million per year which is also exactly the value of the 1957 crop. 1948 was the first year gross cash income from farm products exceeded 20 million dollars in this province and since that year the figure has never been below that amount.

INCOME IN KIND

To be added to cash income on the farm are various other items which are produced and used at home; vegetables, milk, eggs, meat, wood, house - rent etc. fall in this category and in total in at the present time amount to roughly 4 million dollars per year. The least valuation put on these items was in 1932 with slightly over 2¼ million. Next week we will have something to say about the cost of producing all this income.

Surpluses are Permanent. So say the Food and Agriculture Organization's Committee on Commodity Problems. Meeting in Rome, the Committee said it recognized that from now on the problem of surpluses should be considered as a permanent characteristic of the world farm economy. The traditional form of international commerce has been substantially modified by surplus terms, said the delegates.

COMMODITY OUTLOOK

The situation grave. . .the outlook dark.

That's the view for world farm trade as reported by the Committee on Commodity Problems of the Food and Agriculture Organization. The Committee delegates, meeting in Rome, expressed serious concern at the deterioration of the world agricultural economy. They blamed accumulation of surpluses, contraction of international markets, the fall of world prices for most products and the slowing down of general economic activity. The delegates also declared that the chronic presence of surpluses has spread to new products and additional countries.

PREPARE FOR 1959. . . . .

Directly farmers will be laying the foundation for next years croping operation when they head for the field with the plow. No longer is this operation a matter of following three good horses and a gang-plow. Today the tractor does the job much more quickly although with considerable less romance. Plowing with horses was an orderly sort of a job and one which could be very pleasnat indeed on fine fall days.

LOCAL FAIRS

This is the time of year when a local exhibition holds the center of the stage. Ths is only proper as the small fair is probably more closely related to agriculture than its greatly expanded cousins with ther imported features and professional touches. The promoters of a small fair carry a great deal of responsibility and merit the thanks of the visitors who spend a pleasant and of the exhibitors who have had an opportunity to display their wares.

Will Boycott Repair Work

HALIFAX (CP)—Halifax shipyard workers will refuse to do any work on eight Canadian National Steamships freighters recently sold to Cuban interests, Murray Lowe, business agent for the Industrial Union of Marine and Shipbuilding Workers (CLC) here, said Friday.

The local union would stand by the decision of Canadian Labor Congress heads to boycott the ships.

CLC President Claude Jodoin said in Ottawa Thursday night the government's sale of the ships "has in no way changed the position of the congress regarding the fleet as legally strikebound."

The ships have been idle since last summer, when members of the Seafarers International Union (CLC) struck for higher wages.

Mr. Lowe said the shipyard union will continue to protest sale of the ships to foreign owners.

Representatives of the Cuban purchasers are said to have sought to have Halifax shipyards check over the eight vessels before they sail for Cuba.

NOTICE OF SALE BY SHERIFF

Pursuant to and by virtue of a Writ of Execution to me directed and issued out of the County Court of Prince County at the Second Circuit of the said Court on the 5th day of August A.D. 1958 in an action wherein The Trustees of School District No. 119 (Alberton) in Prince County are Plaintiffs and the Estate of Anne Burke is Defendant which said execution is marked to levy for the sum of $138.33 being the amount of school taxes and costs, which said amount remains unpaid.

I hereby give Public Notice that on Wednesday the 17th day of September A.D. 1958 at the hour of twelve o'clock noon in front of the Court House in Alberton in Prince County in Prince Edward Island I will set up and sell by public auction to the highest bidder the lands and premises hereinafter described being ALL THAT TRACT OR PARCEL of land situate lying and being at Alberton in Lot 4 in Prince County in Prince Edward Island, bounded and described as follows, that is to say: COMMENCING at a point on the East side of Main Street at the Southwest angle of lands of A. C. Green; thence East along A. C. Green's South boundary line a distance of 270 feet or to the West side of Dufferin Street; thence at right angles South along the West side of Dufferin Street a distance of 86 feet; or to the Northeast angle of lands of Emily O'Connor; thence at right angles West along the North boundary line of said Emily O'Connor's land a distance of 270 feet or to Main Street aforesaid; thence North along the East side of Main Street a distance of 86 feet or to the point or place of commencement.

DATED this 6th day of August A.D. 1958.

W. A. GORDON,
Sheriff of Prince County.

NOTICE

Plan Port Aux Basques Test Runs Next Week

MONCTON (CP)—The CNR announced Friday night the ferry William Carson will begin test runs Tuesday into Port aux Basques, Nfld., the port she was built for in 1955 but was unable to use.

E. J. Cooke, manager and general superintendent of the CNR's Newfoundland district, made the announcement here.

The Carson, built for a Cabot Strait run between North Sydney, been using Argentia as her N.S. and Port aux Basques, has Newfoundland terminal. Built to carry cars and passengers, she has been used only to transport freight since going to service in August, 1955.

Mr. Cooke said that although work on Port aux Basques harbor is not expected to be finished until spring "there is reason to believe that it is sufficiently advanced to permit operation of the William Carson into the harbor on a more-or-less regular basis."

Test runs — probably lasting several days—would begin Tuesday. "'If they are successful, it is probable that the ship will commence regular service between North Sydney and Port aux Basques around Oct. 1" Mr. Cooke said.

INFORMATION FOR EMPLOYERS

REGISTRATION: Immediately upon becoming an employer under the Act it is required that such employer register with the Board and file an estimate of his pay roll for the current year. This is necessary whether the workmen are paid a stated wage, or by piece work, or on any basis by which they are remunerated for their labor under a contract of service.

As soon as an employer undertakes any operation under the Act he is required, without request, to report to the Board and submit an estimate of payroll. Personal coverage is available for the employer himself upon request.

The responsibility of protecting his workmen lies with the employer and heavy penalties will be levied upon any employer who carries on operations and fails to report to this Board.

The Workmen's Compensation Board,
123 Euston Street,
Charlottetown, P. E. I.

INFORMATION FOR WORKMEN

Workmen engaged in Industries within the Scope of this Act are entitled to protection with respect to personal injury by accident arising out of and in the course of their employment.

It is therefore, important that workmen know whether or not their Employer is registered with this Board thus insuring prompt handling of their claims should they be injured while in the course of their employment. For information and advice: —Write—

The Workmen's Compensation Board,
123 Euston Street,
Charlottetown, P. E. I.
